India To Showcase Best Practices For Waste Management During Mahakumbh At Circular Economy Meet In Jaipur

India will present its effective waste management practices from the Mahakumbh at the upcoming 'Regional 3R and Circular Economy Forum in Asia and the Pacific' in Jaipur. Housing and urban affairs minister Manohar Lal Khattar noted the religious congregation's efficient waste management plan involving 25,000 personnel. The conference will discuss 'waste to wealth' and boosting circular economy.

NEW DELHI: India will showcase best practices for waste management adopted during the Mahakumbh at the 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur next week, housing and urban affairs minister Manohar Lal Khattar said Monday.

Officials said the findings of Stanford University will be presented at the meeting which will see participation of 25 other countries as well.

"We will definitely showcase the best practice of waste management at the Mahakumbh before the world," the minister said in response to a question while addressing media persons, on the regional event. The Mahakumbh is the world's largest event and people have praised the waste management plan being implemented there, he added.

Khattar said the religious congregation is being held in an area spread over 4,000 hectares, which is large enough to accommodate a city. As many as 25,000 people have been deployed at the Mahakumbh for waste management, he added.

The 45-day religious congregation at Prayagraj in Uttar Pradesh on January 13 and culminates on February 26. Over 60 crore people have taken a holy dip in the Triveni Sangam since it started, according to authorities.

On the regional conference, Khattar said the participants will discuss the matters revolving around "waste to wealth" to boost circular economy. This is the second time India will host the conference.

India to host 12th Regional Circular Economy conference in Jaipur

The event will centre on the theme of “Realizing Circular Societies Towards Achieving Sustainable Development Goals (SDG) and Carbon Neutrality in Asia-Pacific”, says Union Minister Manohar Lal Khattar

Published – February 25, 2025 02:47 am IST – New Delhi

THE HINDU BUREAU

India will host the 12th regional 3R (reduce, reuse, recycle) and Circular Economy Conference in Asia and the Pacific in Jaipur from March 3-5, Union Urban Affairs Minister Manohar Lal Khattar announced in New Delhi on Monday (February 24, 2025).

The event will centre on the theme of “Realizing Circular Societies Towards Achieving Sustainable Development Goals (SDG) and Carbon Neutrality in Asia-Pacific”, he said at a press conference here.

Over 500 international and domestic participants are expected to attend the three-day conference next month, packed with plenary sessions, country-specific discussions and theme-based round-tables. The delegates will also be able to undertake technical field visits to the solid and liquid waste management facilities and key heritage sites in Jaipur.

A dedicated 'India Pavilion' will showcase India's initiatives and achievements in the 3R and circular economy domain featuring exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

"India will showcase the best practice for waste management adopted during the Maha Kumbh at forum", Mr. Khattar said.

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning.

The conference will conclude with the adoption of the 'Jaipur Declaration' to enable the transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country.

Launched by the United Nations Centre for Regional Development (UNCRD) in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for main-streaming 3R and circularity and serve as a platform for disseminating and sharing best practices in the stream.

The last Forum was hosted in 2023 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

India will host the 12th Regional 3R and [Circular Economy Forum](#) in Asia and the Pacific. The Forum will take place at the [Rajasthan International Centre](#) in Jaipur on 3-5 March 2025.

The event will centre on the theme of "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in [Asia-Pacific](#)," said Union Minister [Manohar Lal Khattar](#) at the Curtain

Raiser event organised on Monday in New Delhi as a precursor to the main Forum.

Khattar also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities. He also informed that the delegates will also have an opportunity to undertake technical field visits to the solid and liquid [waste management](#) facilities and visit key heritage sites in Jaipur.

A dedicated 'India Pavilion' will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development. It will also serve as a hub for interactive knowledge-sharing, with sessions such as the 'Ministers & Ambassadors Roundtable Dialogue,' 'Mayors' Dialogue,' 'Policy Dialogue' and the signing of agreements under the CITIIS 2.0 program. Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA).

The Forum will host an international '3R trade and technology exhibition,' providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and [3R principles](#) while encouraging cross-learning. Khattar informed that 'Waste-to-wealth initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum promoting sustainability-driven entrepreneurship and community engagement.

Union Minister informed that the 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country. The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programs, which enable a shift from a linear 'take-make-dispose' economy to a circular economy. It is a voluntary and legally non-binding agreement.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R. The last Forum was hosted in 2023 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

New Delhi: India will showcase the best practice for waste management adopted during the Maha Kumbh at the 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur, Housing and Urban Affairs Minister Manohar Lal Khattar said Monday.

At a press conference, he said 25 countries and 500 delegates will participate in the three-day event starting from March 3.

The Maha Kumbh is the world's largest event and people are praising the best practices of waste management being implemented there, the Union minister said.

The 45-day religious congregation, which began in Uttar Pradesh's Prayagraj on January 13, culminates on February 26. Over 60 crore people have taken a holy dip in the Triveni Sangam since it started, according to data from the Uttar Pradesh government.

The Union minister said the religious congregation is being held on 4,000 hectares of land, an area large enough to accommodate a city. As many as 25,000 people have been deployed at the Maha Kumbh for waste management, Khattar said.

He also said people are praising the authorities for maintaining cleanliness, with the Maha Kumbh now serving as the best example of cleanliness.

"We will definitely showcase the best practice of waste management at the Maha Kumbh before the world," the Union minister said in response to a question at the press conference.

Talking about the 12th 'Regional 3R and Circular Economy Forum in Asia and the Pacific', he said the participants will discuss the "waste to wealth" issue to boost the circular economy.

This is the second time India will host the 'Regional 3R and Circular Economy Forum in Asia and the Pacific', Khattar said, adding the mega event is being held by the United Nations Centre for Regional Development, Japan and the Union Housing and Urban Affairs Ministry.

The objective of the forum is to chart pathways and opportunities for realizing circular and zero-waste societies in the Asia-Pacific region.

India to host 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur

New Delhi [India], February 24 (ANI): India will host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, the Ministry of Housing and Urban Affairs said on Monday.

The Forum will take place at the Rajasthan International Centre in Jaipur on March 3-5.

The event will centre on the theme of "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific," said Union Minister Manohar Lal at the Curtain Raiser event organized today at the National Media Centre in the national capital as a precursor to the main Forum.

The Union Minister also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities.

He also informed that the delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

A dedicated 'India Pavilion' will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain, the release added. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

It will also serve as a hub for interactive knowledge-sharing, with sessions such as the 'Ministers & Ambassadors Roundtable Dialogue,' 'Mayors' Dialogue,' 'Policy Dialogue' and the signing of agreements under the CITIIS 2.0 program.

Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA).

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning.

Union Minister Manohar Lal informed that 'Waste-to-wealth initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum promoting sustainability-driven entrepreneurship and community engagement.

Lal informed that the 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country.

The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programs, which enable a shift from a linear 'take-make-dispose' economy to a circular economy. It is a voluntary and legally non-binding agreement.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R.

The last Forum was hosted in 2023 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

The 12th Regional Forum is being spearheaded by the Swachh Bharat Mission- Urban of the Ministry of Housing and Urban Affairs in collaboration with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSGD, and UNDESA, with support from the Government of Rajasthan.

This Forum, focused on the Asia-Pacific region, aims to guide member-countries in shaping policies and actions on 3R and the circular economy in the coming years.

With participation expected from 38 invited member countries, 15-line ministries of the Government of India, almost all States/UTs, over 60 cities, more than 40 start-ups and businesses, and around 120 speakers across 3 days, this Forum will serve as a platform for policy discussions, collaboration and knowledge exchange. By fostering these partnerships, it will accelerate progress towards a circular economy and the achievement of the Sustainable Development Goals (SDGs). (ANI)

India to host 12th Regional 3R and Circular Economy Forum in Asia and Pacific in Jaipur

India to host 12th Regional 3R and Circular Economy Forum in Asia and Pacific in Jaipur

PIONEER NEWS SERVICE ■
NEW DELHI

Union Minister Manohar Lal on Monday said India will host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific at Jaipur on March 3 to 5. He also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities.

"A dedicated 'India Pavilion' will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sus-

tainable development. It will also serve as a hub for interactive knowledge-sharing, with sessions such as the 'Ministers & Ambassadors Roundtable Dialogue,' 'Mayors' Dialogue,' 'Policy Dialogue' and the signing of agreements under the CITIIS 2.0 program. Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA).

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning. Union Minister Shri Manohar Lal informed that

"Waste-to-wealth initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum promoting sustainability-driven entrepreneurship and community engagement," said Ministry of Housing and Urban Affairs in a statement.

Minister said that the 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country. The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programs, which enable a shift from a linear 'take-make-dispose' economy to a circular economy.

sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities.

He further said that the delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

"A dedicated 'India Pavilion' will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development," he said.

Three-day circular economy meet In Jaipur from March 3

Three-day circular economy meet in Jaipur from March 3

HOUSING AND URBAN affairs minister Manohar Lal Khattar on Monday said 25

countries and 500 delegates will participate in the three-day 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur from March 3. India will showcase the best practice of waste management adopted at the ongoing Maha Kumbh at the forum, he said.

'India will host Asia Pacific forum in Raj'

New Delhi: Union minister Manohar Lal Khattar on Monday said India will host the three-day "12th Regional 3R and Circular Economy Forum in Asia and the Pacific" in Jaipur from March with the theme of "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific". Launched by United Nations Centre for Regional Development (UNCRD) in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R. The last forum was hosted in 2023 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

India to host 12th Regional 3R and Circular Economy Forum in Asia and the Pacific

India to host 12th Regional 3R and Circular Economy Forum in Asia and the Pacific

New Delhi, Feb 24: India will host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, the Ministry of Housing and Urban Affairs said on Monday.

The Forum will take place at the Rajasthan International Centre in Jaipur on March 3-5.

The event will centre on the theme of "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia Pacific," said Union Minister Mansukh Lal at the Curtain Raiser event organised today at the National Media Centre in the national capital as a precursor to the main Forum.

The Union Minister also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge sharing and networking opportunities.

He also informed that the delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

A dedicated India Pavilion will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain, the release added. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

It will also serve as a hub for interactive knowledge sharing, with sessions such as the 'Ministers & Ambassadors Roundtable Dialogue,' 'Mayors Dialogue,' 'Policy Dialogue' and the signing of agreements under the CITUS 2.0 program.

Multiple launches of knowledge materials will take place

at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA).

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning.

Union Minister Mansukh Lal informed that Waste-to-wealth initiatives by NGOs and Self-help Groups across India will also be showcased in the Forum promoting sustainability-driven entrepreneurship and community engagement.

Lal informed that the 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country.

The Jaipur Declaration (2023-25) builds upon the Hanoi Declaration (2013-20) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programs, which enable a shift from a linear 'take-make-dispose' economy to a circular economy. It is a voluntary and legally non-binding agreement.

Launched by UNCRD in 2008, the Regional 3R and Circular Economy Forum aims to provide

strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R.

The last Forum was hosted in 2013 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Jaipur.

The 12th Regional Forum is being spearheaded by the Swachh Bharat Mission-Urban of the Ministry of Housing and Urban Affairs in collaboration with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSBG, and UN-DESA, with support from the Government of Rajasthan.

This Forum, focused on the Asia-Pacific region, aims to guide member-countries in shaping policies and actions on 3R and the circular economy in the coming years.

With participation expected from 38 invited member countries, 15 line ministries of the Government of India, almost all States/UTs, over 60 cities, more than 40 start-ups and businesses, and around 130 speakers across 3 days, this Forum will serve as a platform for policy discussions, collaboration and knowledge exchange. By fostering these partnerships, it will accelerate progress towards a circular economy and the achievement of the Sustainable Development Goals (SDGs). / ANI

भारत 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी करने को तैयार, जयपुर में होगा कार्य

साइबरस्टाडल

भारत एक सोच

India host 12th Regional 3R and Circular Economy Forum in Asia: फोरम एक अंतर्राष्ट्रीय '3आर व्यापार और प्रौद्योगिकी प्रदर्शनी' की मेजबानी करेगा, जो 40 से अधिक भारतीय और जापानी व्यवसायों को प्रदर्शित करने के लिए एक मंच प्रदान करेगा।

India host 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur: भारत एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी करेगा। फोरम का आयोजन 3-5 मार्च को जयपुर के राजस्थान अंतर्राष्ट्रीय केंद्र में होगा। यह आयोजन "एशिया-प्रशांत क्षेत्र में सतत विकास लक्ष्यों और कार्बन तटस्थता को प्राप्त करने की दिशा में सर्कुलर समाजों को साकार करने" की थीम पर फोकस होगा। केंद्रीय मंत्री मनोहर लाल ने आज राष्ट्रीय मीडिया केंद्र, नई दिल्ली में कर्तन रेजर कार्यक्रम में इस बात की जानकारी दी।

500 से अधिक अंतर्राष्ट्रीय और घरेलू प्रतिभागियों के भाग लेने की उम्मीद

केंद्रीय मंत्री ने यह भी बताया कि तीन दिवसीय इस सम्मेलन में 500 से अधिक अंतर्राष्ट्रीय और घरेलू प्रतिभागियों के भाग लेने की उम्मीद है, जिसमें पूर्ण सत्र, देश-विशिष्ट चर्चाएं, थीम-आधारित गोलमेज सम्मेलन, साथ ही ज्ञान-साझाकरण और नेटवर्किंग के अवसर शामिल होंगे। उन्होंने कहा कि प्रतिनिधियों को जयपुर में ठोस और तरल अपशिष्ट प्रबंधन सुविधाओं का तकनीकी क्षेत्र दौरा करने और प्रमुख विरासत स्थलों का दौरा करने का अवसर भी मिलेगा।

100 से अधिक सर्वोत्तम प्रथाओं का संग्रह है शामिल

केंद्रीय मंत्री ने कहा कि कार्यक्रम में एक समर्पित 'इंडिया पैवेलियन' 3आर और सर्कुलर इकोनॉमी डोमेन में भारत की उल्लेखनीय पहलों और उपलब्धियों को प्रदर्शित करेगा। इस पैवेलियन में प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की प्रदर्शनीयां होंगी, जो सतत विकास के लिए भारत के समग्र सरकारी दृष्टिकोण को दर्शाती हैं। यह मंत्रियों और राजदूतों की गोलमेज चर्चा, 'मेयरों की चर्चा', 'नीति चर्चा' और CITAIS 2.0 कार्यक्रम के तहत समझौतों पर हस्ताक्षर जैसे सत्रों के साथ इंटरैक्टिव ज्ञान-साझाकरण के लिए एक केंद्र के रूप में भी काम करेगा। फोरम में ज्ञान उत्पादों के कई लॉन्च होंगे, जिसमें राष्ट्रीय शहरी मामलों के संस्थान (NIUA) द्वारा एक साथ रखे गए 100 से अधिक सर्वोत्तम प्रथाओं का संग्रह शामिल है।

गैर सरकारी संगठनों और स्वयं सहायता समूहों द्वारा कचरे से संपत्ति बनाने की पहल

फोरम एक अंतर्राष्ट्रीय '3आर व्यापार और प्रौद्योगिकी प्रदर्शनी' की मेजबानी करेगा, जो 40 से अधिक भारतीय और जापानी व्यवसायों और स्टार्ट-अप को सर्वोत्तम प्रथाओं विचारों और समाधानों को प्रदर्शित करने के लिए एक मंच प्रदान करेगा, जो क्रॉस-लर्निंग को प्रोत्साहित करते हुए सर्कुलरिटी और 3आर सिद्धांतों का समर्थन करते हैं। केंद्रीय मंत्री ने बताया कि फोरम में भारत भर के गैर सरकारी संगठनों और स्वयं सहायता समूहों द्वारा कचरे से संपत्ति बनाने की पहल को भी प्रदर्शित किया जाएगा जो स्थिरता-संचालित उद्यमिता और सामुदायिक जुड़ाव को बढ़ावा देगा।

3आर और परिपत्र अर्थव्यवस्था नीतियों और कार्यक्रमों को विकसित करने के लिए रूपरेखा प्रदान होगी

केंद्रीय मंत्री ने बताया कि 12वें फोरम का समापन एशिया-प्रशांत देशों में संसाधन-कुशल, परिपत्र अर्थव्यवस्था में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणा' को अपनाने के साथ होगा और इसे अगले मेजबान देश को सौंप दिया जाएगा। जयपुर घोषणा (2025-34) हनोई घोषणा (2013-23) पर आधारित है और इसका उद्देश्य भाग लेने वाले देशों को 3आर और परिपत्र अर्थव्यवस्था नीतियों और कार्यक्रमों को विकसित करने के लिए एक रूपरेखा प्रदान करना है, जो एक रेखिक 'ले-बनाए-निपटान' अर्थव्यवस्था से परिपत्र अर्थव्यवस्था में बदलाव को सक्षम बनाता है। यह एक स्वेच्छिक और कानूनी रूप से गैर-बाध्यकारी समझौता है।

8वां संस्करण इंदौर में आयोजित किया गया था।

2009 में यूएनसीआरडी द्वारा शुरू किए गए क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का उद्देश्य एशिया-प्रशांत क्षेत्र में सरकारी अधिकारियों को 3आर (कम करना, पुनः उपयोग करना, पुनर्वर्णन करना) और सर्कुलरिटी को मुख्यधारा में लाने के लिए रणनीतिक नीति इनपुट प्रदान करना और 3आर में सर्वोत्तम प्रथाओं को प्रसारित करने और साझा करने के लिए एक मंच के रूप में कार्य करना है। पिछला फोरम 2023 में कंबोडिया द्वारा आयोजित किया गया था। भारत ने इससे पहले 2018 में फोरम की मेजबानी की थी जब 8वां संस्करण इंदौर में आयोजित किया गया था।

यह फोरम नीतिगत चर्चाओं, सहयोग और ज्ञान के आदान-प्रदान के लिए एक मंच

12वें क्षेत्रीय फोरम का नेतृत्व आवास और शहरी मामलों के मंत्रालय के स्वच्छ भारत मिशन-शहरी द्वारा जापान के पर्यावरण मंत्रालय, यूएन ईएससीएपी, यूएनसीआरडी, यूएनडीएसडीजी और यूएनडीईएसए के सहयोग से राजस्थान सरकार के समर्थन से किया जा रहा है। एशिया-प्रशांत क्षेत्र पर केंद्रित इस फोरम का उद्देश्य आने वाले वर्षों में 3आर और सर्कुलर इकोनॉमी पर नीतियों और कार्यों को आकार देने में सदस्य देशों का मार्गदर्शन करना है। 38 आमंत्रित सदस्य देशों, भारत सरकार के 15-लाइन मंत्रालयों, लगभग सभी राज्यों/केंद्र शासित प्रदेशों, 60 से अधिक शहरों, 40 से अधिक स्टार्ट-अप और व्यवसायों तथा 3 दिनों में लगभग 120 वक्ताओं की भागीदारी के साथ, यह फोरम नीतिगत चर्चाओं, सहयोग और ज्ञान के आदान-प्रदान के लिए एक मंच के रूप में काम करेगा। इन साझेदारियों को बढ़ावा देकर, यह एक परिपत्र अर्थव्यवस्था और सतत विकास लक्ष्यों (एसडीजी) की प्राप्ति की दिशा में प्रगति को गति देगा।

महाकुंभ का वेस्ट मैनेजमेंट भारत से सीखेंगे 25 देश, 'जयपुर घोषणापत्र' होगा तैयार

Written by: Sharad Pandey

Last Updated: February 24, 2025, 20:28 IST

जयपुर में आयोजित "भारत एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम में वेस्ट मैनेजमेंट सीखेंगे. इसका आयोजन 3-5 मार्च को राजस्थान इंटरनेशनल सेंटर में होगा. आयोजन का विषय "रियलाइजिंग सर्कुलर सोसाइटीज टूवार्ड्स एचीविंग एसडीजी एंड कार्बन न्यूट्रैलिटी इन एशिया पैसिफिक" होगा.

केन्द्रीय शहर विकास मंत्री मनोहर लाल जानकारी देते हुए.

नई दिल्ली. विश्व का अब तक का सबसे बड़ा पर्व महाकुंभ प्रयागराज में चल रहा है. यहां पर 62 करोड़ से अधिक श्रद्धालु आस्था की डुबकी लगा चुके हैं. यहां की हर व्यवस्था अपने आप में खास है. इन्हीं में से वेस्ट मैनेजमेंट भी एक है, जिसको 25 देश जयपुर में आयोजित "भारत एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम में सीखेंगे. इसका आयोजन 3-5 मार्च को राजस्थान इंटरनेशनल सेंटर में होगा. आयोजन का विषय "रियलाइजिंग सर्कुलर सोसाइटीज टूवार्ड्स एचीविंग एसडीजी एंड कार्बन न्यूट्रैलिटी इन एशिया पैसिफिक" होगा.

केन्द्रीय शहर विकास मंत्री मनोहर लाल ने आज यह जानकारी दी और कहा कि इस सम्मेलन में 500 से अधिक अंतर्राष्ट्रीय और घरेलू प्रतिभागियों के शामिल होने की उम्मीद है. जिसमें पूर्ण सत्र, देश-विशिष्ट चर्चाएं, थीम-आधारित गोलमेज सम्मेलन, साथ ही जानकारी के आदान-प्रदान और नेटवर्किंग के अवसर शामिल होंगे.

एक समर्पित 'इंडिया पैवेलियन' 3आर और सर्कुलर इकोनॉमी डोमेन में भारत की उल्लेखनीय पहलों और रणनीतियों को प्रदर्शित करेगा. इस पैवेलियन में प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की प्रदर्शनियां होंगी. यह 'मंत्रियों और राजदूतों की गोलमेज वार्ता', 'मेयरों की वार्ता', 'नीति वार्ता' और सीआईटीआईआईएस 2.0 कार्यक्रम के तहत समझौतों पर हस्ताक्षर जैसे सत्रों के साथ आपसी जानकारी के आदान-प्रदान के लिए एक केन्द्र के रूप में भी काम करेगा.

फोरम एक अंतरराष्ट्रीय '3आर व्यापार और प्रौद्योगिकी प्रदर्शनी' की मेजबानी करेगा, जो 40 से अधिक भारतीय और जापानी व्यवसायों और स्टार्ट-अप्स की सर्वोत्तम कार्य प्रणालियों, विचारों और समाधानों को प्रदर्शित करने के लिए एक मंच प्रदान करेगा.

उन्होंने बताया कि 12वें फोरम का समापन एशिया-प्रशांत देशों में संसाधन-कुशल, सर्कुलर इकोनॉमी में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणापत्र' को अपनाने के साथ होगा और इसे अगले मेजबान देश को सौंप दिया जाएगा. जयपुर घोषणा (2025-34) हनोई घोषणा (2013-23) पर आधारित है और इसका उद्देश्य भाग लेने वाले देशों को 3आर और परिपत्र अर्थव्यवस्था नीतियों और कार्यक्रमों को विकसित करने के लिए एक रूपरेखा प्रदान करना है, जो 'टेक-मेक-डिस्पोज' अर्थव्यवस्था से सर्कुलर इकोनॉमी में बदलाव को सक्षम बनाता है.

Cleanliness model of Mahakumbh will be shown in the international conference: Manohar Lal

अंतरराष्ट्रीय सम्मेलन में दिखाया जाएगा महाकुंभ का स्वच्छता माडल : मनोहर लाल

जगरण ब्यूरो, नई दिल्ली

महाकुंभ महापर्व में प्रतिदिन एक से दो करोड़ लोगों की उपस्थिति के बावजूद साफ-सफाई के सफल माडल को कहानी भारत दुनिया के दूसरे देशों को भी बताएगा। जयपुर में तीन से पांच मार्च तक होने वाले एशिया पैसिफिक देशों के 12वें क्षेत्रीय-3 आर (रिड्यूस, रीयूस, रिसाइकल) और समुंलर इकोनमी सम्मेलन में 25 प्रतिभागी देशों और 200 से अधिक विदेशी प्रतिनिधियों को बताया जाएगा कि कैसे दुनिया के सबसे बड़े धार्मिक-सामाजिक आयोजन में 25,000 स्वच्छता कर्मियों ने साफ-सफाई के साथ ही कचरा प्रबंधन का काम किया।

केन्द्रीय आवास और शहरी कार्य मंत्री मनोहर लाल ने संवाददाता सम्मेलन में कहा कि महाकुंभ में सफाई का अभूतपूर्व कार्य हुआ है। स्वच्छताकर्मियों के योगदान की लगातार तारीफ हो रही है। इसके माडल को दुनिया के सामने रखेंगे। भारत दूसरी बार इस सम्मेलन को

जयपुर में एशिया-पैसिफिक क्षेत्रीय-3 आर और समुंलर इकोनमी सम्मेलन तीन मार्च से भारत दूसरी बार कर रहा इस सम्मेलन की मेजबानी, पिछला सम्मेलन कंबोडिया में हुआ था

नई दिल्ली में सम्मेलन की संवाददाता सम्मेलन को संबोधित करते केन्द्रीय मंत्री मनोहर लाल। एनआइ >>

मेजबानी कर रहा है। इससे पहले 2018 में इंदौर में इसका आयोजन किया गया था, जबकि पिछला सम्मेलन 2023 में कंबोडिया में हुआ था। फोरम की समीति पर जयपुर घोषणापत्र जारी किया जाएगा, जो क्षेत्रीय-3 आर और समुंलर इकोनमी के मामले में अगले दस साल (2025 से 2034 तक) के लिए अग्रे बढ़ने के लिए सदस्य देशों के लिए मार्ग निर्देशक नीतिगत दस्तावेज होगा। इस फोरम में नेशनल इस्टीमेट अफ अर्थन अफेयर्स (एनआइएएफ) की ओर से भी सर्वश्रेष्ठ प्रयासों का एक संग्रह भी प्रस्तुत किया जाएगा। देश में स्वच्छता के साथ ही कचरा प्रबंधन की बढ़ी चुनौती का सामना करने के दृष्टिकोण से यह फोरम काफी अहम है।

मनोहर लाल ने बताया कि इस फोरम में 500 से अधिक प्रतिनिधि भाग लेंगे और लगभग सभी राज्यों के अधिकारी भी शामिल होंगे। क्षेत्रीय-3 आर और समुंलर इकोनमी पर भारत की उपलब्धियों को प्रदर्शित करने के लिए इंडिया पैरैलिम्प भी स्थापित की जाएगी।

India ready to host 12th Regional 3R and Circular Economy Forum

नई दिल्ली, (पंजाब केसरी): भारत एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी करेगा। फोरम का आयोजन तीन से पांच मार्च के बीच जयपुर के राजस्थान अंतर्राष्ट्रीय केंद्र में होगा। यह आयोजन 'एशिया-प्रशांत क्षेत्र में सतत विकास लक्ष्यों और कार्बन लक्ष्यता को प्राप्त करने की दिशा में सर्कुलर समाजों को साकार करने' की थीम पर फोकस होगा। केन्द्रीय मंत्री मनोहर लाल ने सोमवार को इस बारे में जानकारी दी।

केन्द्रीय मंत्री ने बताया कि तीन दिवसीय सम्मेलन में 500 से अधिक अंतर्राष्ट्रीय और घरेलू प्रतिभागियों के भाग लेने की उम्मीद है, जिसमें पूर्ण सत्र, देश-विशिष्ट खर्चाएँ, थीम-आधारित गोलमेज सम्मेलन साथ ही ज्ञान-साझाकरण और नेटवर्किंग के अवसर शामिल होंगे। उन्होंने कहा कि प्रतिनिधियों को जयपुर में टोस और तरल अपशिष्ट प्रबंधन सुविधाओं का

तकनीकी क्षेत्र का दौरा करने और प्रमुख विरासत स्थलों का दौरा करने का अवसर भी मिलेगा। केन्द्रीय मंत्री ने कहा कि कार्यक्रम में एक समर्पित 'इंडिया पैवेलियन' 3आर और सर्कुलर इकोनॉमी डोमेन में भारत की उत्कृष्टतम पहल और उपलब्धियों को प्रदर्शित करेगा। इस पैवेलियन में प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की प्रदर्शनीयां होंगी, जो सतत विकास के लिए भारत के समग्र सरकारी दृष्टिकोण को दर्शाती हैं। यह 'मौद्रिक और राजदूतों

की गोलमेज बातचीत', 'मेथरी की बातचीत', 'नीति बातचीत' और सिटीज 2.0 कार्यक्रम के तहत समझौते पर हस्ताक्षर जैसे सूत्रों के साथ इंटरैक्टिव ज्ञान-साझाकरण के लिए एक केंद्र के रूप में भी काम करेगा। केन्द्रीय मंत्री ने बताया कि फोरम में भारत

पर के गैर सरकारी संगठनों और स्वयं सहायता समूहों द्वारा कंधे से संपर्क बनाने की पहल को भी प्रदर्शित किया जाएगा जो स्थिरता-संचालित उद्यमिता और सामुदायिक जुड़ाव को बढ़ावा देगा। केन्द्रीय मंत्री ने बताया कि 12वें फोरम का समापन एशिया-प्रशांत देशों में संसाधन-कुशल, परिपत्र अर्थव्यवस्था में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणा' को अपनाने के साथ होगा और इसे अगले मेजबान देश को सौंप दिया जाएगा।

A global strategy will be made on reduce, reuse and recycle

रिड्यूज, रियूज व रिसाईकिल पर बनेगी वैश्विक रणनीति

■ संजय दुहेजा

नई दिल्ली। एसाजकी

समूचे विश्व के शहरों को स्वच्छ, बेहतर व रहने लायक बनाने के लिए रिड्यूज, रियूज व रिसाईकिल पर वैश्विक रणनीति भारत में होने वाले 3 अंतराष्ट्रीय इकोनॉमी फोरम में होगी। इस फोरम में एक तरह से विश्व के शहरों के विकास का हॉम लैण्ड होगा और समूचे विश्व को सार्वजनिक वस्तुओं व प्रदूषण से मुक्त करने का ऐसा पोलरिस बनाया जाएगा जो 20 बौद्धराज्य की तरह भारत का प्रमुख दिशा देगा।

एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 34वां और सार्कुलर इकोनॉमी फोरम का आयोजन 3 से 5 मार्च तक राजस्थान के जयपुर में होगा। इस फोरम के माध्यम पर जो 20 बौद्धराज्य की तरह एशिया-प्रशांत देशों में संस्थान-मुक्त, सार्कुलर अर्थव्यवस्था में परिवर्तन को बेहतर बनाने के लिए 'जयपुर प्रयोग' जारी किया जाएगा। तीन दिन के इस सम्मेलन में विभिन्न देशों के सीनियर व अधिकारियों सहित 500 से अधिक अंतराष्ट्रीय और प्रमुख प्रतिभाओं के भरा होने की उम्मीद है। वैश्विक सम्मेलन के दौरान एक विशेष दिवस कैबिनेटन भी बताया जा रहा है जिसमें

सार्कुलर इकोनॉमी फोरम में टीयर होला विश्व के शहरों के विकास का हॉम

एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 34वां और सार्कुलर इकोनॉमी फोरम का आयोजन 3 से 5 मार्च तक

भारत करेगा सार्कुलर इकोनॉमी फोरम की मेजबानी

समूचे विश्व से 500 से अधिक प्रतिभागी होंगे शामिल

रिड्यूज, रियूज व रिड्यूज के साथ साथ सार्कुलर इकोनॉमी के क्षेत्र में भारत की उपस्थिति को प्रदर्शित किया जाएगा और एशिया प्रशांत क्षेत्र के विभिन्न देशों को दिश देने के लिए भारत में लग्ग करेगा 100 से अधिक सार्वजनिक प्रकाशों का एक तरह से लॉन्च किया जाएगा। कैबिनेट अस्तमय व शहरी विकास मंत्री मनोहर लाल खट्वा के अनुसार, इस वैश्विक सम्मेलन में विभिन्न विषयों पर पूर्ण सत्र आयोजित किया जाने के

अलावा विभिन्न चर्चे, बीम-आधारित गोलमेस सम्मेलन आयोजित किए जाएंगे और वह अनेकान अन्त-सहकारण और नेतृत्वों का भी एक बड़ा अवसर होगा। खट्वा के अनुसार सम्मेलन के दौरान विभिन्न देशों से होने वाले प्रतिनिधियों की उपस्थिति में देश और लाल अर्थव्यवस्था प्रबंधन सुविधाओं का एक-दूसरे को टैट करने के साथ साथ प्रमुख विचारों का दौर भी बताया जाएगा।

सम्मेलन के दौरान एक रिड्यूज, रियूज व रिसाईकिल पर एक अंतराष्ट्रीय व्यापार और प्रौद्योगिकी प्रदर्शनी का आयोजन होगा जिसमें 40 से अधिक भारतीय और विदेशी कंपनियों और स्टार्ट-अप शहरी व्यवस्थाओं के लिए विकसित किए गए समाधानों को प्रदर्शित करेंगे। खट्वा के अनुसार इस सम्मेलन की एक खासियत यह होगी कि इसमें देश का में री-साइकिल संपर्कों और स्वयं सहायता समूहों द्वारा 'अर्थव्यवस्था से सब कुछ की पलायन' के लाल बिन्दु का कर्तव्य को भी विभिन्न देशों के सम्मेलन रहा जाएगा। 12वें फोरम का समापन समापन एशिया-प्रशांत देशों में संस्थान-मुक्त अर्थव्यवस्था करने के लिए 'जयपुर प्रयोग' को अपनाने के साथ होगा। इसे अलावे में लाल देश को सौंदर्य दिया जाएगा। जयपुर प्रयोग (2020-34) नवोदय प्रयोग (2013-23) पर आधारित है।

जयपुर में 3 से 5 मार्च तक इकोनॉमी फोरम की बैठक

एशिया-प्रशांत देशों में सक्षम करने के लिए 'जयपुर घोषणा' के साथ होगा कार्यक्रम : मनोहर लाल खट्टर

■ 500 से अधिक अंतरराष्ट्रीय और घरेलू प्रतिभागी भाग लेंगे

समाचार जगत ब्यूरो

नई दिल्ली. भारत एशिया और प्रशांत क्षेत्र में 12 वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी करेगा। यह फोरम 3-5 मार्च 2025 को जयपुर के राजस्थान इंटरनेशनल सेंटर में आयोजित किया जाएगा। यह कार्यक्रम "एशिया-प्रशांत क्षेत्र में सतत विकास लक्ष्यों और कार्बन तटस्थता को प्राप्त करने की दिशा में सर्कुलर समाजों को साकार करने"

की थीम पर केंद्रित होगा। कार्यक्रम की विस्तृत जानकारी साझा करते हुए केंद्रीय मंत्री मनोहर लाल ने बताया कि 12वें फोरम का समापन एशिया-प्रशांत देशों में संसाधन-कुशल, परिपत्र अर्थव्यवस्था में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणा' को अपनाने के साथ होगा। तीन दिवसीय सम्मेलन में 500 से अधिक अंतरराष्ट्रीय और घरेलू प्रतिभागियों के भाग लेने की उम्मीद है, जिसमें पूर्ण सत्र, देश-विशिष्ट चर्चाएँ, थीम-आधारित

गोलमेज सम्मेलन, साथ ही ज्ञान-साझाकरण और नेटवर्किंग के अवसर शामिल होंगे। उन्होंने यह भी बताया कि प्रतिनिधियों को ठोस और तरल अपशिष्ट प्रबंधन सुविधाओं के तकनीकी क्षेत्र के दौरे करने और जयपुर में प्रमुख विरासत स्थलों को देखने का अवसर भी मिलेगा। एक समर्पित 'भारत मंडप' 3आर और सर्कुलर अर्थव्यवस्था क्षेत्र में भारत की उल्लेखनीय पहलों और उपलब्धियों को प्रदर्शित करेगा। इस मंडप

Maha Kumbh 2025: महाकुंभ से दुनिया सीखेगी स्वच्छता मॉडल, जयपुर में होगा अंतरराष्ट्रीय सम्मेलन

Maha Kumbh 2025 प्रयागराज में आयोजित १८वें का महासमागम चामी महाकुंभ अब समाप्ति की ओर है। 26 फरवरी को महासिंघात्रि के दिन महाकुंभ में अखिरी महास्नान होगा। इस बीच महाकुंभ के आयोजन को लेकर दुनिया के कई देश चर्चित हैं। कई देशों लोगों की उपस्थिति के बाद भी साफ-सफाई के सफल मॉडल की दुनिया कायल है। इसकी कहानी भारत पूरी दुनिया को बताएगा।

महाकुंभ में दुनिया सीखेगी स्वच्छता मॉडल (फोटो: पीटीआई)

HIGHLIGHTS

1. जयपुर में एशिया-पैसिफिक क्षेत्रीय-3 आर और सर्कुलर इकोनमी सम्मेलन।
2. भारत दूसरी बार कर रहा इस सम्मेलन की मेजबानी।
3. पिछला सम्मेलन कंबोडिया में हुआ था।

जागरण ब्यूरो, नई दिल्ली। Maha Kumbh 2025: महाकुंभ महापर्व में प्रतिदिन एक से दो करोड़ लोगों की उपस्थिति के बावजूद साफ-सफाई के सफल मॉडल की कहानी भारत दुनिया के दूसरे देशों को भी बताएगा।

दरअसल, जयपुर में तीन से पांच मार्च तक होने जा रहे एशिया पैसिफिक देशों के 12वें क्षेत्रीय-3 आर (रिड्यूस, रीयूज, रिसाइकल) और सर्कुलर इकोनमी सम्मेलन में 25 प्रतिभागी देशों और 200 से अधिक विदेशी प्रतिनिधियों को बताया जाएगा कि कैसे दुनिया के सबसे बड़े धार्मिक-सामाजिक आयोजन में 25,000 स्वच्छता कर्मियों ने साफ-सफाई के साथ ही कचरा प्रबंधन का काम किया।

केंद्रीय मंत्री ने महाकुंभ आयोजन की जमकर की तारीफ

केंद्रीय आवास और शहरी कार्य मंत्री मनोहर लाल ने संवाददाता सम्मेलन में कहा कि महाकुंभ में सफाई का अभूतपूर्व कार्य हुआ है। स्वच्छताकर्मियों के योगदान की लगातार तारीफ हो रही है। इसके माडल को दुनिया के सामने रखेंगे। भारत दूसरी बार इस सम्मेलन की मेजबानी कर रहा है। इससे पहले 2018 में इंदौर में इसका आयोजन किया गया था, जबकि पिछला सम्मेलन 2023 में कंबोडिया में हुआ था।

कार्यक्रम के बाद जारी होगा घोषणापत्र

फोरम की समाप्ति पर जयपुर में घोषणापत्र जारी किया जाएगा, जो क्षेत्रीय-3 आर और सर्कुलर इकोनमी के मामले में अगले दस साल (2025 से 2034 तक) के लिए आगे बढ़ने के लिए सदस्य देशों के लिए मार्ग निर्देशक नीतिगत दस्तावेज होगा।

फोरम में 500 से अधिक प्रतिनिधि लेंगे भाग

इस फोरम में नेशनल इंस्टीट्यूट ऑफ अर्बन अफेयर्स (एनआइयूए) की ओर से सौ सर्वश्रेष्ठ प्रयासों का एक संग्रह भी प्रस्तुत किया जाएगा। देश में स्वच्छता के साथ ही कचरा प्रबंधन की बड़ी चुनौती का सामना करने के दृष्टिकोण से यह फोरम काफी अहम है।

मनोहर लाल ने बताया कि इस फोरम में 500 से अधिक प्रतिनिधि भाग लेंगे और लगभग सभी राज्यों के अधिकारी भी शामिल होंगे। क्षेत्रीय-3 आर और सर्कुलर इकोनमी पर भारत की उपलब्धियों को प्रदर्शित करने के लिए इंडिया पैवेलियन भी स्थापित की जाएगी।

India to host '12th Regional 3R and Circular Economy Forum' in Jaipur next month

New Delhi, Feb 24 (IANS) India is poised to host the '12th Regional 3R and Circular Economy Forum in Asia and the Pacific' in Jaipur from March 3-5, it was announced on Monday.

The event will focus on the theme titled "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific", Union Minister Manohar Lal said at an event in the national capital.

The minister also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities.

The delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

According to the Ministry of Housing and Urban Affairs, a dedicated 'India Pavilion' will showcase the country's remarkable initiatives and achievements in the 3R and circular economy domain.

The pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

"Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA)," the ministry said.

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning.

Manohar Lal informed that 'Waste-to-wealth' initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum, promoting sustainability-driven entrepreneurship and community engagement.

The 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling the transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country.

The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programmes, which enable a shift from a linear 'take-make-dispose' economy to a circular economy.

The last Forum was hosted by Cambodia in 2023. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

India to showcase Maha Kumbh's waste management practice at Asia-Pacific forum

NewsDrum Desk

24 Feb 2025 11:33 IST

New Delhi, Feb 24 (PTI) India will showcase the best practice for waste management adopted during the Maha Kumbh at the 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur, Housing and Urban Affairs Minister Manohar Lal Khattar said Monday.

At a press conference, he said 25 countries and 500 delegates will participate in the three-day event starting from March 3.

The Maha Kumbh is the world's largest event and people are praising the best practices of waste management being implemented there, the Union minister said.

The 45-day religious congregation, which began in Uttar Pradesh's Prayagraj on January 13, culminates on February 26. Over 60 crore people have taken a holy dip in the Triveni Sangam since it started, according to data from the Uttar Pradesh government.

The Union minister said the religious congregation is being held on 4,000 hectares of land, an area large enough to accommodate a city. As many as 25,000 people have been deployed at the Maha Kumbh for waste management, Khattar said.

He also said people are praising the authorities for maintaining cleanliness, with the Maha Kumbh now serving as the best example of cleanliness.

"We will definitely showcase the best practice of waste management at the Maha Kumbh before the world," the Union minister said in response to a question at the press conference.

Talking about the 12th 'Regional 3R and Circular Economy Forum in Asia and the Pacific', he said the participants will discuss the 'waste to wealth' issue to boost the circular economy.

This is the second time India will host the 'Regional 3R and Circular Economy Forum in Asia and the Pacific', Khattar said, adding the mega event is being held by the United Nations Centre for Regional Development, Japan and the Union Housing and Urban Affairs Ministry.

The objective of the forum is to chart pathways and opportunities for realizing circular and zero-waste societies in the Asia-Pacific region. PTI BUN NSD NSD

THE IMPRESSIVE TIMES

India poised to host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur

The 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling a transition to a resource-efficient, circular economy in Asia-Pacific countries: Shri Manohar Lal

New Delhi, 24 FEB 2025 :“India will host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific. The Forum will take place at the Rajasthan International Centre in Jaipur on 3-5 March 2025. The event will centre on the theme of “Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific.” said Union Minister Shri Manohar Lal at the Curtain Raiser event organized today at the National Media Centre, New Delhi as a precursor to the main Forum.

Union Minister also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities. He also informed that the delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

A dedicated ‘India Pavilion’ will showcase India’s remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from key line ministries and national missions, reflecting India’s whole-of-government approach to sustainable development. It will also serve as a hub for interactive knowledge-sharing, with sessions such as the ‘Ministers & Ambassadors Roundtable Dialogue,’ ‘Mayors’ Dialogue,’ ‘Policy Dialogue’ and the signing of agreements under the CITIIS 2.0 program. Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA).

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning. Union Minister Shri Manohar Lal informed that 'Waste-to-wealth initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum promoting sustainability-driven entrepreneurship and community engagement.

Shri Manohar Lal informed that the 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country. The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programs, which enable a shift from a linear 'take-make-dispose' economy to a circular economy. It is a voluntary and legally non-binding agreement.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R. The last Forum was hosted in 2023 by Cambodia. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

The 12th Regional Forum is being spearheaded by the Swachh Bharat Mission-Urban of the Ministry of Housing and Urban Affairs in collaboration with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSGD, and UNDESA, with support from the Government of Rajasthan.

This Forum, focused on the Asia-Pacific region, aims to guide member-countries in shaping policies and actions on 3R and the circular economy in the coming years. With participation expected from 38 invited member countries, 15-line ministries of the Government of India, almost all States/UTs, over 60 cities, more than 40 start-ups and businesses, and around 120 speakers across 3 days, this Forum will serve as a platform for policy discussions, collaboration and knowledge exchange. By fostering these partnerships, it will accelerate progress towards a circular economy and the achievement of the Sustainable Development Goals (SDGs).

The 12th Regional 3R and Circular Economy Forum will be open for virtual participation on all three days. Participants may attend the sessions online by registering on <https://3rcefindia.sbmurban.org/>.

India News | India to Showcase Maha Kumbh's Waste Management Practice at Asia-Pacific Forum

Get latest articles and stories on India at LatestLY. India will showcase the best practice for waste management adopted during the Maha Kumbh at the 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur, Housing and Urban Affairs Minister Manohar Lal Khattar said Monday.

New Delhi, Feb 24 (PTI) India will showcase the best practice for waste management adopted during the Maha Kumbh at the 'Regional 3R and Circular Economy Forum in Asia and the Pacific' to be held in Jaipur, Housing and Urban Affairs Minister Manohar Lal Khattar said Monday.

At a press conference, he said 25 countries and 500 delegates will participate in the three-day event starting from March 3.

The Maha Kumbh is the world's largest event and people are praising the best practices of waste management being implemented there, the Union minister said.

The 45-day religious congregation, which began in Uttar Pradesh's Prayagraj on January 13, culminates on February 26. Over 60 crore people have taken a holy dip in the Triveni Sangam since it started, according to data from the Uttar Pradesh government.

The Union minister said the religious congregation is being held on 4,000 hectares of land, an area large enough to accommodate a city. As many as 25,000 people have been deployed at the Maha Kumbh for waste management, Khattar said.

He also said people are praising the authorities for maintaining cleanliness, with the Maha Kumbh now serving as the best example of cleanliness.

"We will definitely showcase the best practice of waste management at the Maha Kumbh before the world," the Union minister said in response to a question at the press conference.

Talking about the 12th 'Regional 3R and Circular Economy Forum in Asia and the Pacific', he said the participants will discuss the 'waste to wealth' issue to boost the circular economy.

This is the second time India will host the 'Regional 3R and Circular Economy Forum in Asia and the Pacific', Khattar said, adding the mega event is being held by the United Nations Centre for Regional Development, Japan and the Union Housing and Urban Affairs Ministry.

The objective of the forum is to chart pathways and opportunities for realizing circular and zero-waste societies in the Asia-Pacific region.

India to host 12th Regional 3R and Circular Economy summit

India is set to host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, which will take place in Jaipur from 3-5 March 2025.

Jaipur set to welcome global leaders for 3R Forum 2025.

India is set to host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, which will take place in Jaipur from 3-5 March 2025.

The event will bring together policymakers, experts, and industry leaders to discuss strategies for transitioning towards a resource-efficient and sustainable circular economy. The Forum aims to promote waste reduction, recycling, and reusing strategies, aligning with global sustainability goals.

Union Minister Shri Manohar Lal, while addressing a curtain-raiser event in New Delhi, shared that over 500 participants from India and abroad are expected to attend.

The conference will feature plenary sessions, discussions, and networking opportunities. Delegates will also have the chance to visit solid and liquid waste management facilities in Jaipur and explore key heritage sites.

A special highlight of the Forum will be the 'India Pavilion,' which will showcase the country's initiatives and achievements in the circular economy sector. This Pavilion will feature exhibitions from key ministries and national missions, presenting a whole-of-government approach to sustainable development.

It will also serve as a hub for interactive knowledge-sharing through dialogues, policy discussions, and the signing of agreements under the CITIIS 2.0 programme.

Additionally, a compendium of over 100 best practices in circular economy and waste management, prepared by the National Institute of Urban Affairs (NIUA), will be launched.

Another key feature of the Forum is the international '3R trade and technology exhibition,' where over 40 businesses and start-ups from India and Japan will showcase innovative ideas and solutions for sustainability.

Waste-to-wealth initiatives by NGOs and self-help groups will also be presented, encouraging sustainability-driven entrepreneurship.

The Forum will conclude with the adoption of the 'Jaipur Declaration,' which will provide a policy framework to support the transition to a resource-efficient, circular economy across Asia-Pacific nations.

This Declaration, covering the period from 2025-2034, builds upon the Hanoi Declaration (2013-2023) and aims to guide participating countries in developing effective 3R and circular economy policies.

It will be a voluntary and legally non-binding agreement, setting the direction for future collaborations in the region.

Launched by the United Nations Centre for Regional Development (UNCRD) in 2009, the Regional 3R and Circular Economy Forum serves as a strategic platform to provide policy guidance to governments across Asia and the Pacific.

The Forum supports the mainstreaming of circular economy principles and facilitates knowledge-sharing on sustainable waste management practices. The last edition was hosted by Cambodia in 2023, while India previously hosted the Forum in Indore in 2018.

The 12th edition is being led by the Swachh Bharat Mission - Urban under the Ministry of Housing and Urban Affairs in collaboration with Japan's Ministry of the Environment, UN Economic and Social Commission for Asia and the Pacific (UN ESCAP), UNCRD, and other United Nations agencies.

The event is also receiving support from the Government of Rajasthan.

With participation expected from 38 member countries, 15 Indian government ministries, representatives from all states and union territories, over 60 cities, and more than 40 businesses and start-ups, the Forum will be a platform for meaningful policy discussions.

Around 120 speakers will contribute insights on how to strengthen circular economy initiatives and accelerate progress towards achieving the Sustainable Development Goals (SDGs).

New Delhi : एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर-सर्कुलर इकोनॉमी फोरम की मेजबानी करेगा भारत

नई दिल्ली : (New Delhi) भारत एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर (उपयोग कम करें, पुनः उपयोग करें, पुनर्नवीनीकरण करें) और सर्कुलर इकोनॉमी फोरम की मेजबानी करेगा। एशिया और प्रशांत क्षेत्र में 12वां क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम 3 से 5 मार्च तक जयपुर में आयोजित किया जाएगा। इस तीन दिवसीय सम्मेलन में 25 संयुक्त राष्ट्र सदस्य देश और लगभग 500 प्रतिनिधि भाग लेंगे। यूनाइटेड नेशन सेंटर फॉर रीजनल डेवलपमेंट और जापान सरकार द्वारा संयुक्त रूप से आयोजित किया जा रहा है। 12वां फोरम एशिया-प्रशांत देशों में संसाधन-कुशल, चक्रीय अर्थव्यवस्था में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणा' को अपनाने के साथ समाप्त होगा।

केंद्रीय मंत्री मनोहर लाल ने सोमवार को राष्ट्रीय मीडिया सेंटर में आयोजित कर्टेन रेज़र कार्यक्रम में कहा कि इस फोरम में 500 से अधिक अंतरराष्ट्रीय और घरेलू प्रतिभागी भाग लेंगे। उन्होंने यह भी बताया कि प्रतिनिधियों को ठोस और तरल अपशिष्ट प्रबंधन सुविधाओं के तकनीकी क्षेत्र का दौरा करने और जयपुर में प्रमुख विरासत स्थलों का दौरा करने का भी अवसर मिलेगा। उन्होंने बताया कि एक समर्पित 'इंडिया पवेलियन' 3आर और सर्कुलर इकोनॉमी क्षेत्र में भारत की उल्लेखनीय पहल और उपलब्धियों को प्रदर्शित करेगा। इस मंडप में प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की प्रदर्शनियां होंगी, जो सतत विकास के लिए भारत के संपूर्ण सरकारी दृष्टिकोण को दर्शाती हैं। यह 'मंत्रियों और राजदूतों के गोलमेज संवाद,' 'महापौरों के संवाद,' 'नीति संवाद' और समझौतों पर हस्ताक्षर जैसे सत्रों के साथ, इंटरैक्टिव ज्ञान-साझाकरण के केंद्र के रूप में भी काम करेगा।

उन्होंने बताया कि सम्मेलन में नेशनल इंस्टीट्यूट ऑफ अर्बन अफेयर्स (एनआईयूए) द्वारा एक साथ रखे गए 100 से अधिक सर्वोत्तम प्रथाओं का एक संग्रह लॉन्च होगा। फोरम एक अंतरराष्ट्रीय '3आर सिद्धांत व्यापार और प्रौद्योगिकी प्रदर्शनी' की मेजबानी करेगा, जो 40 से अधिक भारतीय और जापानी व्यवसायों और स्टार्ट-अप को सर्वोत्तम प्रथाओं, विचारों और समाधानों को प्रदर्शित करने के लिए एक मंच प्रदान करेगा। केंद्रीय मंत्री ने बताया कि पूरे भारत में गैर सरकारी संगठनों और स्वयं सहायता समूहों द्वारा अपशिष्ट से धन की पहल को भी स्थिरता-संचालित उद्यमशीलता और सामुदायिक जुड़ाव को बढ़ावा देने के लिए फोरम में प्रदर्शित किया जाएगा।

मनोहर लाल ने बताया कि 12वां फोरम एशिया-प्रशांत देशों में संसाधन-कुशल, चक्रीय अर्थव्यवस्था में परिवर्तन को सक्षम करने के लिए 'जयपुर घोषणा' को अपनाने के साथ समाप्त होगा और इसे अगले मेजबान देश को सौंप दिया जाएगा। जयपुर घोषणा (2025-34) हनोई घोषणा (2013-23) पर आधारित है और इसका उद्देश्य भाग लेने वाले देशों को 3आर और परिपत्र अर्थव्यवस्था नीतियों और कार्यक्रमों को विकसित करने के लिए एक रूपरेखा प्रदान करना है।

India to host '12th Regional 3R and Circular Economy Forum' in Jaipur next month

👤 IANS 📅 February 24, 2025 👁 79 views

India is set to host the 12th Regional 3R and Circular Economy Forum in Jaipur, bringing together over 500 international and domestic participants. The event will focus on sustainable development, showcasing India's initiatives in waste management and circular economy strategies. A dedicated India Pavilion will highlight the country's innovative approaches to environmental sustainability. The forum will conclude with the adoption of the Jaipur Declaration, providing a framework for resource-efficient economic transformation in the Asia-Pacific region.

***"Realising Circular Societies Towards
Achieving SDGs and Carbon Neutrality"
- Manohar Lal, Union Minister***

New Delhi, Feb 24: India is poised to host the '12th Regional 3R and Circular Economy Forum in Asia and the Pacific' in Jaipur from March 3-5, it was announced on Monday.

Key Points

- 1 500+ global participants expected at 3-day sustainable development conference
- 2 India Pavilion to showcase national circular economy efforts
- 3 International trade and technology exhibition featuring 40 businesses

The event will focus on the theme titled "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific", Union Minister Manohar Lal said at an event in the national capital.

The minister also informed that over 500 international and domestic participants are expected to attend the three-day conference packed with plenary sessions, country-specific discussions, theme-based roundtables, as well as knowledge-sharing and networking opportunities.

The delegates will also have an opportunity to undertake technical field visits to the solid and liquid waste management facilities and visit key heritage sites in Jaipur.

According to the Ministry of Housing and Urban Affairs, a dedicated 'India Pavilion' will showcase the country's remarkable initiatives and achievements in the 3R and circular economy domain.

The pavilion will feature exhibitions from key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

"Multiple launches of knowledge products will take place at the Forum including a compendium of over 100 best practices put together by the National Institute of Urban Affairs (NIUA)," the ministry said.

The Forum will host an international '3R trade and technology exhibition', providing a platform for over 40 Indian and Japanese businesses and start-ups to showcase best practices, ideas and solutions that support circularity and 3R principles while encouraging cross-learning.

Manohar Lal informed that 'Waste-to-wealth' initiatives by NGOs and Self-help Groups across India will also be showcased at the Forum, promoting sustainability-driven entrepreneurship and community engagement.

The 12th Forum will conclude with the adoption of the 'Jaipur Declaration' for enabling the transition to a resource-efficient, circular economy in Asia-Pacific countries and will be handed over to the next host country.

The Jaipur Declaration (2025-34) builds upon the Hanoi Declaration (2013-23) and aims to provide participating countries with a framework for developing 3R and circular economy policies and programmes, which enable a shift from a linear 'take-make-dispose' economy to a circular economy.

The last Forum was hosted by Cambodia in 2023. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur, Rajasthan

Date: 03.03.2025

CITIIS 2.0: With focus on waste management, MoU signed between Centre, states

The three-day event ending on Wednesday will be attended by 500 international and domestic participants and will feature plenary sessions, among others. Two years after the union cabinet approved the CITIIS (city investments to innovate, integrate & sustain) 2.0 programme supported by multilateral institutions under the Smart Cities Mission, the memorandum of understanding (MoU) between the Centre and the states was signed on Monday during the inaugural session of the 12th Regional 3R (reduce, reuse and recycle) and Circular Economy Forum in Asia and the Pacific in Jaipur.

The programme focussed on integrated waste management and covering 18 smart cities, 21 state governments, (Ministry of Tourism and Environment | Official X account)

The programme focussed on integrated waste management and covering 18 smart cities, 21 state governments will be funded by loans of equal amounts given by the AFD (French Development Agency) and KfW German Development Bank amounting to ₹1,496 crore and a grant of ₹264 crore from the European Union (EU).

Union minister for housing and urban affairs Manohar Lal Khattar also announced the launch of a new forum—Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships.

He said this forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future. "Circular Economy is not just an environmental responsibility but an economic necessity," he said.

Khattar also highlighted Prime Minister Narendra Modi's role in championing the concept on the global stage and also in government's policies such as mission LIFE (Lifestyle for Environment), panchamrit goals at COP26, committing India to net-zero emissions by 2070 and flagship missions such as Swachh Bharat Mission and AMRUT (Atal Mission for Rejuvenation and Urban Transformation) 2.0.

The three-day event ending on Wednesday will be attended by 500 international and domestic participants and will feature plenary sessions, country-specific discussions, theme-based roundtables, among other programmes. Other than the ministry of housing and urban affairs (MoHUA), a total of 15 union ministries, NITI Aayog will participate in the event along with states and cities.

Jaipur is the second Indian city to host the event after Indore hosted the eighth edition in 2018. The inaugural event of this coalition was held in Japan. The forum floated by United Nations Center for Regional Development (UNCRD) and the government of Japan in November 2009, currently has 41 member nations.

India launches multi-nation alliance for collaboration on sustainable development

India launches multi-nation alliance for collaboration on sustainable development

The Hindu Bureau
NEW DELHI

India on Monday launched the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships for sustainable urban development.

This forum would provide a critical platform for policymakers, industry leaders, researchers, and development partners to discuss and implement sustainable solutions for waste management and resource efficiency as economies in the Asia-Pacific region.

Reuse and recycle

Prime Minister Narendra Modi, in a special written message to delegates at the launch, said India follows and strongly advocates the P (Pro-Planet People) approach and highlighted the role of 3R (reduce, reuse and recycle) and circular economy principles in ensuring sustainable urban

Narendra Modi

development and resource efficiency.

He also mentioned that India has always been more than willing to share its experiences and learning in its journey towards creating a circular economy. "We propose that a working group of member nations be formed after this forum to finalise the coalition's structure and operational framework," he said.

A key Memorandum of Understanding (MoU) for CTTIS 2.0 was also signed at the launch event in Jaipur.

Union Minister of Hous-

ing and Urban Affairs Manohar Lal announced that agreements worth ₹1,800 crore will be signed under this initiative, benefiting 18 cities across 14 States, and serving as lighthouse projects for other urban areas.

Environmental issues

The Regional 3R and Circular Economy Forum in Asia and the Pacific was launched in 2009 to promote sustainable waste management, resource efficiency, and circular economy principles across the region. Recognising the environmental challenges posed by rapid economic growth, resource depletion, and rising waste generation, the forum has served as a key platform for policy dialogue and capacity building.

A major milestone was the adoption of the Hanoi 3R Declaration (2013-2023), which outlined 33 voluntary goals for shifting towards a more resource-efficient and circular economy.

Jaipur: 12th Regional 3R and Circular Economy Forum begins

Jaipur: 12th Regional 3R and Circular Economy Forum begins

OUR CORRESPONDENT

JAIPUR: The 12th Regional 3R and Circular Economy Forum for Asia and the Pacific kick started in Jaipur on Monday, gathering policymakers, business leaders and international representatives to share experiences on sustainability and resource efficiency.

The event was graced by Union Minister of Housing and Urban Affairs Manohar Lal Khattar, Rajasthan Chief Minister Bhajanlal Sharma and foreign dignitaries such as Trevor Hedley Manemahaga, Minister of Solomon Islands; Mairia Vakafua Talia, Minister of Tuvalu; and Ahmed Nizam, Deputy Minister of Climate Change of Maldives. Japanese Environment Minister Asao Keiichiro participated virtually.

Prime Minister Narendra Modi delivered a special message reiterating India's commitment to the P-3 (Pro Planet People) strategy. He pointed out India's global leadership in sustainability through efforts like Mission LiFE (Lifestyle for Environment) and the Panchamrit Goals launched at COP26, reiterating India's pledge to reach net-zero emissions.

Union Minister Khattar received the dignitaries and took pride in India hosting the 12th forum following the successful 8th forum in Indore.

He appreciated Jaipur's long traditions of sustainability, such as rainwater harvesting and handicrafts from reused material. The minister also declared the start of the Cities Coalition for Circularity (C-3), a multi-country coalition

for city-to-city exchange and information-sharing. He suggested setting up a working group to complete the structure of the alliance, terming it an important step toward building stronger global city partnerships for sustainability.

Khattar underlined that the principles of circular economy are both an environmental obligation and an economic imperative. He noted that India has been following sustainable living traditionally, but industrialization has raised waste and inefficiency. He underlined the importance of blending traditional sustainable practices with technology. He also underlined important initiatives like the Swachh Bharat Mission, AMRUT 2.0, and plastic waste management and e-waste recycling efforts.

India bats for global platform to speed up adoption of circular economy

India bats for global platform to speed up adoption of circular economy

PARVEZ SULTAN @ New Delhi

INDIA on Monday proposed a multi-nation alliance for technical collaboration, partnerships and cooperation of private sectors at city level to accelerate the circular economy for a sustainable future.

Speaking at the inauguration of 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, Union Minister of Housing and Urban Affairs Manohar Lal Khattar suggested a new platform – Cities Coalition for Circularity (C3) for a multi-nation platform for city-to-city collaboration, knowledge-sharing, and private sector partnerships.

"We are working on 3R, now we will work on C3 that will be a multi-stakeholder, multi-national platform for sharing knowledge, technical expertise and best practices. This will be in the form of the Jaipur Declaration. I urge the member states to discuss how we can design this platform in a better way so that our cities and other stakeholders can benefit from it," the minister said.

A circular economy is an economic system intending to reduce waste and pollution while keeping resources in use. The three-day event on the theme 'Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific' is taking place in Jaipur. The forum in Asia was launched in November 2009, with an objective to provide strategic policy advice to government authorities in mainstreaming 3Rs in the overall policy, planning and development.

The minister said C3 would serve as a major digital platform to encourage city-to-city collaboration, technical institutions, partnerships, cooperation of private sectors and other aspects. He proposed member states to form a working group to finalise the structure and operational framework.

Khattar said the main outcome of the forum would be Jaipur Declaration 2025-2034; a non-political, and non-binding commitment.

On this occasion, Modi also shared a special written message with the delegates of the

We will work on C3 that will be a multi-stakeholder, multi-national platform for sharing knowledge, technical expertise and best practices

Manohar Lal Khattar,
Union Housing & Urban Affairs Minister

Forum emphasising that India follows and strongly advocates the P-3 (Pro Planet People) approach. He also mentioned that India has always been more than willing to share its experiences and learnings on Circular Economy.

During the event, a key Memorandum of Understanding for CITTIS 2.0 was signed, marking a significant milestone in urban sustainability initiatives.

12th Regional R & Circular Economy Forum launched in Jaipur

जयपुर में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का शुभारंभ

नई दिल्ली, 4 मार्च 2025। राजस्थान और उत्तराखण्ड में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का शुभारंभ आज जयपुर में सम्पन्न हुआ। इस अवसर पर केंद्रीय खाद्य प्रसंस्करण विभाग के सचिव डॉ. एन. एन. शर्मा ने 3आर और सर्कुलर इकोनॉमी का अर्थ और इसकी महत्त्वपूर्णता के बारे में अपने भाषण में बताया। उन्होंने कहा कि 3आर (Reduce, Reuse, Recycle) का अर्थ है कम करना, पुनर्चक्रण और पुनर्चक्रण। यह एक ऐसा प्रक्रिया है जो संसाधनों को बचाने और प्रदूषण को कम करने में मदद करती है।

उन्होंने कहा कि यह फोरम क्षेत्रीय स्तर पर सर्कुलर इकोनॉमी (सीई) को बढ़ावा देने और इसे व्यापक बनाने में मदद करेगा। उन्होंने कहा कि यह फोरम क्षेत्रीय स्तर पर सर्कुलर इकोनॉमी (सीई) को बढ़ावा देने और इसे व्यापक बनाने में मदद करेगा।

जयपुर-उदयपुर को ठोस कचरा प्रबंधन के लिए मिलेंगे 100-100 करोड़

जयपुर में तीन प्रोजेक्ट तैयार

जयपुर-उदयपुर को ठोस कचरा प्रबंधन के लिए मिलेंगे 100-100 करोड़

हर रोज 900 टन कचरे का होगा निस्तारण

ज्योति/नवज्योति, जयपुर। देश की 100 स्मार्ट सिटी में से ठोस कचरा प्रबंधन के लिए 18 शहरों का चयन किया गया है, इसमें राजस्थान के दो शहर जयपुर और उदयपुर शामिल हैं। इन शहरों को प्रभावी अर्वांश प्रबंधन और सफाई इकोनॉमी से जुड़े कामों के लिए 100-100 करोड़ मुद्रा का बजट आवंटित किया गया है, जिसमें 50 प्रतिशत फंड और 50 प्रतिशत राशि राज्य को शामिल होगी। 14 राज्यों के 18 शहरों के साथ गुजरात और प्रदेस क्षेत्र के 12 में क्षेत्रीय 3 और और सफाई इकोनॉमी फोरम के शुभारंभ पर शोधना को जयपुर में समारोह पर सम्पन्न किया गया।

जमीन पर नहीं गिरेगा कचरा

प्रभावी अर्वांश प्रबंधन को दिशा में फंड से मिलने वाली 50 करोड़ की राशि से जयपुर में तीन प्रोजेक्ट लागू करने पर काम किया जाएगा। इसके लिए जयपुर में तीन जगहों का निर्धारण कर लिया गया है। वर्तमान में जयपुर शहर में हर रोज गिनतने वाले करीब 2100 टन कचरे को खुले बाई के बाद विभिन्न सड़क पर पड़ता है। अबने वाले समय में एक प्रोजेक्ट के तहत 300 टन कचरे को सिस्टमिक किया जाएगा। ऐसे में 900 टन कचरे का हर रोज सिस्टमिक हो सकेगा। वर्तमान में केवल 200 टन कचरे का ही सिस्टमिक किया जा रहा है।

जमीन पर नहीं आएगा कचरा

किसी अर्वांश प्रबंधन के तहत एक बार जमीन से कचरा उठाकर कोम्प्रेस्ड हो डाल जाएगा, वहां से कचरा सीधे सिस्टमिक प्लांट तक जाएगा, जो सीधे ही शहरों के प्लेन पार्क पर डाल जाएगा जमीन पर नहीं आएगा। इससे से शहरों के अर्वांश प्रबंधन को अलग करने हुए सीधे सिस्टमिक प्लांट तक जाएगी और रोज कचरे के सिस्टमिक में मिट्टी का जमाव को अलग करते हुए दूसरे जगहों में डाला जाएगा। जो बाद कोम्प्रेस्ड के अर्वांश दूसरे शहरों पर सिस्टमिक किया जा सकेगा।

खुले बाइनों से नहीं फैलेगा कचरा

वर्तमान में धरती से कचरा एकत्रित करने के बाद खुले बाइनों में स्थित डिम्पिंग गार्ड में लकड़ा लगा है, जहां जगहों से अर्वांश प्रबंधन और कोम्प्रेस्ड सिस्टमिक को सीधे अलग किया जाता है। वहां से फिर कचरों में लैंड करके लैंड फिलिंग सड़क पर पड़ता है, जो कचरों से जले हुए सड़कों पर फैलाव बढ़ता है। नए प्रोजेक्ट के तहत ये कचरे कचरों से ही सड़क पर पड़ता है।

Manohar Lal announces C3 multi-stakeholder partnership for knowledge exchange for cities, technical institutions and tech providers

Jaipur (Rajasthan) [India], March 3 (ANI): Manohar Lal, Union Minister for Housing and Urban Affairs, on Monday announced the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships.

According to the Ministry of Housing and Urban Affairs, the C-3 alliance was announced at the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur.

Inaugurating the event, Union Minister Manohar Lal stated, "We propose that a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework."

This is expected to be a game-changer in the city-city partnerships across nations, the minister added.

The ministry said Manohar Lal reaffirmed that this forum would act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future.

During the inaugural address, the Minister said, "Circular Economy is not just an environmental responsibility but an economic necessity".

He pointed out that India has always practiced sustainable living, but industrialisation has increased waste and resource inefficiency.

"Now is the time to modernise and integrate these traditional sustainable practices with technological advancements," he said.

Going further, the Minister announced that the forum will adopt the Jaipur Declaration (2025-2034), a nonpolitical, nonbinding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

The Union Minister, along with Chief Minister of Rajasthan Bhajanlal Sharma, inaugurated the 3R India Pavilion.

The pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and start-ups working on waste management and Circular Economy solutions. (ANI)

India bats for global platform to accelerate adoption of circular economy

JAIPUR: India on Monday said there should be a new global platform that will accelerate the adoption of a circular economy by connecting cities, academia and tech innovators.

Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Cities Coalition for Circularity (C3) platform could be in line with the spirit of the Jaipur declaration, to be adopted on the closing day of the 12th Regional 3R and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific" was inaugurated by Khattar in the presence of Rajasthan Chief Minister Bhajan Lal Sharma.

India proposes global platform to accelerate circular economy adoption

The three-day event, themed 'Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific,' is taking place in Jaipur.

Union Minister of Housing and Urban Affairs Manohar Lal speaking at the inauguration of the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific. (Photo | Screengrab)

NEW DELHI: India on Monday proposed a multi-nation alliance for technical collaboration, partnerships, and cooperation between private sectors at the city level to accelerate the circular economy for a sustainable future.

Speaking at the inauguration of the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, Union Minister of Housing and Urban Affairs Manohar Lal said that, to carry forward the vision of Prime Minister Narendra Modi, he suggests a new platform – Cities Coalition for Circularity (C3) – as a multi-nation platform for city-to-city collaboration, knowledge-sharing, and private sector partnerships.

“We are working on 3R; now we will work on C3, which will be a multi-stakeholder, multi-national platform for sharing knowledge, technical expertise, and best practices. This will be in the form of the Jaipur Declaration. I urge the member states to discuss how we can design this platform in a better way so that our cities and other stakeholders can benefit from it,” said Lal.

Explaining the idea further, the minister said that C3 would serve as a major digital platform to encourage city-to-city collaboration, technical institutions, private sector partnerships, and other cooperative efforts. He proposed that member states form a working group to finalize the coalition's structure and operational framework.

Lal said that the main outcome of the forum would be the Jaipur Declaration 2025-2034, a non-political and non-binding commitment.

On this occasion, Modi also shared a special written message with the forum delegates, emphasizing that India follows and strongly advocates the P-3 (Pro Planet People) approach. He also mentioned that India has always been willing to share its experiences and learnings in its journey towards a circular economy.

During the event, a key Memorandum of Understanding (MoU) for CITIIS 2.0 was signed, marking a significant milestone in urban sustainability initiatives. Lal also announced that agreements worth Rs 1,800 crore would be signed under this initiative, benefiting 18 cities across 14 states and serving as lighthouse projects for other urban areas.

Earlier, the minister emphasized that the circular economy is not just an environmental responsibility but an economic necessity. He pointed out that India has always practiced sustainable living, but industrialization led to an increase in waste and resource inefficiency. “Now is the time to modernize and integrate these traditional sustainable practices with technological advancements,” Lal said.

India bats for global platform to accelerate adoption of circular economy

Synopsis

India's Union Minister Manohar Lal Khattar proposed the Cities Coalition for Circularity (C3) platform at the 12th Regional 3R and Circular Economy Forum to promote resource efficiency and low carbon economy by connecting cities, academia, and tech innovators. He emphasized merging modern technology with traditional practices to counteract waste and environmental impacts caused by industrialization and consumerism.

India on Monday said there should be a new global platform that will accelerate the adoption of a **circular economy** by connecting cities, academia and tech innovators. Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Cities Coalition for Circularity (C3) platform could be in line with the spirit of the Jaipur declaration, to be adopted on the closing day of the 12th Regional 3R and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific" was inaugurated by Khattar in the presence of Rajasthan Chief Minister Bhajan Lal Sharma.

"Today, from this platform, India proposes a global alliance that will speed up circular acceleration by connecting cities, academia and tech innovators. I invite everyone to discuss and collaborate on this initiative, which will strengthen partnerships and generate impactful solutions," Khattar said at the inaugural ceremony.

"To take forward the prime minister's vision, I propose a new ... Cities Coalition for Circularity (C3) platform. We are working on 3R (Reduce, Reuse, Recycle). Now, we will work on C3, which is a multi-stakeholder, multi-national alliance for sharing knowledge, technical expertise and best practices," he said.

Khattar urged the participants to discuss how to improve the proposed platform to benefit cities and other stakeholders.

A circular economy or circularity is an economic model based on reusing and recycling products and materials to reduce waste and maximise **resource efficiency**.

Khattar said, "India will present C3 as a major digital platform which will promote city to city collaboration, technical institutions, partnerships and such initiatives. It is proposed that a working group of interested voluntary member nations be formed which will finalise the architecture and working principles of the alliance."

With support from industry, academia and policymakers, the platform will emerge as a catalyst to promote resource efficiency and a low carbon economy in the Asia-Pacific region, he added.

Khattar also said the 3R circular economy had become a necessity not only for **environmental responsibility** but also for sustainable development.

He said industrialisation and consumerism had made mass production a necessity. "As a result, a disposable culture has emerged, promoting a 'use-and-throw' mentality. This culture has led to an overwhelming accumulation of waste," he said.

With the rapid evolution of technology, waste is increasing at an alarming rate, he added.

Now, it is time to bring innovation into traditional practices, Khattar said. "By merging modern technology with age-old customs, we can revitalise systems and promote efficient recycling as well as environmental responsibility. This will contribute to the improvement of our environment."

The Centre has identified 11 key sectors, including liquid **waste management** and lithium battery recycling, to maximise resource utilisation and reduce waste.

Chief Minister Sharma said industrialisation was having a significant impact on the environment, leading to shrinking forests, mountains and rivers.

"To protect these natural resources, we must continue working towards their conservation," he said.

A system needs to be established to effectively handle waste, he said.

"By finding solutions to waste disposal, we can ensure that the atmosphere remains clean. The Indian government has taken several steps to address this issue. The Swachh Bharat Abhiyan is one of the major initiatives and the Rajasthan government is playing a leading role in this mission," Sharma said.

More than 1,000 delegates, including policymakers, industry leaders and representatives from international organizations from Asia-Pacific countries, are participating in the three-day forum. The participants.

Launched by the United Nations Centre for Regional Development in 2009, the forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R and circularity.

India Willing To Share Learnings In Its Journey Towards A 'Circular Economy': PM Modi

India strongly advocates the P3 (Pro Planet People) approach and remains committed to sharing its experiences and learnings with the world in its journey towards a 'Circular Economy,' Prime Minister Narendra Modi said on Monday.

PM Modi conveyed a specially written message to the delegates attending the three-day 12th Regional 3R and Circular Economy Forum in Asia in Jaipur.

In his message, the Prime Minister underscored the significance of the 3R (Reduce, Reuse, and Recycle) principles and the Circular Economy in fostering sustainable urban development and resource efficiency. He also highlighted India's leadership in global sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP28, reaffirming India's commitment to achieving net-zero emissions.

Union Minister Manohar Lal, addressing the gathering, described Jaipur as an ideal venue for the forum, citing the city's deep-rooted sustainability traditions, such as rainwater harvesting and handicrafts made from recycled materials.

Advancing PM Modi's vision, he announced the launch of the Cities Coalition for Circularity (C-3), a multi-nation alliance aimed at fostering city-to-city collaboration, knowledge-sharing, and private sector partnerships.

"We propose that a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework," he said.

The forum aims to serve as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a more sustainable future.

"Circular Economy is not just an environmental responsibility but an economic necessity," Manohar Lal emphasized.

He also highlighted India's initiatives in bio-CNG, plastic waste management, and e-waste recycling, reaffirming the government's commitment to developing a low-carbon, resource-efficient society.

The Union Minister announced that the forum would adopt the Jaipur Declaration (2025-2034), a non-political, non-binding commitment that will guide the next decade's efforts towards resource efficiency and sustainable urban development.

India ready to share its experiences on circular economy with the world: PM Modi

In a message to the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific being held in Jaipur, he also mentioned that India has always been more than willing to share its experiences and learning in its journey towards circular economy.

PM Modi (File Photo/ANI)

Prime Minister Narendra Modi on Monday said India follows and strongly advocates the P-3 (Pro Planet People) approach.

In a message to the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific being held in Jaipur, he also mentioned that India has always been more than willing to share its experiences and learning in its journey towards circular economy.

The PM highlighted the role of 3R and Circular Economy principles in ensuring sustainable urban development and resource efficiency. He highlighted India's leadership in global sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reinforcing India's commitment to a net-zero future.

The inaugural session was attended by Manohar Lal, Union Minister of Housing & Urban Affairs, Mr Bhajanlal Sharma, Chief Minister of Rajasthan and others.

Inaugurating the event, Mr Manohar Lal expressed pride in India hosting the 12th edition of the forum, after the successful eighth forum in Indore.

He described Jaipur as an ideal venue due to its deep-rooted traditions in sustainability, such as rainwater harvesting and handicrafts made from recycled materials.

Taking forward PM Modi's vision, he announced the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private-sector partnerships.

"We propose a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework." This is expected to be a game changer in the city-city partnerships across nations," the minister said.

He reaffirmed that this forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future.

"Circular Economy is not just an environmental responsibility but an economic necessity". He pointed out that India has always practiced sustainable living, but industrialization led to an increase in waste and resource inefficiency. "Now is the time to modernize and integrate these traditional sustainable practices with technological advancements," he said.

Govt. implementing measures to protect environment, says Rajasthan CM Bhajanlal Sharma

New Delhi [India], March 3 (ANI): Rajasthan Chief Minister Bhajanlal Sharma on Monday said that the government is taking steps to purify the atmosphere and protect the environment, with both the central and state governments implementing necessary measures.

Speaking at the event of the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur, CM Sharma highlighted Rajasthan's efforts in waste management, stating that the state has set a goal to enhance waste processing capacity in the state.

Union Minister of Housing and Urban Affairs, Manohar Lal Khattar, inaugurated the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific at the Rajasthan International Center in Jaipur CM Bhajanlal Sharma.

He also spoke about the state's pioneering steps in green technology, mentioning that Rajasthan is the first state to introduce a green budget, with provisions for projects worth crores of rupees.

While stressing the importance of environmental protection, Sharma also emphasised the need for balanced social development.

He said our goal is proper waste disposal and environmental conservation, expressing hope that discussions at the platform would lead to the formulation of policies aligned with these objectives.

He highlighted the importance of efficient resource utilisation and sustainable growth as the pressing needs of the current time.

CM Sharma pointed out the alarming increase in the exploitation of natural resources over the past 50 years, stating that we have witnessed a 400 per cent rise in the exploitation of resources since 1970, which is now posing a major crisis.

He emphasised that the Asia-Pacific region, being the most populous, has been particularly affected by rapid economic growth, which has put forests and biodiversity at risk.

Discussing the need to address these challenges, Sharma remarked that the exploitation is primarily driven by our increasing need for industrialisation.

"In our culture, nature is considered divine, and its preservation is crucial, and we must be mindful of this and work towards its protection," he said.

The Chief Minister referred to ancient Indian texts, noting that our Vedas recognise nature as divine.

He said that forests provide us with fruits and health, and mountains, rivers, and rainfall offer us and added that we must create systems that safeguard our environment.

Rajasthan recently organised an investor summit, Rising Rajasthan Investors Summit, to attract investments and industries in the state. (ANI)

THEWEEK

India bats for global platform to accelerate adoption of circular economy

Jaipur, Mar 3 (PTI) India on Monday said there should be a new global platform that will accelerate the adoption of a circular economy by connecting cities, academia and tech innovators.

Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Cities Coalition for Circularity (C3) platform could be in line with the spirit of the Jaipur declaration, to be adopted on the closing day of the 12th Regional 3R and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific" was inaugurated by Khattar in the presence of Rajasthan Chief Minister Bhajan Lal Sharma.

"Today, from this platform, India proposes a global alliance that will speed up circular acceleration by connecting cities, academia and tech innovators. I invite everyone to discuss and collaborate on this initiative, which will strengthen partnerships and generate impactful solutions," Khattar said at the inaugural ceremony.

"To take forward the prime minister's vision, I propose a new ... Cities Coalition for Circularity (C3) platform. We are working on 3R (Reduce, Reuse, Recycle). Now, we will work on C3, which is a multi-stakeholder, multi-national alliance for sharing knowledge, technical expertise and best practices," he said.

Khattar urged the participants to discuss how to improve the proposed platform to benefit cities and other stakeholders.

A circular economy or circularity is an economic model based on reusing and recycling products and materials to reduce waste and maximise resource efficiency.

Khattar said, "India will present C3 as a major digital platform which will promote city to city collaboration, technical institutions, partnerships and such initiatives. It is proposed that a working group of interested voluntary member nations be formed which will finalise the architecture and working principles of the alliance."

With support from industry, academia and policymakers, the platform will emerge as a catalyst to promote resource efficiency and a low carbon economy in the Asia-Pacific region, he added.

Khattar also said the 3R circular economy had become a necessity not only for environmental responsibility but also for sustainable development.

He said industrialisation and consumerism had made mass production a necessity.

"As a result, a disposable culture has emerged, promoting a 'use-and-throw' mentality. This culture has led to an overwhelming accumulation of waste," he said.

With the rapid evolution of technology, waste is increasing at an alarming rate, he added.

Now, it is time to bring innovation into traditional practices, Khattar said. "By merging modern technology with age-old customs, we can revitalise systems and promote efficient recycling as well as environmental responsibility. This will contribute to the improvement of our environment."

The Centre has identified 11 key sectors, including liquid waste management and lithium battery recycling, to maximise resource utilisation and reduce waste.

Chief Minister Sharma said industrialisation was having a significant impact on the environment, leading to shrinking forests, mountains and rivers.

"To protect these natural resources, we must continue working towards their conservation," he said.

A system needs to be established to effectively handle waste, he said.

"By finding solutions to waste disposal, we can ensure that the atmosphere remains clean. The Indian government has taken several steps to address this issue. The Swachh Bharat Abhiyan is one of the major initiatives and the Rajasthan government is playing a leading role in this mission," Sharma said.

More than 1,000 delegates, including policymakers, industry leaders and representatives from international organizations from Asia-Pacific countries, are participating in the three-day forum. The participants.

Launched by the United Nations Centre for Regional Development in 2009, the forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R and circularity.

केंद्रीय मंत्री खट्टर बोले- अगले 10 साल के लिए 3आर और सर्कुलर इकोनॉमी को बढ़ावा देने की रणनीति तय करेगा 'जयपुर डिक्लेरेशन' - 3R CIRCULAR ECONOMY

केंद्रीय मंत्री मनोहर लाल खट्टर ने जयपुर में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का उद्घाटन किया, बोले- मजबूत नीतिगत ढांचा तैयार करना है.

जयपुर: पूरे विश्व में 3आर और सर्कुलर इकोनॉमी को बढ़ावा देने की रणनीति जयपुर में तय होगी, जो 'जयपुर डिक्लेरेशन' के नाम से जानी जाएगी. ये रणनीति 10 साल के लिए अपनाई जाएगी, ये कहना है केंद्रीय मंत्री मनोहर लाल खट्टर का, सोमवार को जयपुर में आयोजित 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का उद्घाटन करते हुए उन्होंने ये बात कही. साथ ही बताया कि यहां सिटीज कोलिसन फॉर सर्कुलेटरी (सी3) नाम से भी प्रस्ताव लाया जाएगा, जिसमें नॉलेज, तकनीकी विशेषज्ञ और सर्वोत्तम प्रथाओं को साझा करने के लिए एक मल्टी स्टैक होल्डर बहुराष्ट्रीय गठबंधन होगा.

राजधानी जयपुर में सोमवार को एशिया और प्रशांत क्षेत्र का 12वां रीजनल 3आर और सर्कुलर इकोनॉमी फोरम के बंध से केंद्रीय अवास और शहरी मामलों के मंत्री मनोहर लाल खट्टर ने जयपुर डिक्लेरेशन को इस फोरम की सबसे बड़ी उपलब्धि बताया. साथ ही कहा कि ये प्रस्ताव अगले 10 साल (2025-2034) के लिए 3आर और सर्कुलर इकोनॉमी को बढ़ावा देने की रणनीति तय करेगा. संसाधन कुशल और कम कार्बन उत्सर्जन वाले समाज को बढ़ावा देने के लिए अगले दशक की दिशा जयपुर डिक्लेरेशन तय करेगा. वहीं, नॉलेज, तकनीकी विशेषज्ञ और सर्वोत्तम प्रथाओं को साझा करने के लिए एक मल्टी स्टैक होल्डर बहुराष्ट्रीय गठबंधन सिटीज कोलिसन फॉर सर्कुलेटरी (सी3) का प्रस्ताव भी किया जा रहा है, जो जयपुर डिक्लेरेशन की भावना के साथ जुड़ा हुआ है.

जयपुर के राजस्थान इंटरनेशनल सेंटर में 3 से 5 मार्च तक होने वाले इस आयोजन का उद्देश्य सर्कुलर इकोनॉमी और संसाधनों के कुशल प्रबंधन के लिए एक मजबूत नीतिगत ढांचा तैयार करना है, ताकि रिड्यूस (कम करना), रीयूज (फिर से उपयोग करना), रीसाइकल (पुनः चक्रण) और सर्कुलरिटी (संचालन चक्रियता) को प्रभावी तरीके से लागू किया जा सके। इस फोरम में 36 देशों के प्रतिनिधि भाग ले रहे हैं और 80 सत्रों के दौरान इन विषयों पर मंथन होना है। यहां आयोजन के उद्घाटन सत्र के लिए जापान के एनवायरनमेंट मिनिस्टर ने भी अपना संबोधन जारी किया, वहीं, कार्यक्रम को संबोधित करते हुए केंद्रीय मंत्री मनोहर लाल खट्टर ने कहा कि सर्कुलर इकोनॉमी अब समय की आवश्यकता बन चुकी है, हमारी पारंपरिक जीवनशैली में 3आर के सिद्धांतों को अपनाया जाता रहा है। वेस्ट मटेरियल से कापड़े बनाना, उसे कापड़े से दरी बनाना, पुरानी चीजों का पुनः उपयोग करना हमारी परंपरा का हिस्सा रहा है। हमें आज के समय में इस परम्परा को फिर से अपनाने की ज़रूरत है।

खट्टर ने फोरम में प्रदर्शित वेस्ट मटेरियल से बनी वस्तुओं की प्रदर्शनी को सर्कुलर इकोनॉमी का बेहतरीन उदाहरण बताया। उन्होंने कहा कि इस तरह के प्रयास न केवल अपशिष्ट को संसाधन में बदलने की दिशा में महत्वपूर्ण हैं, बल्कि ये हमें एक स्थिर और स्वच्छ वातावरण की ओर भी ले जाते हैं। इस दौरान खट्टर ने स्वच्छ भारत मिशन की सफलता पर भी प्रकाश डाला। साथ ही कहा कि भारत वैश्विक स्तर पर सर्कुलर इकोनॉमी को बढ़ावा देने के लिए एक नया ग्लोबल प्लेटफॉर्म बनाने का प्रस्ताव रखेगा। इसके तहत भारत 'सिटीज पॉल्यूशन स्कैन फॉर सर्कुलरिटी' नामक पहल को आगे बढ़ाएगा, जिससे शहरों में सर्कुलर इकोनॉमी के सिद्धांतों को लागू किया जा सकेगा। उन्होंने कहा कि ये पहल वैश्विक स्तर पर पर्यावरणीय स्थिरता को सुनिश्चित करने के लिए देशों के बीच सहयोग बढ़ाएगी।

इस अवसर पर अत्याधुनिक शहरी इंफ्रास्ट्रक्चर परियोजनाओं, नवीनतम तकनीकी विकास एवं स्थायी शहरी विकास मॉडल को प्रदर्शित करती विशेष प्रदर्शनी का अवलोकन कर आयोजित कार्यक्रम को संबोधित किया।

12:44 अपराह्न - 3 मार्च 2025

सीएम भजनलाल ने क्या कहा ? : उद्घाटन सत्र में मौजूद रहे मुख्यमंत्री भजनलाल शर्मा ने कहा कि वे मंच सफ़ुल्लर इकोनॉमी की दिशा में एक महत्वपूर्ण कदम है, वे हमें संसाधनों का अधिकतम उपयोग करने और पर्यावरण को बचाने के लिए ठोस उपायों पर ध्यान केंद्रित करने का अवसर देता है, मुख्यमंत्री ने कहा कि इस बार का फोरम 'जयपुर डिजिटलेशन' का एक महत्वपूर्ण सकारात्मक परिणाम होगा, जिसमें सफ़ुल्लर इकोनॉमी को बढ़ावा देने के लिए देशों और राज्य सरकारों के बीच सहयोग की दिशा में ठोस कदम उठाए जाएंगे, उन्होंने ये भी कहा कि इस फोरम के माध्यम से पर्यावरणीय स्थिरता के नए उपायों को लागू करने के लिए राज्य सरकार संकल्पित है,

मुख्यमंत्री ने सफ़ुल्लर इकोनॉमी के तीन प्रमुख सिद्धांत रिड्यूज, रीयूज और रीसाइकल का ध्यान में रखते हुए कहा कि भारत और राजस्थान में जलवायु परिवर्तन, प्रदूषण और संसाधनों की कमी जैसी समस्याओं का समाधान तभी संभव होगा, जब हम इन सिद्धांतों को पूरी तरह से लागू करेंगे, उन्होंने ये भी कहा कि राजस्थान में वेस्ट प्रोसेसिंग क्षमता को बढ़ाने के लिए महत्वपूर्ण योजनाएं बनाई जा रही हैं, राज्य में वेस्ट प्रोसेसिंग क्षमता को 21 लाख मीट्रिक टन से बढ़ाकर 45 लाख मीट्रिक टन करने का लक्ष्य रखा गया है,

इसके अलावा, बाहरी क्षेत्रों में एमआरएफ (मटेरियल रिकवरी फैसिलिटी) प्लांट्स स्थापित किए जा रहे हैं, जिनकी मदद से प्लास्टिक को अलग किया जा सकेगा, मुख्यमंत्री भजनलाल शर्मा ने राज्य में सफ़ुल्लर इकोनॉमी को बढ़ावा देने के लिए सरकार की ओर से की जा रही पहल को भी साझा किया, उन्होंने बताया कि राज्य में ट्रीटेड वॉटर के लिए एक नई नीति तैयार की जा रही है, जिससे जल संसाधनों का पुनः उपयोग किया जा सके, साथ ही, राजस्थान सरकार ने 250 करोड़ रुपये के निवेश के साथ सफ़ुल्लर इकोनॉमी पार्क, स्वच्छ और हरित केंद्र विकसित करने की योजना बनाई है,

यहीं, बाद में पत्रकारों से संबन्ध होते हुए मुख्यमंत्री भजनलाल शर्मा ने बताया कि प्रदेश में 9000 सीलिंग वेस्ट प्रतिदिन उत्पन्न हो रहा है, जिसमें सेपरेगेशन के बाद अधिकांश कचरा पुनर्चक्रण इकाइयों को भेजा जाता है, जयपुर, जोधपुर जैसे शहरों में सीपेंड्री वेस्ट प्रोसेसिंग प्लांट लगे हुए हैं, सफ़ुल्लर इकोनॉमी को बढ़ावा देने के लिए जलन अभियान भी चलाए जा रहे हैं, प्रत्येक शहर में 3आर थीम पर आधारित प्रेरणा केंद्र भी बनाए गए हैं, इन प्रेरणा केंद्रों के माध्यम से सफ़ुल्लर इकोनॉमी को बढ़ावा दिया जा रहा है,

भारत की उपलब्धियों को दिखाएँ 'इंडिया परफेक्शियन' : इस फोरम में 'इंडिया परफेक्शियन' भी बनाया गया है, जहाँ भारत की 3आर और सङ्कुलर इकोनॉमी से जुड़ी 15 प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की उपलब्धियाँ प्रदर्शित की गईं. यहाँ 'मंत्री-स्तरीय संवाद', 'महापौर संवाद' और 'नीति संवाद' जैसे सत्र भी रखे गए, जिसमें नीति-निर्माताओं और विशेषज्ञों के बीच विचार-विमर्श हुआ. इस फोरम में CITUS 2.0 कार्यक्रम के तहत 18 स्मार्ट शहरों के लिए सम्झौतों पर हस्ताक्षर भी किया गया. यहाँ जयपुर की संस्कृति का बखान करने वाले हवामहल के मॉडल को भी सांस्कृतिक आयोजन के लिए तैयार किया गया है.

India bats for global platform to accelerate adoption of circular economy

India bats for global platform to accelerate adoption of circular economy

Jaguar, Mar 3 (PTI) India on Monday said there should be a new global platform that will accelerate the adoption of a circular economy by connecting cities, academia and tech innovators.

Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Green Coalition for Circular City (GCC3) plan there could be in line with the spirit of the Jaguar declaration, to be adopted on the day of the 12th Regional III and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme 'Building Circular Resilience Towards Achieving SDGs and Carbon Neutrality in Asia Pacific' was inaugurated by Khattar in the presence of Japanese Chief Minister Shigeru Ishiba.

"Today, from this platform, India proposes a global alliance that will speed up circular economies by connecting cities, academia and tech innovators. I invite everyone to discuss and collaborate on this initiative, which will strengthen partnerships and promote successful solutions," Khattar said in the inaugural remarks.

"To take forward the prime minister's vision, I propose a new ... Green Coalition for Circular

economy (CCE) platform. We are working on (B) Circular Resilience. Now, we will work on C3, which is a multi stakeholder, multi-national alliance for sharing knowledge, technical expertise and best practices," he said.

Khattar urged the participants to discuss how to improve the proposed platform to benefit cities and other stakeholders.

A circular economy or circularity is an economic model

based on reducing and recycling products and materials to reduce waste and maximise resource efficiency.

Khattar said, "India will present C3 as a major digital platform which will generate city to city collaboration, technical consultation, partnerships and such initiatives. It is proposed that a working group of interested voluntary member nations be formed which will facilitate the architecture and working principles of the

alliance."

With support from industry, academia and policymakers, the platform will remain as a catalyst to promote innovation, efficiency and a low carbon economy in the Asia Pacific region, he added.

Khattar also said the circular economy had become a necessity not only for environmental responsibility but also for sustainable development.

He said industrialisation and urbanisation had made mass production a necessity.

"As a result, a disposable culture has emerged, promoting a 'use-and-throw' mentality. This culture has led to an overwhelming accumulation of waste," he said.

With the rapid evolution of technology, waste is increasing at an alarming rate, he added.

Now, it is time to bring innovation into traditional processes, Khattar said. "By merging modern technology with age-old customs, we can revolutionise systems and promote efficient recycling as well as environmental responsibility. This will contribute to the improvement of our environment."

The Centre has identified 11 key sectors, including digital waste management and urban waste management, to mainstream circular economy and

reduce waste.

Chief Minister Shri Omar Abdullah said industrialisation was having a significant impact on the environment, leading to shrinking forests, mountains and rivers.

"To protect these natural resources, we must continue working towards their conservation," he said.

A system needs to be re-structured to effectively handle waste, he said.

"By finding solutions to waste disposal, we can ensure that the atmosphere remains clean. The Indian government has taken several steps to address this issue. The Swachh Bharat Mission is one of the major initiatives and the government is paying a leading role in this mission," Shri said.

More than 1,000 delegates, including policymakers, industry leaders and representatives from international organisations from Asia-Pacific countries, are participating in the three-day forum. The participants.

Launched by the United Nations Centre for Regional Development in 2008, the forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming circular economy.

12th Regional 3R and Circular Economy Forum in the Asia & the Pacific kick starts in Jaipur

12th Regional 3R and Circular Economy Forum in the Asia & the Pacific kick starts in Jaipur

On the occasion Prime Minister Narendra Modi emphasizes on Pro Planet People Approach (P-3 Approach)

Union Minister Shri Manohar Lal announces Cities Coalition for Circularity(C-3), a digital platform for knowledge exchange for cities, technical institutions and tech providers

New Delhi 03 MAR 2025 : The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated Monday in Jaipur. The inaugural session was attended by Shri Manohar Lal, Union Minister of Housing & Urban Affairs, Shri Bhajanlal Sharma, Chief Minister, Rajasthan, Mr. Trevor Hesley, Mayor, Jaipur, Minister of Tourism, Ministry of Tourism, Government of India, Mr. Maina Vaidya, Minister of Urban Development, Ministry of Urban Development, Government of India, Mr. Ahmed Nizam, Deputy Minister of Climate Change, Ministry of Climate Change, Government of India, Mr. Asao Keichiro, Minister of Environment, Government of Japan joined the session through a virtual message.

Shri Prem Chand Agarwal, Minister of Urban Development, Government of Uttarakhand, Shri Vipul Goel, Minister of Urban Local Bodies, Government of Haryana, Shri Jyoti Singh Khanna, Minister of Urban Development & Housing, Government of Rajasthan, Shri Kailash Vijayvargya, Minister of Urban Development & Housing, Government of Madhya Pradesh also graced the occasion.

Prime Minister Shri Narendra Modi's Message
On this occasion, Prime Minister Shri Narendra Modi shared a special written message to the delegates of the Forum emphasizing that India follows & strongly advocates the P-3 (Pro Planet People) approach. He has also mentioned that India has always been more than willing to share its

experiences and learnings in its journey towards Circular Economy.

In his message, he highlighted the role of 3R and Circular Economy principles in ensuring sustainable urban development and resource efficiency. He highlighted India's leadership in global sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reinforcing India's commitment to a net-zero future.

Union Minister's Address
Inaugurating the event, Union Minister for Housing and Urban Affairs, Shri Manohar Lal, welcomed dignitaries, industry leaders, and international representatives. He expressed pride in India hosting the 12th edition of the forum, after the successful 8th forum in Indore. The Minister highlighted Jaipur as an ideal venue due to its deep-rooted traditions in sustainability such as rainwater harvesting and handicrafts made from recycled materials. He thanked Hon'ble CM of Rajasthan Shri Bhajanlal Sharma for his leadership in making sustainability key pillar in the State's development.

Launch of Cities Coalition for Circularity (C-3)
Taking forward PM Modi's vision, Shri Manohar Lal announced the Cities Coalition for Circularity (C-3), a multi-national alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships. He stated, "We

propose that a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework." This is expected to be a game-changer in the city-city partnerships across nations. Shri Manohar Lal reaffirmed that this forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future.

During the inaugural address the Minister said "Circular Economy is not just an environmental responsibility but an economic necessity". He pointed out that India has always practiced sustainable living, but industrialization led to an increase in waste and resource inefficiency. "Now is the time to modernize and integrate these traditional sustainable practices with technological advancements," he said.

Shri Manohar Lal emphasized that under the leadership of Hon'ble Prime Minister Shri Narendra Modi, India is championing Circular Economy on the global stage. He highlighted key government initiatives such as:

Mission LIFE (Lifestyle for Environment)
Panchamrit Goals at COP26, committing India to net-zero emissions by 2070.
Swachh Bharat Mission & AMRUT 2.0, tackling urban waste and wastewater recycling

The Minister also spoke about India's focus on Bio-CNG, plastic waste management, and e-waste recycling, reaffirming the government's resolve to create a low-carbon, resource-efficient society.

Jaipur Declaration (2025-2034)
Shri Manohar Lal announced that the forum will adopt the Jaipur Declaration (2025-2034), a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth. A person standing at a podium Description automatically generated
3R India Pavilion - Showcasing Innovation

Shri Manohar Lal, along with Hon'ble Chief Minister Shri Bhajanlal Sharma, inaugurated the 3R India Pavilion. The pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and startups working on waste management and Circular Economy solutions.

Chief Minister's Remarks
Hon'ble Chief Minister of Rajasthan, Shri Bhajanlal Sharma, mentioned that circular economy is not just a necessity for today but also for our future. He said that issues like climate change, biodiversity loss, and pollution are creating challenges for the planet Earth and Circular Economy is the most effective way to cope with these challenges.

Circular Economy

India ready to share lessons, says PM

JAI PUNE: India strongly advocates the P3 (Pro Planet, People, Prosperity) approach and has always been more than willing to share its experiences and learnings with the world in its journey towards 'Circular' Economy. Prime Minister Narendra Modi said on Monday.

PM Modi shared a specially written message with delegates of the three-day, 12th Regional BR - and Circular Economy Forum in Asia which began here. The inaugural session was attended by Manoj Kumar, Union Minister of Housing and Urban Affairs, and Rajinikanth, Chief Minister of Karnataka, among other dignitaries.

In his message, the Prime Minister highlighted the role of BR (Reduce, Reuse and Recycle) and Circular Economy principles in ensuring sustainable urban development and resource efficiency.

The PM highlighted India's leadership in global

J&K inks MoU regarding transformation of Srinagar into zero-landfill city by 2030

BK NEWS SERVICE

Jammu, Mar 3: In a landmark move, Srinagar Smart City Limited signed a Memorandum of Understanding (MoU) under the CITIES 2.0 program regarding implementation of integrated waste management systems including smart collection networks and AI-driven recycling hubs to transform Srinagar into a zero-landfill city by 2030.

The MoU was signed during the 12th Regional 3R (Reduce, Reuse, Recycle) and Circular Economy Forum in Asia and the Pacific, being held in Rajasthan from March 1 to 5, 2025.

Additionally, the UT government inked a state-level agreement to establish a Climate Observatory, a first-of-its-kind institution in North India. The observatory will monitor climate variables, assess risks and formulate adaptive strategies for vulnerable sectors like agriculture, tourism and water resources.

The event, a flagship platform for advancing sustainable development and resource efficiency,

was J&K highlighting its pioneering initiatives in waste management and circular economy practices, reinforcing its commitment to environmental stewardship.

The Lakes Conservation and Management Authority (LCMA) showcased Jammu & Kashmir's ground-breaking Dal Lake Weed Processing Unit at the forum, drawing widespread attention from policymakers, technocrats and sustainability experts. The project, which con-

verts invasive aquatic weeds into organic manure and biogas, exemplifies the UT's innovative approach towards tackling ecological challenges while promoting circular economy principles.

Dignitaries, including Policy Makers, Thinkers, Researchers and Planners from all across the Country, visited the J&K stall and applauded the initiative of transforming lake waste into valuable resources adopting sustainable waste management practices.

The J&K delegation, led by senior officials from the Housing and Urban Development Department, engaged in extensive knowledge-sharing sessions with the representatives from other states and Self Help Groups (SHGs). Key focus areas included "Waste-to-Wisdom Technologies", "Waste-to-Energy Initiatives" and "Community-Led Circular Economy Models".

The forum offered a wealth of ideas, particularly in decentralizing waste management and empowering local

enterprises. The visit provided an opportunity to explore best practices and modern technologies for potential replication in Jammu & Kashmir.

The participation of Jammu & Kashmir in the forum highlights its unwavering commitment towards sustainable urban development and the promotion of circular economy principles, aligning with the broader vision of environmental conservation and resource efficiency.

Furthermore, CITIES 2.0 is a flagship initiative driving integrated waste management and climate action. Proposals for integrated waste management in smart cities were invited by the Ministry of Housing, Affairs, G.O. and 50 proposals worth Rs. 1800 Cr were shortlisted benefiting 10 cities across 13 states of the Country.

The 12th Regional 3R and Circular Economy Forum will continue in the coming days, featuring expert discussions, policy dialogues and collaborative initiatives aimed at shaping the future of sustainable urban development and cleanliness in the country.

India ready to share lessons on circular economy: PM Modi

India Proposes New Global Platform to Propel Circular Economy

India has proposed a new global platform, the Cities Coalition for Circularity (C3), to accelerate the adoption of a circular economy by fostering collaboration among cities, academia, and tech innovators. The platform, announced at a regional forum, aims to enhance resource efficiency and promote sustainability.

In a move to spearhead circular economy initiatives, India on Monday proposed the creation of a global platform named the Cities Coalition for Circularity (C3). The platform aims to connect cities, academic institutions, and technology innovators to accelerate the adoption of circular economic models.

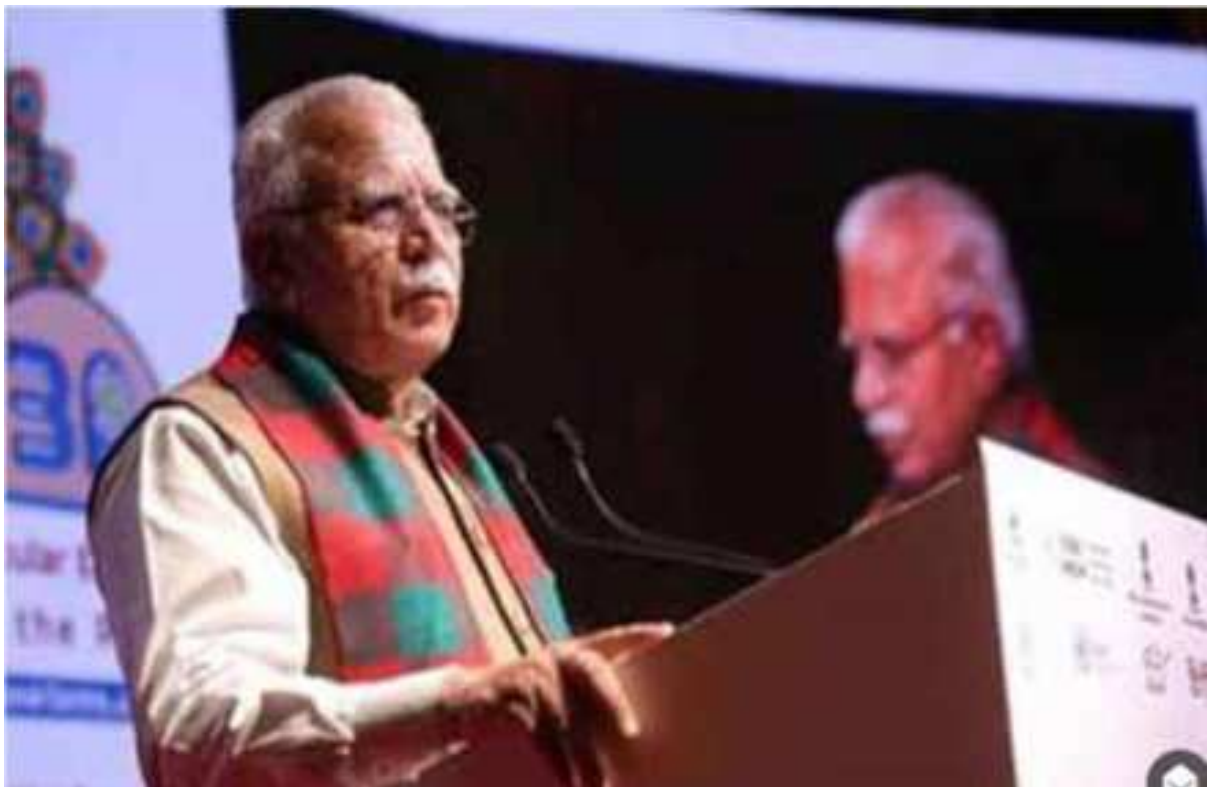

Union Housing and Urban Affairs Minister Manohar Lal Khattar, while speaking at the 12th Regional 3R and Circular Economy Forum in Asia-Pacific, highlighted that C3 could mirror the spirit of the upcoming Jaipur declaration. The forum, themed 'Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific,' was inaugurated by Khattar alongside Rajasthan Chief Minister Bhajan Lal Sharma.

Khattar emphasized India's commitment to creating impactful solutions for resource efficiency, stating the platform will serve as a catalyst for city-to-city collaboration. He stressed the importance of integrating modern technology with traditional practices to enhance recycling efforts and tackle environmental challenges, aiming for a sustainable and low-carbon future in the region.

Union Minister Launches Global Cities Coalition for Circularity at Jaipur Forum

Union Minister Manohar Lal unveiled the Cities Coalition for Circularity, promoting international city collaborations for sustainable urban growth. Announced at the 12th Regional 3R and Circular Economy Forum in Jaipur, this initiative aims to integrate traditional sustainable practices with modern technology. The forum will adopt the Jaipur Declaration to guide future efforts.

Union Minister for Housing and Urban Affairs, Manohar Lal, introduced the Cities Coalition for Circularity (C-3) on Monday, marking the establishment of a multinational framework for urban collaboration and resource efficiency. This announcement was made during the 12th Regional 3R and Circular Economy Forum in Jaipur, organized to foster city-to-city partnerships.

In his opening remarks, Minister Lal proposed the creation of a working group consisting of member nations to finalize the coalition's operational framework. He emphasized that the initiative could significantly enhance partnerships across cities globally.

The Ministry highlighted that this forum aims to accelerate resource efficiency and a low-carbon economy by strengthening ties among policymakers, industry experts, and researchers. Minister Lal reinforced the notion that the Circular Economy is integral to both the environment and the economy.

Addressing industrialization's impact, Lal noted that India has long practiced sustainable living, yet modernization is necessary to integrate traditional methods with contemporary advancements.

The forum is set to adopt the Jaipur Declaration (2025-2034), a nonpolitical and nonbinding commitment to steer a decade of sustainable urban development. Alongside Rajasthan's Chief Minister Bhajanlal Sharma, Minister Lal inaugurated the 3R India Pavilion, featuring an International 3R Trade and Technology Exhibition of over 40 Indian and Japanese startups in waste management solutions. 12th Regional 3R and Circular Economy Forum in Asia and the Pacific Inaugurated in Jaipur

Prime Minister Shri Narendra Modi shared a special message with the forum delegates, reinforcing India's commitment to the P-3 (Pro-Planet People) approach. He

Union Minister for Housing and Urban Affairs, Shri Manoj Kumar Lait, welcomed the distinguished guests and expressed pride in India hosting the 12th edition of the forum. Image Credit: Twitter (@PIB_India)

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific commenced today in Jaipur, marking a significant step toward fostering resource efficiency and sustainable urban development. The inaugural session was graced by several dignitaries, including Shri Manohar Lal, Union Minister of Housing & Urban Affairs, and Shri Bhajanlal Sharma, Chief Minister of Rajasthan. International representatives such as Mr. Trevor Hedley Manemahaga, Minister of Solomon Islands, Mr. Maina Vakafua Talia, Minister of Tuvalu, and Mr. Ahmed Nizam, Deputy Minister of Climate Change of Maldives were present, while Mr. Asao Keiichiro, Minister of Environment, Government of Japan, joined virtually.

Other esteemed attendees included Shri Prem Chand Agarwal, Minister of Urban Development, Government of Uttarakhand; Shri Vipul Goel, Minister of Urban Local Bodies, Government of Haryana; Shri Jhabbar Singh Kharra, Minister of Urban Development & Housing, Government of Rajasthan; and Shri Kailash Vijayvargiya, Minister of Urban Development & Housing, Government of Madhya Pradesh.

Prime Minister Narendra Modi's Message on Circular Economy

Prime Minister Shri Narendra Modi shared a special message with the forum delegates, reinforcing India's commitment to the P-3 (Pro-Planet People) approach. He emphasized that India has always been eager to share its experiences and learnings in the journey toward a circular economy. His message underscored the crucial role of the 3R (Reduce, Reuse, Recycle) principles and circular economy strategies in promoting sustainable urbanization and resource efficiency.

The Prime Minister also highlighted India's global leadership in sustainability efforts, referencing key initiatives such as **Mission LiFE (Lifestyle for Environment)** and the **Panchamrit Goals** announced at COP26, which include India's commitment to achieving net-zero emissions by 2070.

Union Minister's Address: Driving a Low-Carbon Economy

Union Minister for Housing and Urban Affairs, Shri Manohar Lal, welcomed the distinguished guests and expressed pride in India hosting the 12th edition of the forum. He cited Jaipur's deep-rooted sustainability traditions, including rainwater harvesting and recycled handicrafts, as ideal examples of circular economy principles in practice. He commended the Rajasthan government for prioritizing sustainability as a cornerstone of its development agenda.

Shri Manohar Lal highlighted the importance of integrating traditional sustainable practices with modern technological advancements to counteract the environmental impact of industrialization. He reaffirmed India's proactive stance in championing the circular economy on the global stage, pointing to key government initiatives such as:

- **Mission LiFE (Lifestyle for Environment)**
- **Panchamrit Goals at COP26, committing India to net-zero emissions by 2070**
- **Swachh Bharat Mission & AMRUT 2.0, focusing on urban waste management and wastewater recycling**
- **Bio-CNG initiatives, plastic waste management, and e-waste recycling**

Launch of Cities Coalition for Circularity (C-3)

To further India's sustainability goals, Shri Manohar Lal announced the launch of the **Cities Coalition for Circularity (C-3)**—a multi-nation alliance designed to facilitate city-to-city collaboration, knowledge-sharing, and public-private partnerships. He proposed forming a working group of member nations to define the coalition's structure and operational framework, marking a transformative step toward global urban sustainability partnerships.

Jaipur Declaration (2025-2034): A Roadmap for Sustainability

During his address, Shri Manohar Lal unveiled the **Jaipur Declaration (2025-2034)**—a non-political, non-binding commitment designed to guide the next decade of sustainability initiatives. The declaration aims to enhance resource efficiency, promote waste reduction, and support sustainable urban growth.

3R India Pavilion: Showcasing Innovation in Circular Economy

A major highlight of the forum was the inauguration of the **3R India Pavilion**, jointly launched by Shri Manohar Lal and Rajasthan Chief Minister Shri Bhajanlal Sharma. The pavilion features the **International 3R Trade and Technology Exhibition**, bringing together over 40 Indian and Japanese businesses and start-ups showcasing cutting-edge solutions in waste management and circular economy.

Chief Minister of Rajasthan: Circular Economy for a Sustainable Future

Hon'ble Chief Minister of Rajasthan, Shri Bhajanlal Sharma, stressed that circular economy principles are not only essential for today but also crucial for the future. He pointed out the pressing global challenges of climate change, biodiversity loss, and pollution, asserting that circular economy models provide the most effective solutions to these crises.

Shri Bhajanlal Sharma also highlighted key steps taken by the Rajasthan government, including the establishment of an **Environmental Management Cell (EMC)** to enhance waste management and recycling initiatives.

Signing of MoU for CITIIS 2.0: Advancing Urban Sustainability

A landmark **Memorandum of Understanding (MoU) for CITIIS 2.0** was signed during the event, marking a significant milestone in India's urban sustainability efforts. Under this initiative, agreements worth **₹1,800 crores** will be signed, benefiting **18 cities across 14 states**. These projects will serve as lighthouse models for other urban centers, driving innovation in waste management and climate resilience.

Conclusion: A Catalyst for Global Sustainability

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific will continue over the next few days, featuring expert discussions, policy dialogues, and collaborative efforts aimed at shaping the future of sustainable urban development. With India leading the way in circular economy practices, the forum is expected to be a game-changer in promoting resource efficiency and environmental responsibility on a global scale.

India Proposes Global Circular Economy Platform

By Rediff Money Desk, Jaipur Mar 03, 2025
15:12

Share on:

India advocates for a new global platform, the Cities Coalition for Circularity (C3), to accelerate circular economy adoption in the Asia-Pacific region. The platform aims to connect cities, academia, and tech innovators, promoting resource efficiency and a low-carbon economy.

Jaipur, Mar 3 (PTI) India on Monday said there should be a new global platform that will accelerate the adoption of a circular economy by connecting cities, academia and tech innovators.

Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Cities Coalition for Circularity (C3) platform could be in line with the spirit of the Jaipur declaration, to be adopted on the closing day of the 12th Regional 3R and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific" was inaugurated by Khattar in the presence of Rajasthan Chief Minister Bhajan Lal Sharma.

"Today, from this platform, India proposes a global alliance that will speed up circular acceleration by connecting cities, academia and tech innovators. I invite everyone to discuss and collaborate on this initiative, which will strengthen partnerships and generate impactful solutions," Khattar said at the inaugural ceremony.

"To take forward the prime minister's vision, I propose a new ☐ Cities Coalition for Circularity (C3) platform. We are working on 3R (Reduce, Reuse, Recycle). Now, we will work on C3, which is a multi-stakeholder, multi-national alliance for sharing knowledge, technical expertise and best practices," he said.

Khattar urged the participants to discuss how to improve the proposed platform to benefit cities and other stakeholders.

A circular economy or circularity is an economic model based on reusing and recycling products and materials to reduce waste and maximise resource efficiency.

Khattar said, "India will present C3 as a major digital platform which will promote city to city collaboration, technical institutions, partnerships and such initiatives. It is proposed that a working group of interested voluntary member nations be formed which will finalise the architecture and working principles of the alliance."

With support from industry, academia and policymakers, the platform will emerge as a catalyst to promote resource efficiency and a low carbon economy in the Asia-Pacific region, he added.

Khattar also said the 3R circular economy had become a necessity not only for environmental responsibility but also for sustainable development.

He said industrialisation and consumerism had made mass production a necessity.

"As a result, a disposable culture has emerged, promoting a 'use-and-throw' mentality. This culture has led to an overwhelming accumulation of waste," he said.

With the rapid evolution of technology, waste is increasing at an alarming rate, he added.

Now, it is time to bring innovation into traditional practices, Khattar said. "By merging modern technology with age-old customs, we can revitalise systems and promote efficient recycling as well as environmental responsibility. This will contribute to the improvement of our environment."

The Centre has identified 11 key sectors, including liquid waste management and lithium battery recycling, to maximise resource utilisation and reduce waste.

Chief Minister Sharma said industrialisation was having a significant impact on the environment, leading to shrinking forests, mountains and rivers.

"To protect these natural resources, we must continue working towards their conservation," he said.

A system needs to be established to effectively handle waste, he said.

"By finding solutions to waste disposal, we can ensure that the atmosphere remains clean. The Indian government has taken several steps to address this issue. The Swachh Bharat Abhiyan is one of the major initiatives and the Rajasthan government is playing a leading role in this mission," Sharma said.

More than 1,000 delegates, including policymakers, industry leaders and representatives from international organizations from Asia-Pacific countries, are participating in the three-day forum. The participants.

Launched by the United Nations Centre for Regional Development in 2009, the forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R and circularity.

12th Regional 3R and 'Circular Economy Forum in Asia & Pacific' commences in Jaipur

Jaipur, March 3 (SocialNews.XYZ) The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated on Monday in Jaipur with the Prime Minister Narendra Modi sharing a special message with the forum delegates, emphasising India's commitment to the P-3 (Pro-Planet People) approach.

PM Modi also highlighted the role of the 3R (Reduce, Reuse, Recycle) and Circular Economy principles in sustainable urban development and resource efficiency.

The Prime Minister reiterated India's global leadership in sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reaffirming the nation's pledge towards achieving net-zero emissions.

The inaugural session was attended by Manohar Lal, Union Minister of Housing & Urban Affairs, Bhajan Lal Sharma, Chief Minister, Rajasthan, among others.

In line with PM Modi's vision, Manohar Lal announced the launch of the Cities Coalition for Circularity (C-3), a multinational initiative fostering city-to-city collaboration, knowledge exchange, and public-private partnerships.

He proposed forming a working group to structure and operationalise the coalition, positioning it as a transformative step in advancing circular economy principles globally.

Highlighting the importance of sustainable practices, Manohar Lal stated, "Circular Economy is not just an environmental responsibility but an economic necessity."

He emphasised India's tradition of sustainable living and the need to integrate modern technology to enhance resource efficiency.

Manohar Lal announced that the forum will adopt the Jaipur Declaration (2025-2034), a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

The declaration aims to strengthen collaboration among policymakers, industry leaders, and researchers to build a low-carbon, resource-efficient future. As part of the forum, the 3R India Pavilion was inaugurated by Manohar Lal and the Rajasthan Chief Minister.

This pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and start-ups pioneering innovative waste management and Circular Economy solutions. Rajasthan Chief Minister underscored the significance of the Circular Economy in tackling climate change, biodiversity loss, and pollution.

He highlighted state-level initiatives, including the establishment of an Environmental Management Cell (EMC) for effective waste management and recycling.

He mentioned that a circular economy is not just a necessity for today but also for our future, adding that issues like climate change, biodiversity loss, and pollution are creating challenges for the planet Earth and the Circular Economy is the most effective way to cope with these challenges.

He said that it is a system where waste is reused and recycled, reduces energy consumption, and renewable energy is promoted. Highlighting the steps taken by the Rajasthan government, Sharma said that his state government is playing a leading role in this mission.

An Environmental Management Cell (EMC) has been established so that waste management and recycling can be done more effectively. During the event, a major Memorandum of Understanding (MoU) for CITIIS 2.0 was signed, marking a crucial step in urban sustainability initiatives. The Minister announced that agreements worth Rs 1,800 crores will be signed under this initiative, benefiting 18 cities across 14 states.

These projects will serve as models for integrated waste management and climate action. The 12th Regional 3R and Circular Economy Forum will continue in the coming days, featuring expert discussions, policy dialogues, and collaborative initiatives to shape the future of sustainable urban development.

Rajasthan: 3R इकोनॉमी फोरम को सीएम भजनलाल शर्मा ने किया संबोधित, राजस्थान के ग्रीन बजट का भी किया जिक्र

CM Bhajan Lal Sharma: सीएम भजनलाल शर्मा ने कार्यक्रम को संबोधित करते हुए कहा कि राजस्थान में टूटेड वॉटर के लिए नई नीति तैयार की जा रही है.

3R Economy Forum in Jaipur: जयपुर में 3R इकोनॉमी फोरम में 38 देश के 200 से सदस्य अधिक अंतरराष्ट्रीय प्रतिनिधि भाग लेने पहुंचे हैं। फोरम में रिड्यूस, रीयूज और रीसाइकल (3R) पर मंथन किया जाएगा। इसमें केंद्रीय मंत्री, सरकारी अधिकारी, शिक्षा विभाग के विशेषज्ञ भी शामिल होंगे। देशभर से भी 60 से अधिक शहरों के 300 से अधिक प्रतिनिधि इसका हिस्सा होंगे। सीएम भजनलाल शर्मा (CM Bhajan Lal Sharma) ने कार्यक्रम को संबोधित करते हुए कहा कि राजस्थान में ट्रीटेड वॉटर के लिए नई नीति तैयार की जा रही है। मुख्यमंत्री सद्भावना केंद्रों के जरिए नागरिकों को अनुप्रयोग की वस्तुओं के दान और उन्हें उपयोग की सुविधा दी जा रही है।

ई-वेस्ट निस्तारण पर काम कर रही है सरकार

उन्होंने बताया, "राजस्थान में कचरा प्रसंस्करण की क्षमता 21 लाख मेट्रिक टन से बढ़ाकर दोगुनी से भी ज्यादा 45 लाख मेट्रिक टन करने का लक्ष्य रखा गया है। वेस्ट टू एनर्जी योजना के तहत आरडीएफ और जैविक उर्वरक पर जोर दिया जा रहा है। शहरी क्षेत्र में एमआरएफ प्लांट्स के जरिए प्लास्टिक को अलग किया जा रहा है। ई-वेस्ट का निस्तारण करने के लिए भी कार्य किया जा रहा है।"

प्रदेश में विकसित किए जाएंगे स्वच्छ और हरित केंद्र- सीएम

मुख्यमंत्री ने बताया कि लैंडफिल साइट से 88 लाख क्यूबिक कचरे का निष्पादन कर 326 एकड़ भूमि को दोबारा भूमि उपयोग के लिए तैयार किया गया है। इस बार पेश ग्रीन बजट की जानकारी देते हुए सीएम ने कहा कि इसमें 27 हजार 854 करोड़ रुपये ग्रीन परियोजनाओं के लिए निर्धारित किए गए हैं। वहीं, 250 करोड़ रुपये के निवेश के साथ सर्कुलर इकोनॉमी पार्क और स्वच्छ- हरित केंद्र विकसित किए जा रहे हैं।

सर्कुलर इकोनॉमी को राज्य में बढ़ावा देने की कोशिश

सीएम भजनलाल शर्मा ने बताया कि इस दिशा में पुराने वाहनों के निष्पादन को लेकर कार्य किया जा रहा है। सरकार निजी क्षेत्र और शैक्षणिक संस्थाओं के सहयोग को भी बढ़ावा देगी, ताकि सर्कुलर इकोनॉमी को राज्य में बढ़ावा दिया जा सके।

**12th Regional 3R And Circular Economy
Forum In The Asia & The Pacific Kick Starts
In Jaipur.**

New Delhi, Delhi, 3rd of March, 2025 : The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated today in Jaipur. The inaugural session was attended by Shri Manohar Lal, Union Minister of Housing & Urban Affairs, Shri Bhajanlal Sharma, Chief Minister, Rajasthan. Mr. Trevor Hedley Manemahaga, Minister of Solomon Islands, Mr. Maina Vakafua Talia, Minister of Tuvalu, Mr. Ahmed Nizam, Deputy Minister of Climate Change of Maldives joined the session. Mr. Asao Kelichiro, Minister of Environment, Govt. of Japan joined the session through a virtual message.

Shri Prem Chand Agarwal, Minister of Urban Development, Govt. of Uttarakhand, Shri Vipul Goel, Minister of Urban Local Bodies, Govt. of Haryana, Shri Jhabbar Singh Kharra, Minister of Urban Development & Housing, Govt. of Rajasthan, Shri Kailash Vijayvargiya, Minister of Urban Development & Housing, Govt. of Madhya Pradesh also graced the occasion.

Prime Minister Shri Narendra Modi's Message

On this occasion, Prime Minister Shri Narendra Modi shared a special written message with the delegates of the Forum emphasising that India follows & strongly advocates the P-3 (Pro Planet People) approach. He has also mentioned that India has always been more than willing to share its experiences and learnings in its journey towards Circular Economy.

In his message, he highlighted the role of 3R and Circular Economy principles in ensuring sustainable urban development and resource efficiency. He highlighted India's leadership in global sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reinforcing India's commitment to a net-zero future.

Union Minister's Address

Inaugurating the event, Union Minister for Housing and Urban Affairs, Shri Manohar Lal, welcomed dignitaries, industry leaders, and international representatives. He expressed pride in India hosting the 12th edition of the forum, after the successful 8th forum in Indore. The Minister highlighted Jaipur as an ideal venue due to its deep-rooted traditions in sustainability, such as rainwater harvesting and handicrafts made from recycled materials. He thanked Hon'ble CM of Rajasthan Shri Bhajanlal Sharma for his leadership in making sustainability key pillar in the State's development.

Launch of Cities Coalition for Circularity (C-3)

Taking forward PM Modi's vision, Shri Manohar Lal announced the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships. He stated, "We propose that a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework." This is expected to be a game changer in the city-city partnerships across nations. Shri Manohar Lal reaffirmed that this forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future.

During the inaugural address the Minister said "Circular Economy is not just an environmental responsibility but an economic necessity". He pointed out that India has always practiced sustainable living, but industrialization led to an increase in waste and resource inefficiency. "Now is the time to modernize and integrate these traditional sustainable practices with technological advancements," he said.

Shri Manohar Lal emphasized that under the leadership of Hon'ble Prime Minister Shri Narendra Modi, India is championing Circular Economy on the global stage. He highlighted key government initiatives such as:

- ✓ Mission LIFE (Lifestyle for Environment)
- ✓ Panchamrit Goals at COP26, committing India to net-zero emissions by 2070
- ✓ Swachh Bharat Mission & AMRUT 2.0, tackling urban waste and wastewater recycling

The Minister also spoke about India's focus on Bio-CNG, plastic waste management, and e-waste recycling, reaffirming the government's resolve to create a low-carbon, resource-efficient society.

Jaipur Declaration (2025-2034)

Shri Manohar Lal announced that the forum will adopt the **Jaipur Declaration (2025-2034)**, a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

3R India Pavilion – Showcasing Innovation

Shri Manohar Lal, along with Hon'ble Chief Minister Shri Bhajanlal Sharma, inaugurated the 3R India Pavilion. The pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and start-ups working on waste management and Circular Economy solutions.

Chief Minister's Remarks

Hon'ble Chief Minister of Rajasthan, Shri Bhajanlal Sharma, mentioned that circular economy is not just a necessity for today but also for our future. He said that issues like climate change, biodiversity loss, and pollution are creating challenge for the planet Earth and Circular Economy is the most effective way to cope with these challenges.

He said that it is a system where waste is reused & recycled causing reduced energy consumption and renewable energy is promoted.

Highlighting the steps taken by Rajasthan Government Chief Minister said that the Rajasthan government is playing a leading role in this mission. An Environmental Management Cell (EMC) has been established so that waste management and recycling can be done more effectively.

Inauguration of the 3R India Pavilion

As part of the forum, the 3R India Pavilion was jointly inaugurated by Union Minister Shri Manohar Lal and Chief Minister Shri Bhajanlal Sharma. The pavilion features the International 3R Trade and Technology Exhibition, showcasing innovative waste management and circular economy solutions from over 40 Indian and Japanese businesses and start-ups. The exhibition serves as a platform for industry leaders to explore cutting-edge technologies in resource efficiency and recycling.

Signing of MoU for City Investments to Innovate Integrate and Sustain (CITIIS)

2.0

During the event, a key Memorandum of Understanding (MoU) for CITIIS 2.0 was signed, marking a significant milestone in urban sustainability initiatives. The Minister also spoke about CITIIS 2.0, a flagship initiative driving integrated waste management and climate action. He announced that agreements worth ₹1,800 crores will be signed under this initiative, benefiting 18 cities across 14 states, and serving as lighthouse projects for other urban areas.

The 12th Regional 3R and Circular Economy Forum will continue over the next few days, featuring expert discussions, policy dialogues, and collaborative initiatives to shape the future of sustainable urban development.

12th Regional 3R and 'Circular Economy Forum in Asia & Pacific' commences in Jaipur

Mar 03, 2025, 16:55 IST

Jaipur, March 3 (IANS) The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated on Monday in Jaipur with the Prime Minister Narendra Modi sharing a special message with the forum delegates, emphasising India's commitment to the P-3 (Pro Planet People) approach.

PM Modi also highlighted the role of the 3R (Reduce, Reuse, Recycle) and Circular Economy principles in sustainable urban development and resource efficiency.

The Prime Minister reiterated India's global leadership in sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reaffirming the nation's pledge towards achieving net-zero emissions.

The inaugural session was attended by Manohar Lal, Union Minister of Housing & Urban Affairs, Bhajan Lal Sharma, Chief Minister, Rajasthan, among others.

In line with PM Modi's vision, Manohar Lal announced the launch of the Cities Coalition for Circularity (C-3), a multinational initiative fostering city-to-city collaboration, knowledge exchange, and public-private partnerships.

He proposed forming a working group to structure and operationalise the coalition, positioning it as a transformative step in advancing circular economy principles globally.

Highlighting the importance of sustainable practices, Manohar Lal stated, "Circular Economy is not just an environmental responsibility but an economic necessity."

He emphasised India's tradition of sustainable living and the need to integrate modern technology to enhance resource efficiency.

Manohar Lal announced that the forum will adopt the Jaipur Declaration (2025-2034), a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

The declaration aims to strengthen collaboration among policymakers, industry leaders, and researchers to build a low-carbon, resource-efficient future. As part of the forum, the 3R India Pavilion was inaugurated by Manohar Lal and the Rajasthan Chief Minister.

This pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and start-ups pioneering innovative waste management and Circular Economy solutions. Rajasthan Chief Minister underscored the significance of the Circular Economy in tackling climate change, biodiversity loss, and pollution.

He highlighted state-level initiatives, including the establishment of an Environmental Management Cell (EMC) for effective waste management and recycling.

He mentioned that a circular economy is not just a necessity for today but also for our future, adding that issues like climate change, biodiversity loss, and pollution are creating challenges for the planet Earth and the Circular Economy is the most effective way to cope with these challenges.

He said that it is a system where waste is reused and recycled, reduces energy consumption, and renewable energy is promoted. Highlighting the steps taken by the Rajasthan government, Sharma said that his state government is playing a leading role in this mission.

An Environmental Management Cell (EMC) has been established so that waste management and recycling can be done more effectively. During the event, a major Memorandum of Understanding (MoU) for CITIIS 2.0 was signed, marking a crucial step in urban sustainability initiatives. The Minister announced that agreements worth Rs 1,800 crores will be signed under this initiative, benefiting 18 cities across 14 states.

These projects will serve as models for integrated waste management and climate action. The 12th Regional 3R and Circular Economy Forum will continue in the coming days, featuring expert discussions, policy dialogues, and collaborative initiatives to shape the future of sustainable urban development.

India bats for global platform to accelerate adoption of circular economy

India on Monday said there should be a new global platform that will accelerate the adoption of a circular economy by connecting cities, academia and tech innovators. Union Housing and Urban Affairs Minister Manohar Lal Khattar said the Cities Coalition for Circularity (C3) platform could be in line with the spirit of the Jaipur declaration, to be adopted on the closing day of the 12th Regional 3R and Circular Economy Forum in the Asia and the Pacific that began on Monday.

The event on the theme "Realising Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific" was inaugurated by Khattar in the presence of Rajasthan Chief Minister Bhajan Lal Sharma.

"Today, from this platform, India proposes a global alliance that will speed up circular acceleration by connecting cities, academia and tech innovators. I invite everyone to discuss and collaborate on this initiative, which will strengthen partnerships and generate impactful solutions," Khattar said at the inaugural ceremony.

"To take forward the prime minister's vision, I propose a new ... Cities Coalition for Circularity (C3) platform. We are working on 3R (Reduce, Reuse, Recycle). Now, we will work on C3, which is a multi-stakeholder, multi-national alliance for sharing knowledge, technical expertise and best practices," he said.

Khattar urged the participants to discuss how to improve the proposed platform to benefit cities and other stakeholders.

A circular economy or circularity is an economic model based on reusing and recycling products and materials to reduce waste and maximise resource efficiency.

Khattar said, "India will present C3 as a major digital platform which will promote city to city collaboration, technical institutions, partnerships and such initiatives. It is proposed that a working group of interested voluntary member nations be formed which will finalise the architecture and working principles of the alliance."

With support from industry, academia and policymakers, the platform will emerge as a catalyst to promote resource efficiency and a low carbon economy in the Asia-Pacific region, he added.

Khattar also said the 3R circular economy had become a necessity not only for environmental responsibility but also for sustainable development.

He said industrialisation and consumerism had made mass production a necessity,

"As a result, a disposable culture has emerged, promoting a 'use-and-throw' mentality. This culture has led to an overwhelming accumulation of waste," he said.

With the rapid evolution of technology, waste is increasing at an alarming rate, he added.

Now, it is time to bring innovation into traditional practices, Khattar said. "By merging modern technology with age-old customs, we can revitalise systems and promote efficient recycling as well as environmental responsibility. This will contribute to the improvement of our environment."

The Centre has identified 11 key sectors, including liquid waste management and lithium battery recycling, to maximise resource utilisation and reduce waste.

Chief Minister Sharma said industrialisation was having a significant impact on the environment, leading to shrinking forests, mountains and rivers.

"To protect these natural resources, we must continue working towards their conservation," he said.

A system needs to be established to effectively handle waste, he said.

"By finding solutions to waste disposal, we can ensure that the atmosphere remains clean. The Indian government has taken several steps to address this issue. The Swachh Bharat Abhiyan is one of the major initiatives and the Rajasthan government is playing a leading role in this mission," Sharma said.

More than 1,000 delegates, including policymakers, industry leaders and representatives from international organizations from Asia-Pacific countries, are participating in the three-day forum. The participants,

Launched by the United Nations Centre for Regional Development in 2009, the forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R and circularity.

India champions circular economy at 3R Forum in Jaipur

*Daijiworld Media Network -
Jaipur*

Jaipur, Mar 3: Prime Minister Narendra Modi reaffirmed India's commitment to global sustainability and the Pro Planet People (P3) approach, emphasizing the country's dedication to the principles of a Circular Economy. In a

special message addressed to delegates at the 12th Regional 3R and Circular Economy Forum in Asia, which began in Jaipur on Monday, PM Modi reiterated India's willingness to share its experiences and innovations in sustainability with the world.

The three-day forum was inaugurated in the presence of Union Minister for Housing and Urban Affairs Manohar Lal, Rajasthan Chief Minister Bhajanlal Sharma, and several distinguished dignitaries.

In his message, PM Modi highlighted the importance of the 3R principles—Reduce, Reuse, and Recycle—as key drivers of sustainable urban development and resource efficiency. He also underscored India's leadership in global sustainability efforts, referencing initiatives like Mission LiFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, which reaffirm India's commitment to achieving net-zero emissions.

Union Minister Manohar Lal, addressing the gathering, praised Jaipur as a fitting venue for the forum, citing the city's historical commitment to sustainable practices such as rainwater harvesting and handicraft production using recycled materials.

To further India's vision for sustainability, the minister announced the launch of the Cities Coalition for Circularity (C-3)—a multi-nation alliance aimed at fostering city-to-city collaboration, knowledge exchange, and private sector partnerships in resource efficiency. He proposed forming a working group of member nations to finalize the coalition's structure and operational framework.

Stressing that a Circular Economy is not just an environmental necessity but also an economic imperative, Manohar Lal outlined India's focus on sustainable solutions, including bio-CNG production, plastic waste management, and e-waste recycling. He reaffirmed the government's commitment to creating a low-carbon, resource-efficient society.

As a major outcome of the forum, the minister announced the adoption of the Jaipur Declaration (2025-2034)—a non-political, non-binding framework that will guide the next decade of global efforts in sustainable urban development and resource conservation.

With policymakers, industry leaders, and researchers coming together, the forum is set to act as a catalyst for shaping a future built on sustainability, efficiency, and innovation.

Regional 3 R & Circular Economy Forum starts today, CM Bhajanlal Sharma said - New policy is being made for use of treated water in Rajasthan

Jaipur: Regional 3R and Circular Economy Forum started today. It is being organized at Rajasthan International Centre. Meanwhile, Chief Minister Bhajan Lal Sharma said that Union Minister Manohar Lal Khattar has chosen Jaipur for this event. I thank him very much for this.

This kind of organization infuses new energy into the city. More than 90% of resources are wasted. Only 8.6% returns to the economy. This is a matter of concern. Circular economy is a good way to tackle various challenges.

We have to work for the protection of rivers and mountains. In our culture we worship rivers, mountains and trees. A new policy is being made for the use of treated water in the region. Garbage collection is targeted at 45 lakh metric tonnes.

After this Union Minister Manohar Lal Khattar said that India has got this opportunity. Why are we organizing the second edition? There could not be a better place than Jaipur. Because Rajasthan is known for its cultural heritage and sustainable development.

I thank Chief Minister of Rajasthan Bhajan Lal Sharma for organizing this event. Sharma's visionary leadership has taken Rajasthan on the path of development.

मनोहर लाल खट्टर और CM भजनलाल शर्मा की प्रेस वार्ता, बोले- राजस्थान में अधिकतर कचरे का रीसायकल किया जा रहा

जयपुर: रीजनल थ्री आर एंड सर्कुलर इकोनोमी फोरम का राजस्थान इंटरनेशनल सेंटर में आयोजन हो रहा. इस दौरान केंद्रीय मंत्री मनोहर लाल खट्टर और मुख्यमंत्री भजनलाल शर्मा की प्रेस वार्ता की. मुख्यमंत्री भजनलाल शर्मा ने कहा कि संपूर्ण भविष्य की आवश्यकता को ध्यान में रखते हुए समूचे विश्व को जागृत करने को लेकर आगे बढ़ाना है.

प्रधानमंत्री मोदी ने हमेशा से सर्कुलर इकोनोमी को बढ़ावा दिया है. प्रदेश में अधिकतर कचरे का रीसायकल किया जा रहा है. इस आयोजन से वेस्ट टू वैल्यू की दिशा में और भी बेहतर काम होगा.

वहीं केंद्रीय मंत्री मनोहर लाल खट्टर ने कहा की प्रधानमंत्री नरेंद्र मोदी ने आयोजन के लिए अपने संदेश में कहा कि भारत हमेशा से सर्कुलर इकोनोमी को बढ़ावा देता रहा है.

12वां क्षेत्रीय थ्री आर और सर्कुलर इकॉनमी फोरम समारोह : सीएम बोले -सर्कुलर इकॉनमी इंसेंटिव स्कीम लेकर आएगी राज्य सरकार

एमएसएमई और स्टार्टअप्स को मिलेगी 2 करोड़ तक की सहायता- मुख्यमंत्री भजनलाल शर्मा

पर्यावरण संरक्षण में रिड्यूस, रियूज, रिसाइकल प्रभावी माध्यम - केन्द्रीय मंत्री मनोहर लाल खट्टर जयपुर । मुख्यमंत्री भजनलाल शर्मा ने कहा कि जलवायु परिवर्तन, जैव विविधता की हानि एवं प्रदूषण जैसी चुनौतियों से निपटने के लिए सर्कुलर इकॉनमी अत्यंत प्रभावी माध्यम है। इस व्यवस्था में अपशिष्ट को रिसाइकल और रियूज किया जाता है जिससे ऊर्जा की खपत घटती है और नवीकरणीय ऊर्जा को बढ़ावा मिलता है। उन्होंने कहा कि राजस्थान सरकार भी इस दिशा में कई महत्वपूर्ण कदम उठाकर मिशन में अग्रणी भूमिका निभा रही है।

भजनलाल शर्मा सोमवार को राजस्थान इंटरनेशनल सेंटर में आयोजित 12वें क्षेत्रीय ग्री आर और सर्कुलर इकॉनमी फोरम समारोह को संबोधित कर रहे थे। उन्होंने कहा कि राज्य में पर्यावरण प्रबंधन केंद्र की स्थापना की गई है, ताकि कचरा प्रबंधन और रिसाइलिंग को ज्यादा प्रभावी तरीके से किया जा सके। साथ ही, टूटेड वॉटर के उपयोग के लिए नई नीति तैयार की जा रही है। मुख्यमंत्री सद्भावना केंद्रों के जरिए नागरिकों को अनुपयोगी वस्तुओं के दान और पुनरुपयोग की सुविधा दी जा रही है।

मुख्यमंत्री ने कहा कि हमने राजस्थान में कचरा प्रसंस्करण की क्षमता को 21 लाख मीट्रिक टन से बढ़ाकर इसके दोगुने से भी ज्यादा यानी करीब 45 लाख मीट्रिक टन करने का लक्ष्य रखा है। वेस्ट-टू-एनर्जी योजनाओं के तहत कंपोस्ट, आरडीएफ, और जैविक उर्वरक उत्पादन पर भी जोर दिया जा रहा है। उन्होंने कहा कि शहरी क्षेत्रों में एमआरएफ प्लॉट्स के जरिए प्लास्टिक और रिसाइकल योग्य सामग्री को अलग कर ई-वेस्ट, बैटरी वेस्ट और खतरनाक कचरे का निस्तारण किया जा रहा है।

प्राकृतिक संसाधनों के अंधाधुंध दोहन से धरती संकट में

मुख्यमंत्री ने कहा कि पिछले 50 वर्षों में प्राकृतिक संसाधनों का दोहन लगभग 400 प्रतिशत बढ़कर 106 बिलियन टन के आंकड़े को भी पार कर चुका है। चिंता की बात यह है कि इनमें से 90 प्रतिशत से अधिक संसाधन बर्बाद हो जाते हैं और केवल 8.6 प्रतिशत ही वैश्विक अर्थव्यवस्था में वापस आ पाते हैं। यह स्थिति धरती को संकट में डाल रही है और जलवायु परिवर्तन, जैव विविधता की हानि एवं प्रदूषण जैसी समस्याएं गहराती जा रही हैं।

केन्द्र सरकार ने तैयार किया सर्कुलर इकॉनमी रोडमैप

मुख्यमंत्री शर्मा ने कहा कि यशस्वी प्रधानमंत्री नरेन्द्र मोदी के नेतृत्व में केन्द्र सरकार ने इन समस्याओं के समाधान के लिए कई महत्वपूर्ण कदम उठाए हैं। स्वच्छ भारत मिशन के तहत भारत ने दुनिया का सबसे बड़ा अपशिष्ट प्रबंधन और स्वच्छता अभियान चलाया है। इसके साथ ही, नगरपालिका ठोस अपशिष्ट, इलेक्ट्रॉनिक कचरा, सौर पैनल और कृषि अपशिष्ट जैसे 11 प्रमुख क्षेत्रों पर केंद्रित सर्कुलर इकॉनमी रोडमैप तैयार किया गया है।

राजस्थान ने की ग्रीन टेक्नोलॉजी और सतत विकास में पहल

मुख्यमंत्री ने कहा कि राजस्थान ने ग्रीन टेक्नोलॉजी और सतत विकास में भी पहल की है। राजस्थान पहला राज्य है जिसने ग्रीन बजट पेश किया है और इसमें 27 हजार 854 करोड़ रुपये ग्रीन परियोजनाओं के लिए निर्धारित किए गए हैं। उन्होंने कहा कि 250 करोड़ रुपये के निवेश के साथ सर्कुलर इकॉनमी पार्क और स्वच्छ एवं हरित तकनीक विकास केंद्र स्थापित किए जा रहे हैं।

मुख्यमंत्री ने कहा कि राज्य सरकार सर्कुलर इकॉनमी इंसेंटिव स्कीम लेकर आएगी, जो एमएसएमई और स्टार्टअप्स को 2 करोड़ रुपये तक की सहायता देगी। इसके साथ ही राजस्थान फ्रीकल स्केपिंग पॉलिसी के माध्यम से पुराने वाहनों के निष्काशन को बढ़ावा दिया जाएगा। शर्मा ने कहा कि हम शून्य अपशिष्ट समाज का सपना साकार करने के लिए सर्कुलर इकॉनमी एलायंस नेटवर्क की स्थापना के जरिए सरकार, निजी क्षेत्र और शिक्षण संस्थानों के बीच सहयोग को बढ़ावा देंगे।

भारत सर्कुलर इकॉनमी के क्षेत्र में निभा रहा अग्रणी भूमिका

कार्यक्रम में केन्द्रीय आवास एवं शहरी कार्य मंत्री मनोहर लाल खट्टर ने कहा कि भारत सर्कुलर इकॉनमी के क्षेत्र में अंतर्राष्ट्रीय स्तर पर अग्रणी भूमिका निभा रहा है। ग्री आर (रिड्यूस, रियूज एवं रिसाइकल) आज की अर्थव्यवस्था की जरूरत और पर्यावरण संरक्षण का प्रभावी माध्यम है। उन्होंने कहा कि इस फोरम में 'जयपुर घोषणा पत्र' के तहत सी ग्री (सिटीज कोलिशन फॉर सर्कुलरिटीज) के मापदण्डों पर बल दिया जाएगा। इसमें संसाधन कुशल और कम कार्बन उत्सर्जन वाले समाज को बढ़ावा देने में अगले दशक की दिशा निर्धारित की जाएगी।

खट्टर ने कहा कि सिटीज 2.0 एक ऐसी अनूठी पहल है जो इन्टीग्रेटेड वेस्ट मैनेजमेंट और जलवायु परिवर्तन की दिशा में कार्यवाही को आगे बढ़ाती है। इसके तहत 14 प्रदेशों के 18 शहरों में समयबद्ध रूप से परियोजनाओं को लागू कर कचरा प्रबंधन संयंत्र लगाने, कचरे से खाद, कचरे से ऊर्जा बनाने पर जोर दिया गया है।

उन्होंने कहा कि प्रधानमंत्री नरेन्द्र मोदी का मानना है कि सर्कुलर इकोनमी को अपनाते हुए ही कोई भी देश आत्मनिर्भर बन सकता है। केन्द्र सरकार ने पंचामृत लक्ष्य, मिशन लाईफ जैसे अभियानों से जहाँ अपशिष्ट के रिसाइकिल एवं रिड्यूस को बढ़ावा दिया है वहीं इससे नवीकरणीय ऊर्जा को प्रोत्साहन मिल रहा है।

कार्यक्रम में जापान, यूएन, एशिया एवं प्रशांत क्षेत्र के प्रतिनिधियों ने भी वीडियो संदेश के द्वारा अपने विचार व्यक्त किए। इससे पहले मुख्यमंत्री ने केन्द्रीय शहरी विकास कार्य मंत्रालय द्वारा आयोजित प्रदर्शनी का अवलोकन किया।

इस अवसर पर नगरीय विकास एवं स्वायत्त शासन राज्य मंत्री (स्वतंत्र प्रभार) झाबर सिंह खरौ, मध्यप्रदेश, उत्तराखण्ड, ओडिशा और हरियाणा के शहरी विकास मंत्री, विभिन्न राज्यों के शहरी विकास विभागों के अधिकारीगण, नगरीय आयुक्त एवं महापौर उपस्थित रहे।

India willing to share learnings in its journey towards 'Circular Economy': PM Modi

IANIS | 3 Mar 2025 2:52 PM IST

HIGHLIGHTS

India strongly advocates the P3 (Pro Planet People) approach and has always been more than willing to share its experiences and learnings with the world in its journey towards 'Circular Economy,' Prime Minister Narendra Modi said on Monday.

Jaipur : India strongly advocates the P3 (Pro Planet People) approach and has always been more than willing to share its experiences and learnings with the world in its journey towards 'Circular Economy,' Prime Minister Narendra Modi said on Monday.

PM Modi shared a specially written message with delegates of the three-day, '12th Regional 3R and Circular Economy Forum in Asia' which began here. The inaugural session was attended by Manohar Lal, Union Minister of Housing and Urban Affairs, and Rajasthan Chief Minister Bhajanlal Sharma, among other dignitaries.

In his message, the Prime Minister highlighted the role of 3R (Reduce, Reuse and Recycle) and 'Circular Economy' principles in ensuring sustainable urban development and resource efficiency.

The PM highlighted India's leadership in global sustainability efforts, including 'Mission LiFE' (Lifestyle for Environment) and the 'Panchamrit Goals' announced at COP26, reinforcing India's commitment to a net-zero future.

During his address, Manohar Lal highlighted Jaipur as an ideal venue due to its deep-rooted traditions in sustainability, such as rainwater harvesting and handicrafts made from recycled materials.

Taking forward PM Modi's vision, he announced the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships.

"We propose that a working group of member nations be formed after this forum to finalise the coalition's structure and operational framework," said the Union Minister.

The forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders and researchers to build a sustainable future.

"Circular Economy is not just an environmental responsibility but an economic necessity", said Manohar Lal.

The Minister also spoke about India's focus on bio-CNG, plastic waste management and e-waste recycling, reaffirming the government's resolve to create a low-carbon, resource-efficient society.

Manohar Lal announced that the forum will adopt the Jaipur Declaration (2025-2034), a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

Andhra Pradesh Officials Attend 12th Asia-Pacific 3R Circular Economy Forum in Jaipur

HIGHLIGHTS

The 12th Asia-Pacific High-Level Regional 3R Circular Economy Forum is currently underway in Jaipur, Rajasthan, under the aegis of the Ministry of Housing and Urban Affairs, Government of India.

Amaravati : The 12th Asia-Pacific High-Level Regional 3R Circular Economy Forum is currently underway in Jaipur, Rajasthan, under the aegis of the Ministry of Housing and Urban Affairs, Government of India. The three-day conference focuses on key topics such as integrated waste management, climate reforms, environmental conservation, and promoting a circular economy.

From Andhra Pradesh, Municipal Administration Principal Secretary Suresh Kumar, Swachh Andhra Corporation Managing Director Anil Kumar Reddy, and Chairman Pattabhi have attended the forum. They are participating in discussions on sustainable urban development and waste management strategies.

As part of the Cities Project, aimed at strengthening climate-based reforms at the national level, Andhra Pradesh officials signed an agreement with Union Minister for Urban Development Manohar Lal. The agreement seeks to enhance climate resilience and sustainable urban transformation across Indian cities.

The forum serves as a crucial platform for knowledge exchange and policy formulation, with experts and policymakers deliberating on best practices in circular economy and urban sustainability.

DAILY**EXCELSIOR**.COM

J&K Exhibits Sustainable Innovations At 12th Regional 3R, Circular Economy Forum In Asia-Pacific

JAMMU, Mar 3: In a landmark move, Srinagar Smart City Limited signed a Memorandum of Understanding (MoU) under the CITIIS 2.0 program regarding implementation of integrated waste management systems including smart collection networks and AI-driven recycling hubs to transform Srinagar into a zero-landfill city by 2030.

The MoU was signed during the 12th Regional 3R (Reduce, Reuse, Recycle) and Circular Economy Forum in Asia and the Pacific, being held in Rajasthan from March 3 to 5, 2025.

Additionally, the UT government inked a state-level agreement to establish a Climate Observatory, a first-of-its-kind institution in North India. The observatory will monitor climate variables, assess risks and formulate adaptive strategies for vulnerable sectors like agriculture, tourism and water resources.

The event, a flagship platform for advancing sustainable development and resource efficiency, saw J&K highlighting its pioneering initiatives in waste management and circular economy practices, reinforcing its commitment to environmental stewardship.

The Lakes Conservation and Management Authority (LCMA) showcased [Jammu](#) & Kashmir's ground-breaking Dal Lake Weed Processing Unit at the forum, drawing widespread attention from policymakers, technocrats and sustainability experts. The project, which converts invasive aquatic weeds into organic manure and biogas, exemplifies the UT's innovative approach towards tackling ecological challenges while promoting circular economy principles. [Jammu travel packages](#)

Dignitaries including Policy Makers, Thinkers, Researchers and Planners from all across the Country visited the J&K stall and applauded the initiative of transforming lake waste into valuable resources adopting sustainable waste management practices.

The J&K delegation, led by senior officials from the Housing and Urban Development Department, engaged in extensive knowledge-sharing sessions with the representatives from other states and Self-Help Groups (SHGs). Key focus areas included "Waste-to-Wonder Technologies", "Waste-to-Energy Innovations" and "Community-Led Circular Economy Models".

The forum offered a wealth of ideas, particularly in decentralizing waste management and empowering local communities. The visit provided an opportunity to explore best practices and modern technologies for potential replication in Jammu & Kashmir.

The participation of Jammu & Kashmir in the forum highlights its unwavering commitment towards sustainable urban development and the promotion of circular economy principles, aligning with the broader vision of environmental conservation and resource efficiency.

Pertinently, CITIIS 2.0 is a flagship initiative driving integrated waste management and climate action. Proposals for integrated waste management in smart cities were invited by the Ministry of Housing Affairs, GoI and 18 proposals worth Rs. 1800 Cr were shortlisted benefiting 18 cities across 14 states of the Country.

The 12th Regional 3R and Circular Economy Forum will continue in the coming days, featuring expert discussions, policy dialogues and collaborative initiatives aimed at shaping the future of sustainable urban development and circularity in the country.

RisingKashmir

J&K participates in 12th Regional 3R and Circular Economy Forum in Asia-Pacific at Rajasthan

Jammu and Kashmir showcased its significant advancements in waste management and circular economy practices at the 12th Regional 3R (Reduce, Reuse, Recycle) and Circular Economy Forum in Asia and the Pacific, held in Rajasthan from March 3rd to 5th, 2025.

The Union Territory's innovative Dal Lake Weed Processing Unit, managed by the Jammu and Kashmir Lakes Conservation and Management Authority (LCMA), was a highlight of the forum. Dignitaries from across the country, including Sh. Manohar Lal Khattar, Hon'ble Minister of Housing and Urban Affairs, Government of India, and Sh. Bhajan Lal Sharma, Hon'ble Chief Minister of Rajasthan, praised Jammu & Kashmir's initiatives in sustainable waste management.

The Jammu and Kashmir delegation also explored various stalls set up by other states and Self-Help Groups (SHGs), gaining valuable insights into modern technologies such as Waste-to-Wonder and Waste-to-Energy solutions. This engagement provided an excellent opportunity to learn about best practices that could be replicated in Jammu and Kashmir.

Additionally, Srinagar Smart City Ltd. signed a Memorandum of Understanding (MoU) under the CITIS 2.0 program to implement effective waste management solutions in the city. A UT-level agreement was also established to create a Climate Observatory, aimed at addressing the impacts of climate change.

Jammu and Kashmir's participation in this forum underscores its steadfast commitment to sustainable urban development and the promotion of circular economy principles, aligning with the broader goals of environmental conservation and resource efficiency.

आज की ताज़ा ख़बर

एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की जयपुर में शुरुआत

एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का आज जयपुर में उद्घाटन किया गया। केंद्रीय आवास और शहरी मामलों के मंत्री मनोहर लाल, राजस्थान के मुख्यमंत्री भजनलाल शर्मा ने उद्घाटन सत्र में भाग लिया। सोलोमन द्वीप के मंत्री ट्रेवर हेडली मानेमहागा, तुवालु के मंत्री मैना वकाफुआ तालिया, मालदीव के जलवायु परिवर्तन उप मंत्री अहमद निजाम भी इस सत्र में शामिल हुए। जापान सरकार के पर्यावरण मंत्री असाओ केइचिरो वर्चुअल संदेश के माध्यम से इस सत्र में शामिल हुए।

उत्तराखंड के शहरी विकास मंत्री प्रेम चंद अग्रवाल, हरियाणा के शहरी स्थानीय निकाय मंत्री विपुल गोयल, राजस्थान के शहरी विकास एवं आवास मंत्री झाबर सिंह खर्रा, मध्य प्रदेश के शहरी विकास एवं आवास मंत्री कैलाश विजयवर्गीय भी इस अवसर पर उपस्थित थे।

प्रधानमंत्री नरेन्द्र मोदी का संदेश

प्रधानमंत्री नरेन्द्र मोदी ने इस अवसर पर फोरम के प्रतिनिधियों के साथ एक विशेष लिखित संदेश साझा किया, जिसमें उन्होंने इस बात पर बल दिया गया कि भारत पी-3 (प्रो प्लैनेट पीपुल) दृष्टिकोण का पालन करता है और इसकी पुरजोर वकालत करता है। उन्होंने यह भी उल्लेख किया कि भारत सर्कुलर इकोनॉमी की ओर अपनी यात्रा में अपने अनुभवों और ज्ञान को साझा करने के लिए हमेशा तत्पर रहा है।

प्रधानमंत्री नरेन्द्र मोदी ने अपने संदेश में स्थाई शहरी विकास और संसाधन दक्षता सुनिश्चित करने में 3आर और सर्कुलर इकोनॉमी सिद्धांतों की भूमिका पर प्रकाश डाला। उन्होंने मिशन लाइफ (पर्यावरण के लिए जीवनशैली) और सीओपी 26 में घोषित पंचामृत लक्ष्यों सहित वैश्विक स्थिरता प्रयासों में भारत के नेतृत्व का उल्लेख किया, जिससे भविष्य को बेहतर बनाने की भारत की प्रतिबद्धता को बल मिला। 

केंद्रीय मंत्री का संबोधन

इस कार्यक्रम का उद्घाटन करते हुए, केंद्रीय आवास एवं शहरी मामलों के मंत्री मनोहर लाल ने गणमान्य व्यक्तियों, उद्योग जगत के नेताओं और अंतर्राष्ट्रीय प्रतिनिधियों का स्वागत किया। उन्होंने इंदौर में 8वें फोरम के सफल आयोजन के बाद, भारत द्वारा फोरम के 12वें संस्करण की मेजबानी किए जाने पर गर्व व्यक्त किया। मंत्री ने जयपुर को इस कार्यक्रम के आयोजन के लिए एक आदर्श स्थल बताया, क्योंकि यहां वर्षा जल संचयन और पुनर्चक्रित सामग्रियों से बने हस्तशिल्प जैसी स्थिरता की गहरी परंपराएं हैं। उन्होंने राजस्थान के माननीय मुख्यमंत्री भजनलाल शर्मा को राज्य के विकास में स्थिरता को प्रमुख स्तंभ बनाने में उनके नेतृत्व के लिए धन्यवाद दिया।

सिटीज कोलिशन फॉर सर्कुलरिटी (सी-3) का शुभारंभ

प्रधानमंत्री मोदी के दृष्टिकोण को आगे बढ़ाते हुए, मनोहर लाल ने सिटीज कोलिशन फॉर सर्कुलरिटी (सी-3) की घोषणा की, जो शहरों के बीच सहयोग, ज्ञान-साझाकरण और निजी क्षेत्र की भागीदारी के लिए एक बहु-राष्ट्रीय सहयोग है। मंत्री ने कहा कि हम प्रस्ताव करते हैं कि सहयोग की संरचना और परिचालन रूपरेखा को अंतिम रूप देने के लिए इस मंच के बाद सदस्य देशों का एक कार्य समूह बनाया जाए। इससे राष्ट्रों के मध्य शहर से शहर तक भागीदारी में एक बड़ा बदलाव होने की आशा है। मनोहर लाल ने पुष्टि की कि यह मंच संसाधन दक्षता और कम कार्बन अर्थव्यवस्था के लिए उत्प्रेरक के रूप में कार्य करेगा, नीति निर्माताओं, उद्योग के नेताओं और शोधकर्ताओं के बीच सहयोग को मजबूत करेगा ताकि एक स्थायी भविष्य का निर्माण किया जा सके। 

उद्घाटन भाषण के दौरान मंत्री ने कहा कि "सर्कुलर इकोनॉमी सिर्फ एक पर्यावरणीय ज़िम्मेदारी नहीं है बल्कि एक आर्थिक आवश्यकता है"। उन्होंने बताया कि भारत ने हमेशा से ही संधारणीय जीवन शैली का अभ्यास किया है, लेकिन औद्योगीकरण के कारण कचरे में वृद्धि हुई है और संसाधन की अक्षमता बढ़ी है। उन्होंने कहा, "अब समय आ गया है कि इन पारंपरिक संधारणीय विधियों को आधुनिक बनाया जाए और उन्हें तकनीकी प्रगति के साथ एकीकृत किया जाए।"

मनोहर लाल ने इस बात पर बल दिया कि माननीय प्रधानमंत्री नरेन्द्र मोदी के नेतृत्व में भारत वैश्विक मंच पर सर्कुलर इकोनॉमी का नेतृत्व कर रहा है। उन्होंने सरकार की इन प्रमुख पहलों पर प्रकाश डाला:

- मिशन लाइफ (पर्यावरण के लिए जीवनशैली)
- सीओपी26 में पंचमृत लक्ष्य, वर्ष 2070 तक भारत को शून्य उत्सर्जन के लिए प्रतिबद्ध करना
- स्वच्छ भारत मिशन और अमृत 2.0, शहरी कचरे और अपशिष्ट जल पुनर्वर्धन से निपटना

मंत्री ने कहा कि भारत जैव-सीएनजी, प्लास्टिक अपशिष्ट प्रबंधन और ई-कचरा पुनर्वर्धन पर ध्यान दे रहा है। उन्होंने कम कार्बन, संसाधन-कुशल समाज बनाने के सरकार के संकल्प की पुष्टि की।

जयपुर घोषणा (2025-2034)

मनोहर लाल ने कहा कि यह मंच जयपुर घोषणा (2025-2034) को अपनाएगा, जो एक गैर-राजनीतिक, गैर-बाध्यकारी प्रतिबद्धता के रूप में संसाधन दक्षता और सतत शहरी विकास की दिशा में अगले दशक के प्रयासों का मार्गदर्शन करेगी।

3आर इंडिया पैवेलियन – नवाचार का प्रदर्शन

मनोहर लाल ने माननीय मुख्यमंत्री भजनलाल शर्मा के साथ 3आर इंडिया पैवेलियन का उद्घाटन किया। इस अंतर्राष्ट्रीय 3आर व्यापार और प्रौद्योगिकी प्रदर्शनी में 40 से अधिक भारतीय और जापानी व्यवसाय और स्टार्ट-अप्स को प्रदर्शित किया गया है जो अपशिष्ट प्रबंधन और सर्कुलर इकोनॉमी समाधानों पर काम कर रहे हैं।

मुख्यमंत्री का संबोधन

राजस्थान के माननीय मुख्यमंत्री भजनलाल शर्मा ने कहा कि सर्कुलर इकोनॉमी वर्तमान ही नहीं बल्कि हमारे भविष्य की भी जरूरत है। उन्होंने कहा कि जलवायु परिवर्तन, जैव विविधता का हास और प्रदूषण जैसे मुद्दे पृथ्वी ग्रह के लिए चुनौतियां उत्पन्न कर रहे हैं और इन चुनौतियों से निपटने के लिए सर्कुलर इकोनॉमी सबसे उत्तम तरीका है।

उन्होंने कहा कि यह एक ऐसी प्रणाली है जिसमें अपशिष्ट का पुनः उपयोग और पुनर्चक्रण किया जाता है, जिससे ऊर्जा की खपत कम होती है और नवीकरणीय ऊर्जा को बढ़ावा मिलता है।

राजस्थान सरकार की पहलों पर प्रकाश डालते हुए मुख्यमंत्री ने कहा कि सरकार इस मिशन में अग्रणी भूमिका निभा रही है। पर्यावरण प्रबंधन प्रकोष्ठ (ईएमसी) की स्थापना की गई है ताकि अपशिष्ट प्रबंधन और पुनर्चक्रण अधिक प्रभावी ढंग से किया जा सके।

3आर इंडिया पैवेलियन का उद्घाटन

केंद्रीय मंत्री मनोहर लाल और मुख्यमंत्री भजनलाल शर्मा ने संयुक्त रूप से फोरम के हिस्से के रूप में, 3आर इंडिया पैवेलियन का उद्घाटन किया। इस अंतर्राष्ट्रीय 3आर व्यापार और प्रौद्योगिकी प्रदर्शनी में 40 से अधिक भारतीय और जापानी व्यवसायों और स्टार्ट-अप्स के अभिनव अपशिष्ट प्रबंधन और सर्कुलर अर्थव्यवस्था समाधान प्रदर्शित किए गए। यह प्रदर्शनी उद्योग जगत के नेताओं के लिए संसाधन दक्षता और पुनर्चक्रण में अत्याधुनिक तकनीकों का पता लगाने के लिए एक मंच के रूप में कार्य करती है।

नवप्रवर्तन, एकीकरण और स्थिरता के लिए शहरी निवेश (सीआईटीआईआईएस) 2.0 के लिए समझौता शापन पर हस्ताक्षर

कार्यक्रम के दौरान, सीआईटीआईआईएस 2.0 के लिए एक महत्वपूर्ण समझौता शापन (एमओयू) पर हस्ताक्षर किए गए, यह शहरी स्थिरता पहलों में एक महत्वपूर्ण उपलब्धि है। मंत्री ने सीआईटीआईआईएस 2.0 के बारे में भी बात की, जो एकीकृत अपशिष्ट प्रबंधन और जलवायु कार्रवाई को आगे बढ़ाने वाली एक प्रमुख पहल है। उन्होंने कहा कि इस पहल के अंतर्गत 1,800 करोड़ रुपये के समझौतों पर हस्ताक्षर किए जाएंगे, जिससे 14 राज्यों के 18 शहरों को लाभ होगा और यह अन्य शहरी क्षेत्रों के लिए महत्वपूर्ण परियोजनाओं के रूप में कार्य करेगा।

12वां क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम अगले कुछ दिनों तक जारी रहेगा, जिसमें सतत शहरी विकास के भविष्य को आकार देने के लिए विशेषज्ञ चर्चाएं, नीतिगत संवाद और सहयोगात्मक पहलें शामिल होंगी।

<https://insamachar.com/12th-regional-3r-and-circular-economy-forum-in-asia-and-pacific-begins-in-jaipur/>

Govt. implementing measures to protect environment, says Rajasthan CM Bhajanlal Sharma

New Delhi [India], March 3 (ANI): Rajasthan Chief Minister Bhajanlal Sharma on Monday said that the government is taking steps to purify the atmosphere and protect the environment, with both the central and state governments implementing necessary measures.

Speaking at the event of the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur, CM Sharma highlighted Rajasthan's efforts in waste management, stating that the state has set a goal to enhance waste processing capacity in the state.

Union Minister of Housing and Urban Affairs, Manohar Lai Khattar, inaugurated the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific at the Rajasthan International Center in Jaipur CM Bhajanlal Sharma.

He also spoke about the state's pioneering steps in green technology, mentioning that Rajasthan is the first state to introduce a green budget, with provisions for projects worth crores of rupees.

While stressing the importance of environmental protection, Sharma also emphasised the need for balanced social development.

He said our goal is proper waste disposal and environmental conservation, expressing hope that discussions at the platform would lead to the formulation of policies aligned with these objectives.

He highlighted the importance of efficient resource utilisation and sustainable growth as the pressing needs of the current time.

CM Sharma pointed out the alarming increase in the exploitation of natural resources over the past 50 years, stating that we have witnessed a 400 per cent rise in the exploitation of resources since 1970, which is now posing a major crisis.

He emphasised that the Asia-Pacific region, being the most populous, has been particularly affected by rapid economic growth, which has put forests and biodiversity at risk.

Discussing the need to address these challenges, Sharma remarked that the exploitation is primarily driven by our increasing need for industrialisation.

'In our culture, nature is considered divine, and its preservation is crucial, and we must be mindful of this and work towards its protection,' he said.

The Chief Minister referred to ancient Indian texts, noting that our Vedas recognise nature as divine.

He said that forests provide us with fruits and health, and mountains, rivers, and rainfall offer us and added that we must create systems that safeguard our environment.

Rajasthan recently organised an investor summit, Rising Rajasthan Investors Summit, to attract investments and industries in the state. (ANI)

Jaipur: एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का शुभारंभ

₹25.49 ▲

Tara Tandi

3 Mar 2025 10:42 AM

Jaipur जयपुर । भारत एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी करने के लिए तैयार है। सोमवार को राजस्थान इंटरनेशनल सेंटर, जयपुर में इसका शुभारंभ होगा। 3 से 5 मार्च तक आयोजित होने वाले इस तीन दिवसीय फोरम 'रियलाइजिंग सर्कुलर सोसाइटीज टूवार्ड्स एचीविंग एसडीजी एंड कार्बन न्यूट्रैलिटी इन एशिया पैसिफिक' विषय पर केंद्रित होगा।

केंद्रीय आवास और शहरी मामलों के मंत्री श्री मनोहर लाल, मुख्यमंत्री श्री भजनलाल शर्मा की उपस्थिति में इस कार्यक्रम का उद्घाटन करेंगे। फोरम का नेतृत्व आवास एवं शहरी मामले मंत्रालय के स्वच्छ भारत मिशन-शहरी द्वारा जापान के पर्यावरण मंत्रालय, यूएन इंससीएपी, यूएनसीआरडी, यूएनडीएसडीजी और यूएनडीईएसए के सहयोग व राजस्थान सरकार के सहयोग से किया जा रहा है। फोरम के 12वें संस्करण में एशिया-प्रशांत देशों के 1000 से अधिक प्रतिनिधि शामिल होंगे, जिनमें नीति निर्माता, उद्योग जगत के नेता, शिक्षाविद और अंतर्राष्ट्रीय संगठनों के प्रतिनिधि शामिल होंगे। यह कार्यक्रम 3आर रिड्यूस (कम करना), रीयूज (पुनः उपयोग करना), रीसाइकल (पुनर्चक्रण करना) और सर्कुलरिटी को मुख्यधारा में लाने के सिद्धांतों और सर्कुलर अर्थव्यवस्था पहलों को आगे बढ़ाने के लिए नीतिगत चर्चाओं और ज्ञान के आदान-प्रदान के लिए एक रणनीतिक मंच प्रदान करेगा।

फोरम की मुख्य विशेषताएं:

इंडिया पर्वेलियन - 3आर और सर्कुलर अर्थव्यवस्था क्षेत्र में भारत को पहलों और उपलब्धियों का एक समर्पित प्रदर्शन, जिसमें प्रमुख मंत्रालयों और मिशनों की प्रदर्शनियाँ शामिल हैं।

नीति और महापौरों का संवाद - सर्वोत्तम प्रथाओं और अभिनव दृष्टिकोणों को साझा करने के लिए एशिया-प्रशांत क्षेत्र के शहरी नेताओं और नीति निर्माताओं को शामिल करने वाले विशेष सत्र।

तकनीकी क्षेत्र का दौरा - प्रतिनिधि भारत के सतत शहरी विकास प्रयासों को समझने के लिए जयपुर में ठोस और तरल अपशिष्ट प्रबंधन सुविधाओं और प्रमुख विरासत स्थलों का दौरा करेंगे।

अंतर्राष्ट्रीय 3आर व्यापार और प्रौद्योगिकी प्रदर्शनी - प्रदर्शनी में 40 से अधिक भारतीय और जापानी व्यवसाय और स्टार्ट-अप शामिल होंगे, जो अपशिष्ट प्रबंधन और परिपत्र अर्थव्यवस्था संक्रमण के लिए अभिनव समाधानों पर प्रकाश डालेंगे।

ज्ञान उत्पादों का शुभारंभ - फोरम के दौरान राष्ट्रीय शहरी मामलों के संस्थान (NIUA) द्वारा 100 से अधिक सर्वोत्तम प्रथाओं का एक संग्रह और अन्य महत्वपूर्ण रिपोर्ट जारी की जाएंगी।

‘जयपुर घोषणा’ को अपनाना - एशिया-प्रशांत देशों को परिपत्र अर्थव्यवस्था की ओर ले जाने के लिए एक ऐतिहासिक नीति रूपरेखा (2025-34), जो पहले हनोई घोषणा (2013-23) पर आधारित है।

फोरम में 38 सदस्य देश, 15 केंद्रीय मंत्रालय, सभी राज्य/केंद्र शासित प्रदेश, 60 से अधिक शहर, 40 से अधिक व्यवसाय और 120 से अधिक विशेषज्ञ भाग लेंगे। यह आयोजन तीनों दिन वर्चुअल भागीदारी के लिए भी खुला रहेगा, जिससे दुनिया भर के हितधारकों से व्यापक जुड़ाव संभव होगा।

प्रतिभागी <https://3rcefindia.sbmurban.org> पर पंजीकरण कर सकते हैं। यह संस्करण भारत द्वारा दूसरी बार फोरम की मेजबानी का प्रतीक है, पहली बार 2018 में इंदौर में आयोजित किया गया था। पिछला संस्करण 2023 में कंबोडिया में आयोजित किया गया था। अधिक जानकारी के लिए, आवास और शहरी मामलों के मंत्रालय की आधिकारिक वेबसाइट पर जाएँ।

<https://jantaserishta.com/local/rajasthan/jaipur-12th-regional-3r-and-circular-economy-forum-of-asia-and-pacific-launched-3868291#>

12th Regional 3R and Circular Economy Forum in the Asia & the Pacific kick starts in Jaipur

JAIPUR, 03 March 2025: The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated today in Jaipur. The inaugural session was attended by Shri Manohar Lal, Union Minister of Housing & Urban Affairs, Shri Bhajanlal Sharma, Chief Minister, Rajasthan. Mr. Trevor Hedley Manemahaga, Minister of Solomon Islands, Mr. Maina Vakafua Talia, Minister of Tuvalu, Mr. Ahmed Nizam, Deputy Minister of Climate Change of Maldives joined the session. Mr. Asao Keiichiro, Minister of Environment, Govt. of Japan joined the session through a virtual message.

Shri Prem Chand Agarwal, Minister of Urban Development, Govt. of Uttarakhand, Shri Vipul Goel, Minister of Urban Local Bodies, Govt. of Haryana, Shri Jhabar Singh Kharra, State Minister (Independent Charge) of Urban Development and Local Self Government, Govt. of Rajasthan, Shri Kailash Vijayvargiya, Minister of Urban Development & Housing, Govt. of Madhya Pradesh also graced the occasion.

Prime Minister Shri Narendra Modi's Message

On this occasion, Prime Minister Shri Narendra Modi shared a special written message with the delegates of the Forum emphasising that India follows & strongly advocates the P-3 (Pro Planet People) approach. He has also mentioned that India has always been more than willing to share its experiences and learnings in its journey towards Circular Economy.

In his message, he highlighted the role of 3R and Circular Economy principles in ensuring sustainable urban development and resource efficiency. He highlighted India's leadership in global sustainability efforts, including Mission LIFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, reinforcing India's commitment to a net-zero future.

Union Minister's Address

Inaugurating the event, Union Minister for Housing and Urban Affairs, Shri Manohar Lal, welcomed dignitaries, industry leaders, and international representatives. He expressed pride in India hosting the 12th edition of the forum, after the successful 8th forum in Indore. The Minister highlighted Jaipur as an ideal venue due to its deep-rooted traditions in sustainability, such as rainwater harvesting and handicrafts made from recycled materials. He thanked Hon'ble CM of Rajasthan Shri Bhajanlal Sharma for his leadership in making sustainability key pillar in the State's development.

Launch of Cities Coalition for Circularity (C-3)

Taking forward PM Modi's vision, Shri Manohar Lal announced the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-to-city collaboration, knowledge-sharing, and private sector partnerships. He stated, "We propose that a working group of member nations be formed after this forum to finalize the coalition's structure and operational framework." This is expected to be a game changer in the city-city partnerships across nations. Shri Manohar Lal reaffirmed that this forum will act as a catalyst for resource efficiency and a low-carbon economy, strengthening collaboration between policymakers, industry leaders, and researchers to build a sustainable future.

During the inaugural address the Minister said "Circular Economy is not just an environmental responsibility but an economic necessity". He pointed out that India has always practiced sustainable living, but industrialization led to an increase in waste and resource inefficiency. "Now is the time to modernize and integrate these traditional sustainable practices with technological advancements," he said.

Shri Manohar Lal emphasized that under the leadership of Hon'ble Prime Minister Shri Narendra Modi, India is championing Circular Economy on the global stage. He highlighted key government initiatives such as:

- ✓ Mission LiFE (Lifestyle for Environment)
- ✓ Panchamrit Goals at COP26, committing India to net-zero emissions by 2070
- ✓ Swachh Bharat Mission & AMRUT 2.0, tackling urban waste and wastewater recycling

The Minister also spoke about India's focus on Bio-CNG, plastic waste management, and e-waste recycling, reaffirming the government's resolve to create a low-carbon, resource-efficient society.

Jaipur Declaration (2025-2034)

Shri Manohar Lal announced that the forum will adopt the **Jaipur Declaration (2025-2034)**, a non-political, non-binding commitment that will guide the next decade of efforts towards resource efficiency and sustainable urban growth.

3R India Pavilion – Showcasing Innovation

Shri Manohar Lal, along with Hon'ble Chief Minister Shri Bhajanlal Sharma, inaugurated the 3R India Pavilion. The pavilion features the International 3R Trade and Technology Exhibition, showcasing over 40 Indian and Japanese businesses and start-ups working on waste management and Circular Economy solutions.

Chief Minister's Remarks

Hon'ble Chief Minister of Rajasthan, Shri Bhajanlal Sharma, mentioned that circular economy is not just a necessity for today but also for our future. He said that issues like climate change, biodiversity loss, and pollution are creating challenge for the planet Earth and Circular Economy is the most effective way to cope with these challenges.

He said that it is a system where waste is reused & recycled causing reduced energy consumption and renewable energy is promoted.

Highlighting the steps taken by Rajasthan Government Chief Minister said that the Rajasthan government is playing a leading role in this mission. An Environmental Management Cell (EMC) has been established so that waste management and recycling can be done more effectively.

Inauguration of the 3R India Pavilion

As part of the forum, the 3R India Pavilion was jointly inaugurated by Union Minister Shri Manohar Lal and Chief Minister Shri Bhajanlal Sharma. The pavilion features the International 3R Trade and Technology Exhibition, showcasing innovative waste management and circular economy solutions from over 40 Indian and Japanese businesses and start-ups. The exhibition serves as a platform for industry leaders to explore cutting-edge technologies in resource efficiency and recycling.

Signing of MoU for City Investments to Innovate Integrate and Sustain (CITIIS) 2.0

During the event, a key Memorandum of Understanding (MoU) for CITIIS 2.0 was signed, marking a significant milestone in urban sustainability initiatives. The Minister also spoke about CITIIS 2.0, a flagship initiative driving integrated waste management and climate action. He announced that agreements worth ₹1,800 crores will be signed under this initiative, benefiting 18 cities across 14 states, and serving as lighthouse projects for other urban areas.

The 12th Regional 3R and Circular Economy Forum will continue over the next few days, featuring expert discussions, policy dialogues, and collaborative initiatives to shape the future of sustainable urban development.

**India committed to circular economy,
ready to share insights with the world:
PM Modi**

PM Modi: India Leads Circular Economy, Ready to Guide the World

India is committed to promoting sustainability through a 'Circular Economy' and is willing to share its learnings with the world, **Prime Minister Narendra Modi** stated in a special message to delegates at the 12th Regional 3R and Circular Economy Forum in Asia. The three-day event, held in Jaipur, focuses on advancing sustainable urban development and resource efficiency.

In his address, PM Modi emphasized the importance of the 3R principles—Reduce, Reuse, and Recycle—and their role in fostering a low-carbon economy. He reiterated India's leadership in global sustainability efforts, referencing key initiatives such as Mission LiFE (Lifestyle for Environment) and the Panchamrit Goals announced at COP26, aimed at achieving net-zero emissions.

The Prime Minister highlighted India's dedication to the P3 (Pro Planet People) approach, reinforcing the nation's commitment to balancing economic growth with environmental responsibility. India's extensive experience in waste management, resource efficiency, and renewable energy solutions positions it as a global leader in sustainable development, and Modi assured that the country is eager to share these insights with the international community.

Union Minister Manohar Lal, who addressed the gathering, praised Jaipur as a fitting venue for the forum due to its long-standing sustainability practices, including traditional rainwater harvesting and handicraft industries that incorporate recycled materials.

Taking forward **PM Modi's vision**, Manohar Lal announced the launch of the Cities Coalition for Circularity (C-3), a multinational initiative designed to facilitate collaboration among cities, foster knowledge-sharing, and strengthen private-sector partnerships. The initiative aims to build a robust framework for sustainable urbanization across participating nations.

"To make this coalition effective, we propose the formation of a working group among member nations to establish the operational structure and roadmap for C-3," the minister stated.

The forum serves as a platform to unite policymakers, industry leaders, and researchers in their efforts to promote resource efficiency. By integrating circular economy principles, stakeholders can collectively drive sustainable urban growth and address pressing environmental challenges.

India commits to circular economy leadership: PM Modi

Jaipur

Prime Minister Narendra Modi reaffirmed India's commitment to a 'Circular Economy' and the P3 (Pro Planet People) approach at the 12th Regional 3R and Circular Economy Forum in Asia. In a message to delegates, he emphasized India's willingness to share its experiences with the world in promoting sustainability and resource efficiency.

The forum, which began in Jaipur, saw participation from Union Minister of Housing and Urban Affairs Manohar Lal, Rajasthan Chief Minister Bhajanlal Sharma, and other dignitaries. PM Modi underscored India's sustainability efforts through initiatives like 'Mission LiFE' and the 'Panchamrit Goals,' which aim for a net-zero future.

Union Minister Manohar Lal highlighted Jaipur's long-standing traditions in sustainability, such as rainwater harvesting and handicrafts made from recycled materials. He announced the launch of the Cities Coalition for Circularity (C-3), a multi-nation alliance for city-level collaboration, knowledge-sharing, and private-sector partnerships.

"We propose forming a working group to finalize the structure and operational framework for this coalition," he said. He also introduced the Jaipur Declaration (2025-2034), a non-binding commitment to guide sustainability efforts over the next decade.

The minister stressed that a circular economy is not just an environmental obligation but an economic necessity. India's efforts include bio-CNG development, plastic waste management, and e-waste recycling, reinforcing its leadership in sustainable urban development.

The forum aims to strengthen cooperation between policymakers, industry leaders, and researchers, fostering a low-carbon, resource-efficient society.

Asia-Pacific Forum on Circular Economy Kicks Off in Jaipur

© Shalini Singh · March 3, 2025 · Last Updated: March 3, 2025

🔊 1 minute read

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific commenced today in Jaipur, India, with prominent leaders from various nations in attendance. Union Minister of Housing and Urban Affairs, Shri Manohar Lal, along with Rajasthan Chief Minister Shri Bhajanlal Sharma, welcomed delegates from countries including the Solomon Islands, Tuvalu, and the Maldives. Prime Minister [Narendra Modi](#) conveyed a message emphasizing India's commitment to sustainable practices and the principles of a circular economy.

Prime Minister Modi's Vision for Sustainability

During the inaugural session, Prime Minister Narendra Modi shared a written message highlighting India's proactive stance on environmental sustainability. He underscored the P-3 (Pro Planet People) approach, which advocates for a collaborative effort towards a circular economy. Modi's message emphasized the importance of the 3R (Reduce, Reuse, Recycle) principles in promoting sustainable urban development and resource efficiency. He also reiterated India's leadership role in global sustainability initiatives, including Mission LiFE (Lifestyle for Environment) and the Panchamrit Goals established at COP26, which aim for net-zero emissions by 2070.

Inaugural Address by Union Minister Manohar Lal

Union Minister Manohar Lal inaugurated the forum, expressing pride in hosting the event in Jaipur, a city known for its sustainable practices such as rainwater harvesting. He acknowledged the contributions of various state leaders and emphasized the significance of the forum in fostering international collaboration. Manohar Lal announced the formation of the Cities Coalition for Circularity (C-C), aimed at enhancing city-to-city partnerships and knowledge sharing. He stated that this initiative would serve as a catalyst for resource efficiency and a low-carbon economy, reinforcing the need for modernizing traditional sustainable practices through technological advancements.

Launch of the 3R India Pavilion and Key Initiatives

As part of the forum, the 3R India Pavilion was inaugurated, showcasing innovative waste management solutions from over 40 businesses and startups from India and Japan. This exhibition serves as a platform for industry leaders to explore advancements in resource efficiency and recycling. Additionally, a Memorandum of Understanding (MoU) for CITIS 2.0 was signed, marking a significant step in urban sustainability efforts. This initiative will facilitate integrated waste management and climate action, with agreements worth ₹1,800 crores benefiting 18 cities across 14 states.

Chief Minister Bhajanlal Sharma emphasized the necessity of a circular [economy](#) in addressing pressing issues like climate change and pollution. He highlighted the Rajasthan government's commitment to sustainability through the establishment of an Environmental Management Cell to enhance waste management practices. The forum will continue over the next few days, featuring expert discussions and collaborative initiatives aimed at shaping the future of sustainable urban development.

Circular economy action plans for 10 waste categories finalised: Union min

Circular economy action plans for 10 waste categories finalised: Union min

Times News Network

Jaipur: India's circular economy could generate a market value of over \$2 trillion and create close to 10 million jobs by 2050, said Bhupender Yadav, Union minister for environment, forest & climate change.

Addressing the delegates Tuesday at the 12th Regional BR and Circular Economy Forum, Yadav said the 'circular economy' may be about to drive one of the biggest transformations in business since the Industrial Revolution 250 years ago. He said circular economy action plans for 10 waste categories were finalised, for which regulatory and implementation framework is under progress. India already notified various waste management and extended producer responsibility rules in certain sectors.

On the second day of the event, 'SBM Waste to Wealth PMS Portal,' developed under the Swachh Bharat Mission (SBM), was launched.

The portal is designed to enhance project monitoring, streamline data management, and facilitate resource sharing, thereby supporting the mission's broader objective of transforming waste into valuable resources.

For fostering scientific collaboration in waste management, an MoU was signed between the Council of Scientific and Industrial Research (CSIR) and the Ministry of Housing and Urban Affairs (MoHUA). This partnership will facilitate research-driven solutions and innovative technologies. The event also saw the release of 'India's Circular Sutra: A Compendium of Best Practices in BR & Circular Economy'. This documents successful case studies and innovative approaches in the Reduce, Reuse, and Recycle (3R) framework.

India's circular economy has potential to create \$2 trillion market: Minister

India's circular economy has potential to create \$2 trillion market: Minister

Jaipur: Union Minister Bhupender Yadav on Tuesday said India's circular economy has the potential to create a market worth over \$2 trillion and generate nearly 10 million jobs by 2050.

"On a global scale, the circular economy could contribute an additional \$4.5 trillion to the global economy by 2030," he said, while speaking on the second day of the 12th Regional 3R and Circular Economy Forum for the India and Pacific region in Jaipur.

The Union Minister for Forest, Environment and Climate Change said the circular economy will bring about the most significant

transformation in trade. This shift will revolutionise the traditional "take, make, waste" model of production and consumption.

The minister said that through the Plastic Waste Management Rules of 2016, significant steps have been taken targeting municipal, industrial, residential and commercial sectors. He said that in 2022, a ban on certain categories of single-use plastics was imposed. Yadav further stated that a Circular Economy Action Plan has been finalised for 10 categories, with the regulatory and implementation frameworks currently being worked on. **PTI**

'India's circular economy can create market value of over \$2T, 10 million jobs by 2050'

'India's circular economy can create market value of over \$2T, 10 million jobs by 2050'

OUR CORRESPONDENT

NEW DELHI: India's circular economy could create a market value of more than USD 2 trillion and almost 10 million jobs by the year 2050, said Union Environment, Forest & Climate Change Minister Bhupender Yadav on Tuesday.

Addressing the 12th Regional JR and Circular Economy Forum in Asia and the Pacific, Yadav stressed that circular economy thinking could power one of the biggest business revolutions since the Industrial Revolution. By moving away from the conventional "take, make, waste" pattern, the circular economy can contribute USD 4.5 trillion to the global economy by 2050.

Yadav also stated that India has submitted its bid to host the

Dignitaries during the 12th Regional JR and Circular Economy Forum in Asia and the Pacific in Jaipur on Tuesday

World Circular Economy Forum in 2026. This year, the forum will be held in São Paulo, Brazil, and India has shown interest in hosting it in 2026.

Bharat's push for waste management, Yadav said, that the Plastic Waste Management Rules (2016) have had a substantial regulation drive in the

municipal, industrial, residential and commercial arenas. India banned some single-use plastics in 2022, and with the Mission LIFE initiative, the government established Eco-Mark Rules to boost eco-friendly products.

India has also completed Circular Economy Action Plans for a total of ten waste types with

regulatory arrangements underway, he said.

During the forum, Ministry of Housing and Urban Affairs Secretary Sriniwas Kathikala and Rajasthan Chief Secretary Sudhanshu Pant facilitated discussions on progressing waste management efforts.

One of the highlights was the introduction of the SRM Waste to Wealth PMS Portal, an online portal under the Swachh Bharat Mission (SRM). The forum also witnessed the launch of the IFC Document Reference Guide: Business Models and Economic Assistance for Municipal Solid Waste (MSW) Projects. The CSIR and the Ministry of Housing and Urban Affairs (MoHUA) entered into an agreement for furthering research-based solutions in waste management.

Circular economy can create \$2 tn market, 10 mn jobs by 2050: Yadav

Circular economy can create \$2 tn market, 10 mn jobs by 2050: Yadav

EXPRESS NEWS SERVICE
(New Delhi)

UNION minister Bhupender Yadav said on Tuesday that India's circular economy has the potential to create a market worth over \$2 trillion and generate nearly 10 million jobs by 2050.

He said the circular economy may be about to drive one of the biggest

transformations in business since the industrial revolution 250 years ago. "Through a radical departure from the traditional 'take, make, waste' production and consumption models, the circular economy could provide a potential \$4.5 trillion in additional economic output by 2030 world over," the Union Minister for Environment,

Forest and Climate Change said at the 12th Regional SR and Circular Economy Forum in Asia and the Pacific in Jaipur.

He said India has expressed the willingness to host World Circular Economy Forum (WCEF) 2025. This year's annual Forum is organised in Sao Paulo, Brazil.

Emphasising on the steps taken, the minister further said that India remains committed to addressing plastic waste challenges and their associated

Circular Economy Action Plans for 10 waste categories have been finalised, for which the regulatory and implementation framework is under progress. India has already notified various waste management and extended producer responsibility rules in certain sectors

Bhupender Yadav, Union minister

ecological impacts.

Yadav further stated that a Circular Economy Action Plan has been finalised for 10 categories, with the regulatory and implementation frameworks currently being worked on. "Circular Economy Action Plans for 10 waste categories have been finalised, for which the regulatory and implementation framework is under progress. India has already notified various waste management and extended producer responsibility rules in certain

sectors, such as the Plastic Waste Management Rules, e-Waste Management Rules, Construction and Demolition Waste Management Rules, and Metals Recycling Policy, among others," Yadav said.

On the occasion, a portal, Waste to Wealth, an innovative online platform developed under the Swachh Bharat Mission (SBM) was launched. The website is designed to enhance project monitoring, streamline data management, and facilitate resource sharing, thereby supporting the mission's broader objective of transforming waste into valuable resources. This initiative aligns with the government's commitment to sustainable urban development and effective solid waste management.

The minister said that through the Plastic Waste Management Rules of 2016, significant steps have been taken targeting municipal, industrial, residential and commercial sectors. He said that in 2022, a ban on certain categories of single-use plastics was imposed.

On the second day of the forum, the CSIR and Ministry of Housing and Urban Affairs signed an MoU to promote scientific collaboration in waste management.

India's circular economy can create 10 million jobs by 2050: Yadav

2050 तक भारत की सर्कुलर अर्थव्यवस्था 10 मिलियन नौकरियां पैदा कर सकती है: यादव

नई दिल्ली, (पंजाब केसरी): जयपुर में आयोजित भारत और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3अक्ष और सर्कुलर इकोनॉमी फोरम को संबोधित करते हुए केंद्रीय वन, पर्यावरण एवं जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने कहा कि वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है।

उन्होंने कहा कि वही वैश्व स्तर पर वह सर्कुलर अर्थव्यवस्था वर्ष 2030 तक 4.5 ट्रिलियन अमेरिकी डॉलर का अतिरिक्त आर्थिक उत्पादन कर सकती है। उन्होंने कहा कि सर्कुलर अर्थव्यवस्था '250 साल पहले हुई औद्योगिक क्रांति के बाद व्यापार में सबसे बड़े परिवर्तनों को सामने लाएगी और उत्पादन तथा उपभोग के अब तक चले आ रहे पारंपरिक मॉडल 'टेक, मेक, वेस्ट' में क्रांतिकारी परिवर्तन करेगी। केंद्रीय मंत्री ने कहा कि भारत वर्ष 2026 में विश्व सर्कुलर इकोनॉमी फोरम के आयोजन के लिए उम्मीदवार है।

उन्होंने कहा कि हर साल, विश्व सर्कुलर इकोनॉमी फोरम का आयोजन किया जाता है और इस वर्ष, 2025 में इसका आयोजन ब्राजील के साओ पाउलो में किया जा रहा है। भारत ने विश्व सर्कुलर इकोनॉमी फोरम 2026 की मेजबानी करने की इच्छा व्यक्त की है। 2030 और उससे आगे की ओर देखते हुए, इस फोरम को वास्तविक परिवर्तन लाना चाहिए। वही, आवासन एवं शहरी कार्य मंत्रालय के सचिव श्रीनिवास कर्षीकला और

राजस्थान सरकार के मुख्य सचिव सुधांशु पंत ने भी संयुक्त रूप से एक महत्वपूर्ण सत्र की अध्यक्षता की, जिसमें अपशिष्ट प्रबंधन और सर्कुलर इकोनॉमी पहलों को आगे बढ़ाने पर ध्यान केंद्रित किया गया। कार्यक्रम के दूसरे दिन सत्र का एक प्रमुख आकर्षण एसबीएम वेस्ट टू वेल्थपीएमएस पोर्टल का शुभारंभ था, जो स्वच्छ भारत मिशन (एसबीएम) के तहत विकसित एक अभिनव ऑनलाइन प्लेटफॉर्म है।

2050 तक भारत की सर्कुलर अर्थव्यवस्था 10 मिलियन नौकरियां पैदा कर सकती हैं: केन्द्रीय मंत्री भूपेन्द्र यादव

भारत में सर्कुलर इकोनोमी से वर्ष 2050 तक 1 करोड़ नौकरियां मिलेंगी : यादव केंद्रीय वन एवं पर्यावरण मंत्री बोले-सर्कुलर इकोनोमी केवल वेस्ट मैनेजमेंट नहीं, इंडस्ट्री में बड़े बदलाव

भारत में सर्कुलर इकोनोमी से वर्ष 2050 तक 1 करोड़ नौकरियां मिलेंगी : यादव

केंद्रीय वन एवं पर्यावरण मंत्री बोले-सर्कुलर इकोनोमी केवल वेस्ट मैनेजमेंट नहीं, इंडस्ट्री में बड़े बदलाव का मॉडल है। देश की 350 रिसाइकिल यूनिट्स में रोजाना 45 लाख मीट्रिक टन वेस्ट हो रहा प्रोसेस

जयपुर, 4 मार्च (अनुरा): एनिसा-प्रशांत क्षेत्र के 12वें रीजनल वी आर और सर्कुलर इकोनोमी फोरम के दूसरे दिन मंगलवार को केंद्रीय वन एवं पर्यावरण मंत्री भूपेंद्र यादव ने मुख्य सत्र की अध्यक्षता की। इस दौरान उन्होंने कहा कि सर्कुलर इकोनोमी केवल वेस्ट मैनेजमेंट नहीं, बल्कि इंडस्ट्री और बिजनेस में बड़े बदलाव लाने वाला मॉडल है। पिछले दो सौ वर्षों में मानवता ने कार्बन आधारित जर्जर व्यवस्था का असमानांतर विकास किया है। जिसका परिणाम हमारे सामने है। हम जब भी नेट जीरो को चान करते हैं तो हमें नेचर (प्रकृति) से सीखना चाहिए। नेचर कुछ भी प्रदूषण करती है वो वेस्ट नहीं होता है। मगर हमान जो कुछ भी प्रदूषण करता है

उसका एक पार्ट वेस्ट होता है। अब इस वेस्ट के निस्तारण, पुनः उपयोग और रोकथाम पर ध्यान देना होगा। यादव ने कहा कि भविष्य सर्कुलर इकोनोमी का है। इसका रेजी से विस्तार हो रहा है। साल 2050 तक इस सेक्टर में एक करोड़ से ज्यादा नौकरियां पैदा होंगी। (संघ पृष्ठ 13 कावला 1 पर)

टेक-जेक-वेस्ट मॉडल की जगह सर्कुलर इकोनोमी

केंद्रीय मंत्री भूपेंद्र यादव ने बताया कि पारंपरिक टेक-जेक-वेस्ट मॉडल को बदलकर सर्कुलर इकोनोमी अपनाने से संसाधनों पर निर्भरता कम होगी। नई टेक्नोलॉजी का इस्तेमाल बढ़ेगा और रोजगार के अवसर बनेंगे। सरकार वेस्ट मैनेजमेंट के लिए नए नियम लागू कर चुकी है। इनमें प्लास्टिक वेस्ट, ई-वेस्ट, कंस्ट्रक्शन और डिमोलिशन वेस्ट के लिए विस्तृत गाइडलाइंस तैयार की गई है। देश में पहले वेस्ट को लैंडफिल या समुद्र में डाल दिया जाता था, लेकिन अब इसे रिसाइकिलिंग यूनिट्स में प्रोसेस किया जा रहा है।

हैं, जो पांच जुलाई को समय पर सभी बच्चों को मिल गई। राष्ट्रीय शिक्षा नीति में लोकल भाषा के उपयोग के लिए शब्दकोष तैयार कर लिए हैं, अगले सत्र में हम नई पाठ्यसामग्री उपलब्ध करा देंगे। दिलावर ने कहा कि स्कूल समय में ना तो पूजा ना नमाज ना ही चर्च कोई जाएगा। 97 परसेंट निजी स्कूलों को फ्रीसे 15 हजार रुपए तक होती है, यह बेंकार में बदनाम करते हैं। सरकारी स्कूलों में बेहतर शिक्षा दी जाती है। पर्यावरण को लेकर दिलावर ने कहा कि एजुकेशन भी होती है, हमने 7 करोड़ 22 लाख पौधे लगाए।

इसके पहले विधानसभा में कांग्रेस प्रदेशाध्यक्ष गोविंद सिंह डोटसरा के गैर हाजिर रहने का मुद्दा भी सदन में उठा। भाजपा विधायक सुभाष मील ने कहा कि अभी विपक्ष के विधायक बड़ी जोर से बात कर रहे थे, लेकिन मैं कहना चाहूंगा कि अगर आपकी सरकार ने पिछले 5 साल में शिक्षा की भलाई के लिए कुछ भी किया होता तो आपके तात्कालीन शिक्षा मंत्री यहां मौजूद होते। नेता प्रतिपक्ष टीकाराम जूली ने कहा कि पुराने की बात छोड़ो।

भारत में...

रहा है। इस सत्र में महूआ की ज्वॉइंट सैक्रेटरी रुपा मिश्रा, एशियाई विकास बैंक की भारत के लिए कंट्री डायरेक्टर मियो ओका, आंध्रप्रदेश के नगरपालिका प्रशासन एवं शहरी विकास मंत्री पी नारायण और महूआ सचिव श्रीनिवास कटिकिधला ने भी अपने जिले पर भाषा किया।

क्लाइमेट एक्शन में हो सब की भागीदारी : क्लाइमेट एक्शन को सरकार ही नहीं, बल्कि हर नागरिक की भागीदारी से पूरा किया जा सकता है। यह सिर्फ एक बिजनेस मॉडल नहीं, बल्कि एक लाइफस्टाइल बदलाव है। भारत में ग्रीन इकोनॉमी को बढ़ावा देने के लिए नई नीतियां लागू की जा रही हैं। इससे वेस्ट को अधिकतम उपयोग में लाया जा सके और संसाधनों की बचत हो। साल 2022 में सिंगल यूज प्लास्टिक पर प्रतिबंध लगाया गया था। जिससे काफी हद तक फायदा हुआ है। इसके अलावा, सर्कुलर इकोनॉमी को बढ़ावा देने के लिए सरकार दस अलग-अलग सेक्टरों के लिए एक्शन प्लान तैयार कर रही है।

धनंजय मुंडे का...

हत्या से पहले को गई कसूरता का खुलासा हुआ है। कराड के अलावा, गिरपतार अन्य आरोपियों में सुदर्शन घुले, विश्णु चाटे, जयराम चाटे, महेश कदार, सिद्धार्थ सोनावणे, सुधीर सांगले और प्रतीक घुले शामिल हैं। कृष्णा अंधाले बाछित आरोपी है। वह अपने स्वास्थ्य की स्थिति और अंतरआत्मा को आवाज पर इस्तीफा दे रहे हैं। एमवीएम में घटक शरद पवार नीत राकांपा (एसपी) के प्रदेश अध्यक्ष पाटिल ने संबोधनों से कहा, 'यह सदन के विशेषाधिकार हनन का मामला है। घटनाक्रम की घोषणा पहले विधान मंडल में होनी थी। विशेषाधिकार हनन का प्रस्ताव लाएंगे।'

सर्कुलर इकोनॉमी के विस्तार से 2050 तक एक करोड़ जॉब होंगे:

2050 तक वेस्ट इकोनॉमी से पैदा हो सकती हैं 10 मिलियन नौकरियां: यादव

2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है- यादव

2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है- यादव

समकुर (कर्म)। केंद्रीय पर्यावरण एवं जलवायु परिवर्तन मंत्री प्रदीप यादव ने कहा कि वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है। वहीं वैश्विक स्तर की बात करें तो यह सर्कुलर अर्थव्यवस्था वर्ष 2030 तक 4.5 ट्रिलियन अमेरिकी डॉलर का अतिरिक्त आर्थिक योगदान कर सकती है। केंद्रीय पर्यावरण एवं जलवायु परिवर्तन मंत्री प्रदीप यादव संसदीय कार्य समूह में पत्र पढ़ते हुए और प्रयोग करके 12वें वार्षिक 3माह और सर्कुलर इकोनॉमी फोरम की संघर्षिता कर रहे थे। उन्होंने कहा कि सर्कुलर अर्थव्यवस्था 250 साल पहले हुई औद्योगिक क्रांति के बाद व्यापार में सबसे बड़े परिवर्तनों को समर्थन प्रदान और उपभोक्ता तथा उपभोक्ता के बीच एक नए जाले को जोड़ने के लिए पर्यावरण मंत्रालय 'डेक, डेक, डेक' में आधिकारी परिचालन करेगा।

केंद्रीय मंत्री ने बताया कि भारत वर्ष 2025 में विश्व सर्कुलर इकोनॉमी फोरम के आयोजन के लिए उम्मीदवार है। उन्होंने कहा कि इस साल, विश्व सर्कुलर इकोनॉमी फोरम का आयोजन किया जा रहा है और इस वर्ष 2025 में इसका आयोजन भारतीय के सबसे पहले में किया जा रहा है। भारत ने विश्व सर्कुलर इकोनॉमी फोरम 2026 की मेजबानी करने की इच्छा व्यक्त की है। 2030 और उससे आगे की ओर देखते हुए, इस फोरम को वार्षिक परिचालन करने चाहिए। यादव ने कहा कि भारत पर्यावरण अर्थव्यवस्था सुवर्ण और इसके संबंधित पर्यावरणिक इकाओं को काम करने के लिए

चतुष्टय है। पर्यावरण अर्थव्यवस्था संरक्षण नियम (2016) के अंतर्गत नगरपालिका, औद्योगिक, आवासीय और पर्यावरणिक क्षेत्रों को शामिल करते हुए मालवाहारी उपाय किए गए हैं। भारत ने 2022 में अधिवेशन के संस्थान से एकल-उत्पन्न करने पर्यावरण को कुछ क्षेत्रों पर प्रतिक्रिया लगा दिया है। इसके साथ ही निम्न 'लक्ष्य' फल में साथ जुड़ते हुए समझौते ने ऊर्जा दक्षता और सर्कुलर अर्थव्यवस्था के सिद्धांतों भी बढ़ावा देते हुए पर्यावरण के अनुकूल उत्पादों को बना बढ़ाने के लिए इको-समर्थ विचार लागू

किए हैं। केंद्रीय मंत्री यादव ने बताया कि 30 अंतर्राष्ट्रीय क्षेत्रों के लिए सर्कुलर इकोनॉमी दृष्टिकोण फल को अंतिम रूप दिया गया है, जिसके लिए विविधता और पर्यावरण अपेक्षाएं पूरा किया गया रहा है। यादव ने कहा कि देश में एक सर्कुलर रोमैसुलिनेट उद्घोष करने से विकसित हो रहा है जो अर्थव्यवस्था और जीवन स्तर में महत्वपूर्ण योगदान देगा। उन्होंने कहा कि पर्यावरण, सामाजिक और आर्थिक आपदाओं में सफल विकास के लिए, हमें राष्ट्रीय आदर्शवादी, जलवायु, औद्योगिक और पर्यावरणिक को साथ में रखते हुए सभी क्षेत्रों में एकल-सर्कुलर अर्थव्यवस्था सिद्धांतों को एकीकृत करना चाहिए। सर्कुलर अर्थव्यवस्था के सिद्धांत भारत की सामाजिक विरासत के साथ गहराई से जुड़े हुए हैं।

केंद्रीय मंत्र, पर्यावरण एवं जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने कहा कि वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है। वहीं वैश्विक स्तर की बात की तो यह सर्कुलर अर्थव्यवस्था वर्ष 2030 तक 4.5 ट्रिलियन अमेरिकी डॉलर का औद्योगिक अर्थव्यवस्था बन सकती है।

भूपेंद्र यादव मंगलवार को जलपुर में आए थे भारत और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3अर और सर्कुलर इकोनॉमी फोरम की संवर्धित कर रहे थे। उन्होंने कहा कि सर्कुलर अर्थव्यवस्था 250 साल पहले हुई औद्योगिक क्रांति के बाद भारत में सबसे बड़े परिवर्तनों को सामने ला रही और उत्पन्न एक जलवायु के

अब तक चले आ रहे पर्यावरण संबंधित 'टेक, मेक, वेस्ट' में क्रांतिकारी परिवर्तन को।

केंद्रीय मंत्री ने बताया कि भारत वर्ष 2026 में विश्व सर्कुलर इकोनॉमी फोरम के आयोजन के लिए अग्रणी देश है। उन्होंने कहा कि हा स्तर, विश्व सर्कुलर इकोनॉमी फोरम का आयोजन किया जाता है और इस वर्ष, 2028 में इसका आयोजन जलपुर के साओ पाउलो में किया जा रहा है। भारत ने विश्व सर्कुलर इकोनॉमी फोरम 2026 की मेजबानी करने की इच्छा व्यक्त की है। 2030 और उसके अगले की ओर देखते हुए,

इस फोरम की सम्मेलन परिषदें लागू होंगी।

यादव ने कहा कि भारत पर्यावरण-अर्थव्यवस्था सुधारों और उनके संबंधित पर्यावरण प्रणाली को बनाने के लिए प्रतिबद्ध है। पर्यावरण-अर्थव्यवस्था प्रबंधन विभाग (2016) के अंतर्गत पर्यावरण, औद्योगिक, आवासीय और पर्यावरण क्षेत्रों की लक्षित करी हुई व्यापक योजना बनाई गई है। भारत ने 2022 में अधिवक्ता के अध्यक्ष की एकल-उपयोग वाले पर्यावरण की कुछ क्षेत्रों पर प्रतिबंध लगा दिया है। इसके साथ ही मिशन 'स्वास्थ्य'

यहां के साथ जुड़े हुए समग्रता ने आज देश और सर्कुलर अर्थव्यवस्था के सिद्धांतों को बढ़ावा देने हुए पर्यावरण के अनुकूल उत्पादों को बाजार में लाने के लिए इसे-सर्व नियम लागू किए हैं।

केंद्रीय मंत्री यादव ने बताया कि 10 अर्थव्यवस्था क्षेत्रों के लिए सर्कुलर इकोनॉमी फोरम भारत को अत्यंत रूप दिया गया है, जिसके लिए विनिर्माण और आवासीय क्षेत्रों पर काम चल रहा है। यादव ने कहा कि देश में एक सशक्त वैश्वीकरण जलवायु से निपटारा हो रहा है जो अर्थव्यवस्था और राजस्व सृजन में महत्वपूर्ण योगदान देगा। उन्होंने कहा कि पर्यावरण, सामाजिक और अर्थव्यवस्था क्षेत्रों में भारत विकास के लिए, इसे राष्ट्रीय अवसरवादों, प्रबंधनवादों और पर्यावरणों को ध्यान में रखते हुए सभी क्षेत्रों में उच्च और सर्कुलर अर्थव्यवस्था सिद्धांतों को एकत्रित करना चाहिए। सर्कुलर अर्थव्यवस्था के सिद्धांत भारत की संरचनात्मक विरासत के साथ गहराई से जुड़े हुए हैं।

Circular economy can generate \$2 trillion, jobs for 10 million: Union Minister Yadav

Union Minister Bhupendra Singh Yadav @ 12th Regional 3R and Circular Economy Forum Asia and the Pacific, in Jaipur on Tuesday. (Photo : Bhupendra Yadav Twitter page)

Union Minister for Environment and Climate Change Bhupendra Yadav said India's circular economy could generate a market value of over USD 2 trillion and create close to 10 million jobs by 2050.

Addressing the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific here on Tuesday, he said, "Prime Minister Narendra Modi's call for building a 'waste to wealth' circular economy was to ensure the driver for adopting circular economy isn't scarcity, but opportunity.

Yadav said, "The circular economy is not just an alternative, rather it is essential. It marks a fundamental shift in how we produce, consume, and manage materials. Under Prime Minister Modi's leadership, India is moving ahead from waste management to harnessing the economic potential of recycling through this "Waste to Wealth initiative."

He also underscored the economic opportunities of circularity, particularly for startups and innovators developing recycled products.

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was inaugurated by Union Urban Development Minister Manohar Lal Khattar here on Monday and addressed by several dignitaries, including Rajasthan Chief Minister Bhajan Lal Sharma.

The speakers said that the three-day event marked a significant milestone in regional cooperation for sustainable waste management and circular economy initiatives. The Forum is providing a critical platform for policymakers, industry leaders, researchers, and development partners to discuss and implement sustainable solutions for waste management and resource efficiency.

The event being attended by around 500 invited delegates from different states, besides, the United Nations, Japan and Asia and Pacific countries including, Solomon Islands, Tuvalu, and Maldives will conclude on Wednesday.

Circular Economy Action Plans For 10 Waste Categories Finalised: Union Min

Jaipur: India's circular economy could generate a market value of over \$2 trillion and create close to 10 million jobs by 2050, said Bhupendra Yadav, Union minister for environment, forest & climate change.

Addressing the delegates Tuesday at the 12th Regional 3R and Circular Economy Forum, Yadav said the 'circular economy' may be about to drive one of the biggest transformations in business since the Industrial Revolution 250 years ago. He said circular economy action plans for 10 waste categories were finalised, for which regulatory and implementation framework is under progress. India already notified various waste management and extended producer responsibility rules in certain sectors.

On the second day of the event, 'SBM Waste to Wealth PMS Portal,' developed under the Swachh Bharat Mission (SBM), was launched.

The portal is designed to enhance project monitoring, streamline data management, and facilitate resource sharing, thereby supporting the mission's broader objective of transforming waste into valuable resources.

For fostering scientific collaboration in waste management, an MoU was signed between the Council of Scientific and Industrial Research (CSIR) and the Ministry of Housing and Urban Affairs (MoHUA). This partnership will facilitate research-driven solutions and innovative technologies. The event also saw the release of 'India's Circular Sutra: A Compendium of Best Practices in 3R & Circular Economy'. This documents successful case studies and innovative approaches in the Reduce, Reuse, and Recycle (3R) framework.

India's Circular Economy Can Become \$2 Trillion Creating 10 Million Jobs By 2050: Union Minister

Union Minister Bhupender Yadav said India is willing to host the 2026 edition of the World Circular Economy Forum.

New Delhi: India's circular economy can become worth more than \$2 trillion and create close to 10 million jobs by 2050, Union Environment Minister Bhupender Yadav asserted on Tuesday. Speaking at the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific held in Jaipur, Yadav pointed out that Mission Circular Economy has three cardinal principles: eradicating waste and pollution, circulating products and materials, and regenerating nature.

The minister underlined that India is working actively to shape policies to enable a circular economy through whole-of-government efforts. He emphasized the importance of production systems being coherent with circular economy thinking in order to minimize dependence on resources and grow competitiveness.

"The 'circular economy' could be on the verge of propelling one of the largest shifts in business since the Industrial Revolution 250 years ago," Yadav said, predicting that by 2030, it could add another \$4.5 trillion to the world economy.

India Bids to Host World Circular Economy Forum 2026

Yadav further stated that India is ready to host the 2026 World Circular Economy Forum (WCEF), a world forum for the exchange of circular economy solutions. The 2025 edition will take place in São Paulo, Brazil.

"Each year, the World Circular Economy Forum (WCEF) is hosted, and in this year 2025, it is being hosted in São Paulo, Brazil. India has shown interest to host the World Circular Economy Forum - 2026. Moving forward to 2030 and beyond, this forum must cause actual change," he added.

Emphasizing India's pioneering work in recycling, Yadav pointed out that India has more than 3,500 recycling facilities that process nearly 45 million metric tonnes of waste every year. He urged intensifying cooperation with Asia-Pacific nations to drive circular economy practices forward.

Circular Economy: Beyond Being a Business Model

Yadav warned against perceiving the circular economy as only a business model, pointing out that it needs to work smoothly at all levels, right from small enterprises to international industries.

"Circular economy acknowledges the significance of the economy to function efficiently at all levels, for large and small enterprises, for businesses and people, locally and globally," he said.

Since the leadership of Prime Minister Narendra Modi, India has made climate action a more inclusive process. Yadav attributed this vision to Mission LiFE (Lifestyle for Environment), saying that for India, circularity was not merely a business approach but a lifestyle.

Sikkim Secures ₹5 Crore for Climate Initiatives

Sikkim Urban Development Department (UDD) was an active participant in the forum and was awarded ₹5 crore under CITIIS 2.0 Challenge through a tripartite agreement. The funding, a part of Climate Change Adaptation and Mitigation, will go towards creating climate-smart urban infrastructure and green projects.

Sikkim's bid centered on reducing climate change while maintaining the state's environmental and cultural heritage. The UDD delegation, headed by Commissioner-cum-Secretary Jitendra Singh Raje, reiterated its pledge to sustainable urban development in accordance with national and international sustainability objectives.

Circular economy can create \$2 tn market, 10 mn jobs by 2050: Yadav

He said the circular economy may be about to drive one of the biggest transformations in business since the industrial revolution 250 years ago.

NEW DELHI: Union minister Bhupender Yadav said on Tuesday that India's circular economy has the potential to create a market worth over \$2 trillion and generate nearly 10 million jobs by 2050.

He said the circular economy may be about to drive one of the biggest transformations in business since the industrial revolution 250 years ago. "Through a radical departure from the traditional 'take, make, waste' production and consumption models, the circular economy could provide a potential \$4.5 trillion in additional economic output by 2030 world over," the Union Minister for Environment, Forest and Climate Change said at the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur.

He said India has expressed the willingness to host World Circular Economy Forum (WCEF) 2026. This year's annual Forum is organised in Sao Paulo, Brazil.

Emphasising on the steps taken, the minister further said that India remains committed to addressing plastic waste challenges and their associated ecological impacts.

Yadav further stated that a Circular Economy Action Plan has been finalised for 10 categories, with the regulatory and implementation frameworks currently being worked on. "Circular Economy Action Plans for 10 waste categories have been finalised, for which the regulatory and implementation framework is under progress.

India has already notified various waste management and extended producer responsibility rules in certain sectors, such as the Plastic Waste Management Rules, e-Waste Management Rules, Construction and Demolition Waste Management Rules, and Metals Recycling Policy, among others," Yadav said.

On the occasion, a portal, Waste to Wealth, an innovative online platform developed under the Swachh Bharat Mission (SBM) was launched. The website is designed to enhance project monitoring, streamline data management, and facilitate resource sharing, thereby supporting the mission's broader objective of transforming waste into valuable resources. This initiative aligns with the government's commitment to sustainable urban development and effective solid waste management.

The minister said that through the Plastic Waste Management Rules of 2016, significant steps have been taken targeting municipal, industrial, residential and commercial sectors. He said that in 2022, a ban on certain categories of single-use plastics was imposed.

On the second day of the forum, the CSIR and Ministry of Housing and Urban Affairs signed an MoU to promote scientific collaboration in waste management.

India's circular economy can generate \$2 trillion market, 10 million jobs by 2050: Environment Minister

The circular economy is a model of production and consumption, which involves sharing, leasing, reusing, repairing, refurbishing and recycling existing materials and products as long as possible. In this way, the life cycle of products is extended.

Union Minister of Environment, Forest and Climate Change Bhupender Yadav has said that India's circular economy has the potential to generate a market value of over 2 trillion dollars and create close to 10 million jobs by 2050. Mr Yadav was addressing the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, which is being held in Jaipur.

The Union Minister stated that India's Mission Circular Economy is based on three key principles: eliminate waste and pollution, circulate products and materials, and regenerate nature. He noted that the government has been actively formulating policies and promoting efforts to drive the country toward a circular economy through a whole-of-government approach.

Minister emphasized that production systems must adopt practices aligned with the principles of the circular economy so that they not only reduce resource dependency but also enhance competitiveness. The three-day forum is being held on the theme of realising Circular Societies Towards Achieving Sustainable Development Goals and Carbon Neutrality in Asia and the Pacific.

India's circular economy could generate USD 2 trillion market: Union Minister Bhupender Yadav

Synopsis

Union Minister Bhupender Yadav highlighted that India's circular economy could create a market value of over USD 2 trillion and 10 million jobs by 2050. At the 12th Regional 3R and Circular Economy Forum, he emphasized the country's commitment to addressing plastic waste and promoting sustainable practices through various initiatives.

Union Minister **Bhupender Yadav** on Tuesday said that India's circular economy could generate a market value of over USD 2 trillion and create close to 10 million jobs by 2050.

Expressing this view, while speaking at the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific, Bhupender Yadav said, the 'circular economy' may be about to drive one of the biggest transformations in business since the Industrial Revolution 250 years ago.

"Through a radical departure from the traditional 'take, make, waste' production and consumption models, the circular economy could provide a potential USD 4.5 trillion in additional economic output by 2030 world over," he said.

Yadav also informed the forum about India's candidacy for organising the World Circular Economy Forum in the year 2026. Every year, World Circular Economy Forum is organised and in this year, 2025 it is being organized in Sao Paulo, Brazil. India has expressed the willingness to host **World Circular Economy Forum 2026**.

Emphasising on the steps taken, the Minister said, India remains committed to addressing plastic waste challenges and their associated ecological impacts.

"The Plastic Waste Management Rules (2016) have led to significant measures targeting municipal, industrial, residential, and commercial sectors. India banned certain categories of single-use plastics through notification in 2022. In alignment with the Mission 'LiFE' initiative, MoEFCC has notified the Eco-Mark Rules to encourage demand for environmentally friendly products while promoting energy efficiency and circular economy principles," he added.

He further said, Circular Economy Action Plans for 10 waste categories have been finalized, for which regulatory and implementation framework is under progress. India has already notified various waste management and extended producer responsibility rules in certain sectors, such as the Plastic Waste Management Rules, e-Waste Management Rules, Construction and Demolition Waste Management Rules, and Metals Recycling Policy, among others.

Secretary, Ministry of Housing and Urban Affairs, Srinivas Kathikala, and Chief Secretary, Government of Rajasthan, Sudhansh Pant jointly chaired a significant session today, focusing on advancing waste management and circular economy initiatives. The session saw the launch of several key reports, best practices and the signing of important agreements aimed at strengthening India's waste management ecosystem.

A major highlight of the session was the launch of the SBM Waste to Wealth PMS Portal, an innovative online platform developed under the Swachh Bharat Mission (SBM). The portal is designed to enhance project monitoring, streamline data management, and facilitate resource sharing, thereby supporting the mission's broader objective of transforming waste into valuable resources. This initiative aligns with the government's commitment to sustainable urban development and effective solid waste management.

The session also marked the release of the IFC Document Reference Guide: Business Models and Economic Assistance for Municipal Solid Waste (MSW) Projects. This guide provides comprehensive insights into various business models for MSW processing, including waste-to-electricity, biomethanation, and bioremediation. The document serves as a crucial resource for municipalities and private players looking to implement effective and economically viable waste management projects.

In a significant step toward fostering scientific collaboration in waste management, a Memorandum of Understanding (MoU) was signed between the Council of Scientific and Industrial Research (CSIR) and the Ministry of Housing and Urban Affairs (MoHUA). This partnership will facilitate research-driven solutions and innovative technologies to enhance urban waste management practices across India.

The event also saw the release of 'India's Circular Sutra: A Compendium of Best Practices in 3R & Circular Economy'. This compendium documents successful case studies and innovative approaches in the Reduce, Reuse, and Recycle (3R) framework, providing valuable insights for urban local bodies and stakeholders looking to implement circular economy solutions.

The Council on Energy, Environment, and Water (CEEW) presented its latest study, which offers a detailed outlook on solid waste management (SWM) practices in cities with populations exceeding one million. The report highlights sustainable waste management strategies, circular economy principles, and decentralized solutions that can be tailored to meet the unique challenges of India's rapidly urbanizing regions. India willing to host 2026 World Circular Economy Forum, says Union Environment Minister Bhupender Yadav

Synopsis

India expresses willingness to host the World Circular Economy Forum in 2026 and seeks greater collaboration with Asia-Pacific countries on the circular economy. Union Environment Minister Bhupender Yadav emphasizes the economic and environmental benefits of circularity, projecting significant economic growth and job creation in India by 2030.

India is willing to host the 2026 edition of the **World Circular Economy Forum** and is seeking stronger collaboration with Asia-Pacific countries on the circular economy, Union Environment Minister **Bhupender Yadav** said on Tuesday.

Addressing the 12th Regional 3R and **Circular Economy** Forum in Asia and the Pacific in Jaipur, he also said the circular economy could drive one of the biggest business transformations since the Industrial Revolution 250 years ago.

"Every year, the World Circular Economy Forum (WCEF) is organised and, in this year, 2025, it is being organised in Sao Paulo, Brazil. India has expressed a willingness to host the World Circular Economy Forum - 2026. Looking ahead to 2030 and beyond, this forum should drive real change," the minister said.

Held since 2017, the WCEF is a global initiative by Finland and Sitra, the Finnish Innovation Fund. The forum brings together business leaders, policymakers and experts from around the world to discuss key **circular economy solutions**.

Yadav said India, with its strong recycling industry, was ready to collaborate with Asia-Pacific countries on the circular economy.

India currently has more than 3,500 recycling units capable of processing around 45 million metric tonnes of waste per year, he said.

The minister also said circular economies were crucial for achieving the **Sustainable Development Goals** and climate neutrality, balancing low-carbon growth with equitable development.

"The 'circular economy' may be about to drive one of the biggest transformations in business since the Industrial Revolution 250 years ago. Through a radical departure from the traditional 'take, make, waste' production and consumption models, the circular economy could provide a potential USD 4.5 trillion in additional economic output by 2030 world over," he said.

Yadav added that by 2050, India's circular economy could be worth more than USD 2 trillion and create nearly 10 million jobs.

However, he cautioned against viewing the circular economy only as a business model, particularly for the manufacturing sector.

"Circular economy recognises the importance of the economy to work effectively at all scales – for big and small businesses, for organisations and individuals, globally and locally. We in India, under the leadership of Prime Minister **Narendra Modi**, have emphasised the need to make climate action a participative process," he said.

Circularity, for India, is thus not just a business model. It is a life model. Prime Minister Modi's clarion call for Environmentally Sustainable Lifestyles, or **Mission LiFE**, drives from this thought, the minister said.

India willing to host 2026 World Circular Economy Forum: Bhupender Yadav

India has expressed its willingness to host the 2026 World Circular Economy Forum, aiming for stronger collaboration with Asia-Pacific nations. The circular economy is highlighted as a significant business transformation opportunity, potentially generating trillions in economic output and creating millions of jobs by 2050.

New Delhi, India is willing to host the 2026 edition of the World Circular Economy Forum and is seeking stronger collaboration with Asia-Pacific countries on the circular economy, Union Environment Minister Bhupender Yadav said on Tuesday. Addressing the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific in Jaipur, he also said the circular economy could drive one of the biggest business transformations since the Industrial Revolution 250 years ago.

"Every year, the World Circular Economy Forum (WCEF) is organised and, in this year, 2025, it is being organised in Sao Paulo, Brazil. India has expressed a willingness to host the World Circular Economy Forum – 2026. Looking ahead to 2030 and beyond, this forum should drive real change," the minister said.

Held since 2017, the WCEF is a global initiative by Finland and Sitra, the Finnish Innovation Fund. The forum brings together business leaders, policymakers and experts from around the world to discuss key circular economy solutions.

Yadav said India, with its strong recycling industry, was ready to collaborate with Asia-Pacific countries on the circular economy.

India currently has more than 3,500 recycling units capable of processing around 45 million metric tonnes of waste per year, he said.

The minister also said circular economies were crucial for achieving the Sustainable Development Goals and climate neutrality, balancing low-carbon growth with equitable development.

"The 'circular economy' may be about to drive one of the biggest transformations in business since the Industrial Revolution 250 years ago. Through a radical departure from the traditional 'take, make, waste' production and consumption models, the circular economy could provide a potential USD 4.5 trillion in additional economic output by 2030 world over," he said.

Yadav added that by 2050, India's circular economy could be worth more than USD 2 trillion and create nearly 10 million jobs.

However, he cautioned against viewing the circular economy only as a business model, particularly for the manufacturing sector.

"Circular economy recognises the importance of the economy to work effectively at all scales -- for big and small businesses, for organisations and individuals, globally and locally. We in India, under the leadership of Prime Minister Narendra Modi, have emphasised the need to make climate action a participative process," he said.

Circularity, for India, is thus not just a business model. It is a life model. Prime Minister Modi's clarion call for Environmentally Sustainable Lifestyles, or Mission LiFE, drives from this thought, the minister said.

'भारत में 2050 तक पैदा होंगी 1 करोड़ नौकरियां': मंत्री भूपेंद्र यादव बोले- सर्कुलर इकोनॉमी से इंडस्ट्री और रोजगार को मिलेगा फायदा

जयपुर 21 घंटे पहले

केंद्रीय पर्यावरण, वन एवं जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने कहा कि भारत में सर्कुलर इकोनॉमी का विस्तार तेजी से हो रहा है। 2050 तक इससे 1 करोड़ से ज्यादा नौकरियां पैदा होंगी। इसका बाजार मूल्य लगभग 175 लाख करोड़ रुपए तक पहुंच सकता है। उन्होंने बत

<https://www.bhaskar.com/local/rajasthan/jaipur/news/1-crore-jobs-will-be-created-in-india-by-2050-134581011.html>

2050 तक भारत की सर्कुलर अर्थव्यवस्था पैदा कर सकती हैं करीब दस मिलियन नौकरियां-यादव

2050 तक भारत की सर्कुलर अर्थव्यवस्था पैदा कर सकती हैं करीब दस मिलियन नौकरियां-यादव

जयपुर 04 मार्च (वार्ता) केंद्रीय वन, पर्यावरण एवं जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने कहा है कि वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 2 ट्रिलियन डॉलर से अधिक का बाजार और लगभग दस मिलियन

नौकरियां पैदा कर सकती है वहीं वैश्विक स्तर यह अर्थव्यवस्था वर्ष 2030 तक 4.5 ट्रिलियन अमेरिकी डॉलर का अतिरिक्त आर्थिक उत्पादन कर सकती है।

श्री यादव मंगलवार को जयपुर में चल रहे भारत और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम को संबोधित कर रहे थे। उन्होंने कहा कि सर्कुलर अर्थव्यवस्था 250 साल पहले हुई औद्योगिक क्रांति के बाद व्यापार में सबसे बड़े परिवर्तनों को सामने लाएगी और उत्पादन तथा उपभोग के अब तक चले आ रहे पारंपरिक मॉडल 'टेक, मेक, वेस्ट' में क्रांतिकारी परिवर्तन करेगी।

उन्होंने बताया कि भारत वर्ष 2026 में विश्व सर्कुलर इकोनॉमी फोरम के आयोजन के लिए उम्मीदवार है। उन्होंने कहा कि हर साल, विश्व सर्कुलर इकोनॉमी फोरम का आयोजन किया जाता है और इस वर्ष में इसका आयोजन ब्राजील के साओ पाउलो में किया जा रहा है। भारत ने विश्व सर्कुलर इकोनॉमी फोरम 2026 की मेजबानी करने की इच्छा व्यक्त की है। 2030 और उससे आगे की ओर देखते हुए, इस फोरम को वास्तविक परिवर्तन लाना चाहिए।

श्री यादव ने कहा कि भारत प्लास्टिक अपशिष्ट चुनौतियों और उनके संबंधित पारिस्थितिक प्रभावों को कम करने के लिए प्रतिबद्ध है। प्लास्टिक अपशिष्ट प्रबंधन नियम (2016) के जरिए नगरपालिका, औद्योगिक, आवासीय और वाणिज्यिक क्षेत्रों को लक्षित करते हुए महत्वपूर्ण उपाय किए गए हैं। भारत ने 2022 में अधिसूचना के माध्यम से एकल-उपयोग वाले प्लास्टिक की कुछ श्रेणियों पर प्रतिबंध लगा दिया है। इसके साथ ही मिशन 'लाइफ' पहल के साथ जुड़ते हुए केंद्रीय पर्यावरण, वन और जलवायु परिवर्तन मंत्रालय ने ऊर्जा दक्षता और सर्कुलर अर्थव्यवस्था के सिद्धांतों को बढ़ावा देते हुए पर्यावरण के अनुकूल उत्पादों की मांग बढ़ाने के लिए इको-मार्क नियम लागू किए हैं।

उन्होंने बताया कि 10 अपशिष्ट श्रेणियों के लिए सर्कुलर इकोनॉमी एक्शन प्लान को अंतिम रूप दिया गया है जिसके लिए विनियामक और कार्यान्वयन रूपरेखा पर काम चल रहा है। श्री यादव ने कहा कि देश में एक मजबूत रीसाइक्लिंग उद्योग तेजी से विकसित हो रहा है जो अर्थव्यवस्था और रोजगार सृजन में महत्वपूर्ण योगदान देगा। उन्होंने कहा कि पर्यावरण, सामाजिक और आर्थिक आयामों में सतत विकास के लिए, हमें राष्ट्रीय आवश्यकताओं, प्राथमिकताओं और परिस्थितियों को ध्यान में रखते हुए सभी क्षेत्रों में 3R और सर्कुलर अर्थव्यवस्था सिद्धांतों को एकीकृत करना चाहिए सर्कुलर अर्थव्यवस्था के सिद्धांत भारत की सांस्कृतिक विरासत के साथ गहराई से जुड़े हुए हैं। यह वसुधैव कुटुम्बकम् के प्राचीन ज्ञान में परिलक्षित भी होता है।

आवासन एवं शहरी कार्य मंत्रालय के सचिव श्रीनिवास कथीकला और राजस्थान सरकार के मुख्य सचिव सुधांशु पंत ने संयुक्त रूप से एक महत्वपूर्ण सत्र की अध्यक्षता की, जिसमें अपशिष्ट प्रबंधन और सर्कुलर इकोनॉमी पहलों को आगे बढ़ाने पर ध्यान केंद्रित किया गया। इस सत्र में भारत के अपशिष्ट प्रबंधन परिस्थितिकी तंत्र को मजबूत करने के उद्देश्य से कई प्रमुख रिपोर्टों, बेस्ट प्रैक्टिसेज और महत्वपूर्ण समझौतों पर हस्ताक्षर किए गए।

सत्र का एक प्रमुख आकर्षण एसबीएम वेस्ट टू वेल्थ पीएमएस पोर्टल का शुभारंभ था जो स्वच्छ भारत मिशन (एसबीएम) के तहत विकसित एक अभिनव ऑनलाइन प्लेटफॉर्म है। पोर्टल को परियोजना निगरानी को बढ़ाने, डेटा प्रबंधन को सुव्यवस्थित करने और संसाधन साझा करने की सुविधा प्रदान करने के लिए डिज़ाइन किया गया है, जिससे वेस्ट टू वेल्थ के मिशन के व्यापक उद्देश्य का समर्थन किया जा सके। यह पहल सतत शहरी विकास और प्रभावी ठोस अपशिष्ट प्रबंधन के लिए सरकार की प्रतिबद्धता के अनुरूप है।

सत्र में आईएफसी डॉक्यूमेंट रेफरेंस गाइड: बिजनेस मॉडल्स एंड इकोनॉमिक असिस्टेंस फॉर म्यूनिसिपल सॉलिड वेस्ट (एमएसडब्ल्यू) प्रोजेक्ट्स का विमोचन भी किया गया। यह गाइड अपशिष्ट से बिजली बनाने, बायोमेथेनेशन और बायोरेमेडिएशन सहित एमएसडब्ल्यू प्रसंस्करण के लिए विभिन्न व्यावसायिक मॉडलों में व्यापक जानकारी प्रदान करती है। यह दस्तावेज़ नगरपालिकाओं और निजी क्षेत्र के लिए एक महत्वपूर्ण संसाधन के रूप में कार्य करेगा जो प्रभावी और आर्थिक रूप से व्यवहार्य अपशिष्ट प्रबंधन परियोजनाओं को लागू करना चाहते हैं।

कचरा प्रबंधन में वैज्ञानिक सहयोग को बढ़ावा देने की दिशा में एक महत्वपूर्ण कदम उठाते हुए काउन्सिल ऑफ साइंटिफिक एंड इंडस्ट्रियल रिसर्च (सीएसआईआर) और आवासन एवं शहरी कार्य मंत्रालय के बीच एक एमओयू पर हस्ताक्षर किए गए। यह साझेदारी भारत भर में शहरी कचरा प्रबंधन प्रथाओं को बढ़ाने के लिए अनुसंधान-संचालित समाधान और नवीन तकनीकों की सुविधा प्रदान करेगी।

इस कार्यक्रम में 'इंडियाज सर्कुलर सूत्र: अ कम्पेनडियम ऑफ बेस्ट प्रैक्टिसेज इन 3आर एंड सर्कुलर इकोनॉमी' का विमोचन भी किया गया। यह संग्रह रिड्यूस, रीयूज और रीसाइकिल (3आर) ढांचे में सफल केस स्टडी और अभिनव प्रयोगों को प्रस्तुत करता है जो सर्कुलर इकोनॉमी समाधानों को लागू करने के इच्छुक शहरी स्थानीय निकायों और हितधारकों के लिए मूल्यवान रिसोर्स प्रदान करता है। ये पहल टिकाऊ अपशिष्ट प्रबंधन को बढ़ावा देने, नवाचार को प्रोत्साहित करने और सर्कुलर इकोनॉमी को बढ़ावा देने के भारत के प्रयासों में एक महत्वपूर्ण कदम है।

इस सत्र में ऊर्जा, पर्यावरण और जल परिषद (सीईईडब्ल्यू) ने अपना नवीनतम अध्ययन प्रस्तुत किया, जो दस लाख से ज्यादा आबादी वाले शहरों में ठोस अपशिष्ट प्रबंधन (एसडब्ल्यूएम) प्रथाओं पर विस्तृत दृष्टिकोण प्रस्तुत करता है। रिपोर्ट में टिकाऊ अपशिष्ट प्रबंधन रणनीतियों, सर्कुलर इकोनॉमी सिद्धांतों और विकेंद्रीकृत समाधानों पर प्रकाश डाला गया है जिससे भारत के तेज़ी से शहरीकृत हो रहे क्षेत्रों को उनकी अनूठी चुनौतियों का सामना करने के लिए तैयार किया जा सकता है।

फोरम में भाग लेने वाले प्रतिनिधियों ने जयपुर में प्रमुख अपशिष्ट प्रबंधन और स्वच्छता सुविधाओं का तकनीकी दौरा किया, जिसमें लागरियावास में अपशिष्ट से ऊर्जा संयंत्र और सेनिटरी लैंडफिल साइट और देहलावास सीवेज ट्रीटमेंट प्लांट शामिल हैं। इन यात्राओं से अभिनव अपशिष्ट प्रसंस्करण तकनीकों, अपशिष्ट से ऊर्जा पुनर्प्राप्ति और कुशल सीवेज उपचार तंत्रों के बारे में प्रत्यक्ष जानकारी मिली। तकनीकी यात्राओं के अलावा, प्रतिनिधियों ने जयपुर की समृद्ध सांस्कृतिक विरासत का भी लुत्फ उठाया, जिसमें हवा महल, सिटी पैलेस, अल्बर्ट हॉल और पत्रिका गेट जैसे प्रतिष्ठित स्थल शामिल थे। इन विरासत यात्राओं ने शहर की स्थापत्य भव्यता और ऐतिहासिक महत्व की झलक पेश की, जो एक समग्र अनुभव प्रदान करता है जो शहरी बुनियादी ढांचे की प्रगति को राजस्थान की जीवंत सांस्कृतिक विरासत के साथ जोड़ता है।

| 2050 तक भारत की सर्कुलर अर्थव्यवस्था लगभग 10 मिलियन नौकरियां पैदा कर सकती है: केंद्रीय मंत्री भूपेंद्र यादव

04 Mar 2025 21:00:31

जयपुर, 04 मार्च (हि.स.)। केंद्रीय वन, पर्यावरण एवं जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने कहा कि वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 02 ट्रिलियन डॉलर से अधिक का बाजार और लगभग 10 मिलियन नौकरियां पैदा कर सकती है। वहीं वैश्विक स्तर की बात करें तो यह सर्कुलर अर्थव्यवस्था वर्ष 2030 तक 4.5 ट्रिलियन अमेरिकी डॉलर का अतिरिक्त आर्थिक उत्पादन कर सकती है।

भूपेंद्र यादव मंगलवार को जयपुर में चल रहे भारत और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम को संबोधित कर रहे थे। उन्होंने कहा कि सर्कुलर अर्थव्यवस्था 250 साल पहले हुई औद्योगिक क्रांति के बाद व्यापार में सबसे बड़े परिवर्तनों को सामने लाएगी और उत्पादन तथा उपभोग के अब तक चले आ रहे पारंपरिक मॉडल 'टेक, मेक, वेस्ट' में क्रांतिकारी परिवर्तन करेगी।

केंद्रीय मंत्री ने बताया कि भारत वर्ष 2026 में विश्व सर्कुलर इकोनॉमी फोरम के आयोजन के लिए उम्मीदवार है। उन्होंने कहा कि हर साल, विश्व सर्कुलर इकोनॉमी फोरम का आयोजन किया जाता है और इस वर्ष, 2025 में इसका आयोजन ब्राजील के साओ पाउलो में किया जा रहा है। भारत ने विश्व सर्कुलर इकोनॉमी फोरम 2026 की मेजबानी करने की इच्छा व्यक्त की है। 2030 और उससे आगे की ओर देखते हुए, इस फोरम को वास्तविक परिवर्तन लाना चाहिए।

यादव ने कहा कि भारत प्लास्टिक अपशिष्ट चुनौतियों और उनके संबंधित पारिस्थितिक प्रभावों को कम करने के लिए प्रतिबद्ध है। प्लास्टिक अपशिष्ट प्रबंधन नियम (2016) के जरिए नगरपालिका, औद्योगिक, आवासीय और वाणिज्यिक क्षेत्रों को लक्षित करते हुए महत्वपूर्ण उपाय किए गए हैं। भारत ने 2022 में अधिसूचना के माध्यम से एकल-उपयोग वाले प्लास्टिक की कुछ श्रेणियों पर प्रतिबंध लगा दिया है। इसके साथ ही मिशन 'लाइफ' पहल के साथ जुड़ते हुए पर्यावरण, वन एवं जलवायु परिवर्तन मंत्रालय (एमओएफईसीसी) ने ऊर्जा दक्षता और सर्कुलर अर्थव्यवस्था के सिद्धांतों को बढ़ावा देते हुए पर्यावरण के अनुकूल उत्पादों की मांग बढ़ाने के लिए इको-मार्क नियम लागू किए हैं।

केंद्रीय मंत्री यादव ने बताया कि 10 अपशिष्ट श्रेणियों के लिए सर्कुलर इकोनॉमी एक्शन प्लान को अंतिम रूप दिया गया है, जिसके लिए विनियामक और कार्यान्वयन रूपरेखा पर काम चल रहा है। यादव ने कहा कि देश में एक मजबूत रीसाइक्लिंग उद्योग तेजी से विकसित हो रहा है जो अर्थव्यवस्था और रोजगार सृजन में महत्वपूर्ण योगदान देगा। उन्होंने कहा कि पर्यावरण, सामाजिक और आर्थिक आयामों में सतत विकास के लिए, हमें राष्ट्रीय आवश्यकताओं, प्राथमिकताओं और परिस्थितियों को ध्यान में रखते हुए सभी क्षेत्रों में 3आर और सर्कुलर अर्थव्यवस्था सिद्धांतों को एकीकृत करना चाहिए। सर्कुलर अर्थव्यवस्था के सिद्धांत भारत की सांस्कृतिक विरासत के साथ गहराई से जुड़े हुए हैं। यह 'वसुधैव कुटुम्बकम्' के प्राचीन ज्ञान में परिलक्षित भी होता है।

आवासन एवं शहरी कार्य मंत्रालय के सचिव श्री श्रीनिवास कथीकला और राजस्थान सरकार के मुख्य सचिव श्री सुधांशु पंत ने आज संयुक्त रूप से एक महत्वपूर्ण सत्र की अध्यक्षता की, जिसमें अपशिष्ट प्रबंधन और सर्कुलर इकोनॉमी पहलों को आगे बढ़ाने पर ध्यान केंद्रित किया गया। इस सत्र में भारत के अपशिष्ट प्रबंधन पारिस्थितिकी तंत्र को मजबूत करने के उद्देश्य से कई प्रमुख रिपोर्टें, बेस्ट प्रैक्टिसेज और महत्वपूर्ण समझौतों पर हस्ताक्षर किए गए।

एसबीएम वेस्ट टू वेल्थ पीएमएस पोर्टल का शुभारंभ

सत्र का एक प्रमुख आकर्षण एसबीएम वेस्ट टू वेल्थ पीएमएस पोर्टल का शुभारंभ था, जो स्वच्छ भारत मिशन (एसबीएम) के तहत विकसित एक अभिनव ऑनलाइन प्लेटफॉर्म है। पोर्टल को परियोजना निगरानी को बढ़ाने, डेटा प्रबंधन को सुव्यवस्थित करने और संसाधन साझा करने की सुविधा प्रदान करने के लिए डिज़ाइन किया गया है, जिससे वेस्ट टू वेल्थ के मिशन के व्यापक उद्देश्य का समर्थन किया जा सके। यह पहल सतत शहरी विकास और प्रभावी ठोस अपशिष्ट प्रबंधन के लिए सरकार की प्रतिबद्धता के अनुरूप है।

आईएफसी डॉक्यूमेंट रेफरेंस गाइड का विमोचन

सत्र में आईएफसी डॉक्यूमेंट रेफरेंस गाइड: बिजनेस मॉडल्स एंड इकोनॉमिक असिस्टेंस फॉर म्यूनिसिपल सॉलिड वेस्ट (एमएसडब्ल्यू) प्रोजेक्ट्स का विमोचन भी किया गया। यह गाइड अपशिष्ट से बिजली बनाने, बायोमेथेनेशन और बायोरेमेडिएशन सहित एमएसडब्ल्यू प्रसंस्करण के लिए विभिन्न व्यावसायिक मॉडलों में व्यापक जानकारी प्रदान करती है। यह दस्तावेज़ नगरपालिकाओं और निजी क्षेत्र के लिए एक महत्वपूर्ण संसाधन के रूप में कार्य करेगा जो प्रभावी और आर्थिक रूप से व्यवहार्य अपशिष्ट प्रबंधन परियोजनाओं को लागू करना चाहते हैं।

सीएसआईआर और आवासन एवं शहरी कार्य मंत्रालय के बीच एमओयू

कचरा प्रबंधन में वैज्ञानिक सहयोग को बढ़ावा देने की दिशा में एक महत्वपूर्ण कदम उठाते हुए, काउन्सिल ऑफ साइंटिफिक एंड इंडस्ट्रियल रिसर्च (सीएसआईआर) और आवासन एवं शहरी कार्य मंत्रालय के बीच एक मेमॉरेंडम ऑफ अन्डरस्टैंडिंग (एमओयू) पर हस्ताक्षर किए गए। यह साझेदारी भारत भर में शहरी कचरा प्रबंधन प्रथाओं को बढ़ाने के लिए अनुसंधान-संचालित समाधान और नवीन तकनीकों की सुविधा प्रदान करेगी।

इंडियाज सर्कुलर सूत्र का विमोचन

इस कार्यक्रम में 'इंडियाज सर्कुलर सूत्र: अ कम्पेनडियम ऑफ बेस्ट प्रैक्टिसेज इन 3आर एंड सर्कुलर इकोनॉमी' का विमोचन भी किया गया। यह संग्रह रिड्यूस, रीयूज और रीसाइकिल (3आर) ढांचे में सफल केस स्टडी और अभिनव प्रयोगों को प्रस्तुत करता है, जो सर्कुलर इकोनॉमी समाधानों को लागू करने के इच्छुक शहरी स्थानीय निकायों और हितधारकों के लिए मूल्यवान रिसोर्स प्रदान करता है। ये पहल टिकाऊ अपशिष्ट प्रबंधन को बढ़ावा देने, नवाचार को प्रोत्साहित करने और सर्कुलर इकोनॉमी को बढ़ावा देने के भारत के प्रयासों में एक महत्वपूर्ण कदम है।

दस लाख से ज्यादा आबादी वाले शहरों में ठोस अपशिष्ट प्रबंधन पर सीईईडब्ल्यू रिपोर्ट

इस सत्र में ऊर्जा, पर्यावरण और जल परिषद (सीईईडब्ल्यू) ने अपना नवीनतम अध्ययन प्रस्तुत किया, जो दस लाख से ज्यादा आबादी वाले शहरों में ठोस अपशिष्ट प्रबंधन (एसडब्ल्यूएम) प्रथाओं पर विस्तृत दृष्टिकोण प्रस्तुत करता है। रिपोर्ट में टिकाऊ अपशिष्ट प्रबंधन रणनीतियों, सर्कुलर इकोनॉमी सिद्धांतों और विकेंद्रीकृत समाधानों पर प्रकाश डाला गया है जिससे भारत के तेज़ी से शहरीकृत हो रहे क्षेत्रों को उनकी अनूठी चुनौतियों का सामना करने के लिए तैयार किया जा सकता है।

डेलीगेट्स का तकनीकी और हेरिटेज साइट्स का दौरा

डेलीगेट्स ने जयपुर में प्रमुख अपशिष्ट प्रबंधन और स्वच्छता सुविधाओं का तकनीकी दौरा किया, जिसमें तांगरियावास में अपशिष्ट से ऊर्जा संयंत्र और सैनिटरी लैंडफिल साइट और देहलावास सीवेज ट्रीटमेंट प्लांट शामिल हैं। इन यात्राओं से अभिनव अपशिष्ट प्रसंस्करण तकनीकों, अपशिष्ट से ऊर्जा पुनर्प्राप्ति और कुशल सीवेज उपचार तंत्रों के बारे में प्रत्यक्ष जानकारी मिली।

तकनीकी यात्राओं के अलावा, प्रतिनिधियों ने जयपुर की समृद्ध सांस्कृतिक विरासत का भी लुफ्त उठाया, जिसमें हवा महल, सिटी पैलेस, अल्बर्ट हॉल और पत्रिका गेट जैसे प्रतिष्ठित स्थल शामिल थे। इन विरासत यात्राओं ने शहर की स्थापत्य भव्यता और ऐतिहासिक महत्व की झलक पेश की, जो एक समग्र अनुभव प्रदान करता है जो शहरी बुनियादी ढांचे की प्रगति को राजस्थान की जीवंत सांस्कृतिक विरासत के साथ जोड़ता है।

भारत 'विश्व चक्रीय अर्थव्यवस्था मंच' की मेजबानी का इच्छुक पर्यावरण मंत्री

नयी दिल्ली, चार मार्च (भाषा) केंद्रीय पर्यावरण मंत्री भूपेंद्र यादव ने मंगलवार को कहा कि भारत 'विश्व चक्रीय अर्थव्यवस्था मंच' के 2026 संस्करण की मेजबानी का इच्छुक है।

इसके साथ ही उन्होंने कहा कि भारत चक्रीय अर्थव्यवस्था पर एशिया-प्रशांत देशों के साथ मजबूत सहयोग का समर्थक है।

'चक्रीय अर्थव्यवस्था' उत्पादन और उपभोग का ऐसा मॉडल है, जिसमें यथासंभव विद्यमान सामग्रियों एवं उत्पादों को साझा करना, पट्टे पर देना, दोबारा इस्तेमाल, मरम्मत, नवीनीकरण और पुनर्चक्रण शामिल है।

यादव ने जयपुर में आयोजित एक कार्यक्रम में कहा कि चक्रीय अर्थव्यवस्था 250 साल पहले आई औद्योगिक क्रांति के बाद से सबसे बड़े व्यावसायिक बदलावों में से एक को संचालित कर सकती है।

उन्होंने कहा, "हर साल आयोजित होने वाला 'विश्व चक्रीय अर्थव्यवस्था मंच' (डब्ल्यूसीईएफ) इस साल ब्राजील के साओ पाउलो में हो रहा है। भारत ने वर्ष 2026 के सम्मेलन की मेजबानी की इच्छा जताई है। वर्ष 2030 और उसके बाद के भविष्य को देखते हुए इस मंच को वास्तविक बदलाव लाना चाहिए।"

डब्ल्यूसीईएफ का आयोजन फिनलैंड और उसके नवाचारी कोष सिट्टा की वैश्विक पहल है। यह फोरम चक्रीय अर्थव्यवस्था से जुड़े बिंदुओं पर चर्चा के लिए दुनिया भर के कारोबारी प्रमुखों, नीति-निर्माताओं और विशेषज्ञों को एक साथ लाता है।

यादव ने कहा कि भारत अपने मजबूत पुनर्चक्रण उद्योग के साथ चक्रीय अर्थव्यवस्था पर एशिया-प्रशांत देशों के साथ सहयोग करने के लिए तैयार है।

उन्होंने कहा कि भारत में फिलहाल 3,500 से अधिक पुनर्चक्रण इकाइयां हैं जो प्रति वर्ष लगभग 4.5 करोड़ टन कचरे को संसाधित करने में सक्षम हैं।

उन्होंने कहा कि टिकाऊ विकास लक्ष्यों और जलवायु निरपेक्षता को प्राप्त करने के लिए चक्रीय अर्थव्यवस्थाएं महत्वपूर्ण थीं, जो समान विकास के साथ कम कार्बन उत्सर्जन को भी संतुलित करती हैं।

हालांकि, उन्होंने खासकर विनिर्माण क्षेत्र के लिए चक्रीय अर्थव्यवस्था को केवल एक व्यवसाय मॉडल के रूप में देखने के खिलाफ चेतावनी दी। उन्होंने कहा कि भारत के लिए चक्रण केवल एक कारोबारी मॉडल न होकर एक जीवन मॉडल है।

भारत की 'सर्कुलर' अर्थव्यवस्था बड़े पैमाने पर नौकरियां पैदा कर सकती है : भूपेंद्र यादव

जयपुर, चार मार्च (भाषा) केंद्रीय वन, पर्यावरण और जलवायु परिवर्तन मंत्री भूपेंद्र यादव ने मंगलवार को कहा कि भारत की संसाधनों के अनुकूलतम उपयोग वाली (सर्कुलर) अर्थव्यवस्था में 2050 तक 2,000 अरब अमेरिकी डॉलर से अधिक का बाजार बनाने और लगभग एक करोड़ नौकरियां पैदा करने की क्षमता है।

यादव यहां भारत और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम को संबोधित कर रहे थे।

उन्होंने कहा, "वर्ष 2050 तक भारत की सर्कुलर अर्थव्यवस्था 2,000 अरब अमेरिकी डॉलर से अधिक का बाजार और लगभग एक करोड़ नौकरियां पैदा कर सकती है। वहीं, वैश्विक स्तर की बात करें तो यह सर्कुलर अर्थव्यवस्था वर्ष 2030 तक 4,500 अरब अमेरिकी डॉलर का अतिरिक्त आर्थिक उत्पादन कर सकती है।"

यादव ने कहा कि सर्कुलर अर्थव्यवस्था 250 साल पहले हुई औद्योगिक क्रांति के बाद व्यापार में सबसे बड़े परिवर्तनों को सामने लाएगी और उत्पादन तथा उपभोग के अब तक चले आ रहे पारंपरिक मॉडल 'टेक, मेक, वेस्ट' में क्रांतिकारी परिवर्तन करेगी।

केंद्रीय मंत्री ने कहा कि भारत प्लास्टिक अपशिष्ट चुनौतियों और उनके संबंधित पारिस्थितिक प्रभावों को कम करने के लिए प्रतिबद्ध है।

उन्होंने कहा, "प्लास्टिक अपशिष्ट प्रबंधन नियम (2016) के जरिये नगर पालिका, औद्योगिक, आवासीय और वाणिज्यिक क्षेत्रों को लक्षित करते हुए महत्वपूर्ण उपाय किए गए हैं। भारत ने 2022 में अधिसूचना के माध्यम से एकल-उपयोग वाले प्लास्टिक की कुछ श्रेणियों पर प्रतिबंध लगा दिया है। इसके साथ ही मिशन 'लाइफ' पहल के साथ जुड़ते हुए मंत्रालय ने ऊर्जा दक्षता और सर्कुलर अर्थव्यवस्था के सिद्धांतों को बढ़ावा देते हुए पर्यावरण के अनुकूल उत्पादों की मांग बढ़ाने के लिए इको-मार्क नियम लागू किए हैं।"

यादव ने बताया कि 10 अपशिष्ट श्रेणियों के लिए सर्कुलर अर्थव्यवस्था कार्य योजना को अंतिम रूप दिया गया है, जिसके लिए विनियामक और कार्यान्वयन रूपरेखा पर काम चल रहा है।

इस कार्यक्रम के दूसरे दिन कचरा प्रबंधन में वैज्ञानिक सहयोग को बढ़ावा देने की दिशा में एक महत्वपूर्ण कदम उठाते हुए वैज्ञानिक एवं औद्योगिक अनुसंधान परिषद (सीएसआईआर) और आवासन एवं शहरी कार्य मंत्रालय के बीच एक समझौता ज्ञापन (एमओयू) पर हस्ताक्षर किए गए।

3आर और सर्कुलर इकोनॉमी फोरम का समापन: जापान, सोलोमन मालदीव सहित कई मंत्रियों का जयपुर में रहा जमावड़ा

3 आर और सर्कुलर इकोनॉमी फोरम 'जयपुर घोषणा' को अपनाने के साथ हुआ संपन्न

3 आर और सर्कुलर इकोनॉमी फोरम 'जयपुर घोषणा' को अपनाने के साथ हुआ संपन्न

ज्ञान साझा करने के लिए एक सहयोगी मंच के रूप में बहु-हितधारक वैश्विक गठबंधन सी-3 शुरू करने का भारत का प्रस्ताव

फोरम में एशिया प्रशांत क्षेत्र के 24 सदस्य देशों और लगभग 200 अंतरराष्ट्रीय प्रतिनिधियों ने भाग लिया

सर्कुलर इकोनॉमी की अवधारणा एक विकल्प नहीं बल्कि आवश्यकता: साहु

अवसरपूर्ण सारी अवसरों के संयोजन के रूप में एशिया प्रशांत क्षेत्र के लिए 12वीं वार्षिक 3 आर और सर्कुलर इकोनॉमी फोरम का ऐतिहासिक आयोजन हुआ है। पिछले दिनों में हमने वैश्वीकरण के निर्माण के लिए पर्यावरण संरक्षण, संसाधनों के सतत उपयोग और अर्थव्यवस्था पर नकारात्मक प्रभावों को नियंत्रित करने के लिए आवश्यक किया है। आज के दुनिया में 3 आर और सर्कुलर इकोनॉमी को अवधारणा के रूप में विकसित नहीं किया जा सकता है। आवश्यकता है। सी-3 की अवधारणा के इस्तेमाल को बढ़ावा देने के लिए आवश्यक है।

संयुक्त राष्ट्र सदस्य देशों को गठबंधन में शामिल होने का न्यौता: मनोहर

अपने सम्मान प्राप्त में वार्डन को संयुक्त राष्ट्र ने सी-3 के लिए संबोधित करते हुए कहा कि जयपुर घोषणा पर इस तरह प्रतिबद्धता का प्रमाण है। मुझे खुशी है कि यह टास्कफोर्स फोरम नए संयुक्त राष्ट्र के साथ जुड़ा होगा और इसे ही वह सफलता नहीं है, लेकिन यह हमारे देश और दुनिया के सभी संयुक्त राष्ट्र सदस्य देशों को एक पारस्परिक सहयोगी और सी-3 का एक नया चरण शुरू करने का अवसर है। यह सी-3 के तहत से अर्थव्यवस्था के विकास और सभी संयुक्त राष्ट्र सदस्य देशों को इस गठबंधन में शामिल होने के लिए आमंत्रित किया है।

जयपुर डिक्लेरेशन के साथ सर्कुलर इकोनॉमी फोरम का समापन

जयपुर डिक्लेरेशन के साथ सर्कुलर इकोनॉमी फोरम का समापन

राजस्थान दर्शन

जयपुर जयपुर डिक्लेरेशन की घोषणा के साथ तीन दिवसीय 12वें रोजन्नाल 3आर और सर्कुलर इकोनॉमी फोरम इन एशिया एंड द पैसिफिक का समापन हुआ। केन्द्रीय मंत्री मनोहर लाल खट्टर ने बुधवार को 12वें रोजन्नाल 3आर और सर्कुलर इकोनॉमी फोरम इन एशिया एंड द पैसिफिक के समापन पर 'जयपुर डिक्लेरेशन' की घोषणा की। उन्होंने कहा कि यह डिक्लेरेशन सर्कुलर इकोनॉमी को बढ़ावा देने की दिशा में बड़ा कदम है। उन्होंने भारत की ओर से प्लेट-3 नाटवंधन के प्रस्ताव को भी एक महत्वपूर्ण पहल बताया। फोरम में 35 देशों के 1000 से ज्यादा प्रतिनिधियों ने हिस्सा लिया, जिसमें 24 एशिया-प्रशांत देशों के सरकारी अधिकारी, विशेषज्ञ और निजी क्षेत्र के प्रतिनिधि शामिल रहे। भारत सरकार के आवास एवं शहरी मामलों के राज्य मंत्री लोहान साहू ने समापन के अवसर पर कहा कि एशिया और प्रशांत क्षेत्र के लिए यह क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम एक ऐतिहासिक अवसर रहा है। उन्होंने बताया - पिछले तीन दिनों में हमने पर्यावरण संरक्षण, संसाधनों के सतत उपयोग और अपशिष्ट प्रबंधन के माध्यम से एक बेहतर भविष्य की दिशा में कई महत्वपूर्ण चर्चाएं और विचार-विमर्श किए हैं। आज के समय में रिड्यूस, रीयूज, रीसाइकिल और सर्कुलर इकोनॉमी की अवधारणा केवल एक विकल्प नहीं बल्कि

एक आवश्यकता बन चुकी है। हमारे प्रयासों से ही हम प्रकृति और मानवता के बीच संतुलन बना सकते हैं। इस फोरम के दौरान विशेषज्ञों से मिली जानकारी और विभिन्न प्रदर्शनियों में सर्कुलर इकोनॉमी के व्यावहारिक अनुप्रयोगों की देखने-समझने का अवसर मिला। उन्होंने कहा कि प्रधानमंत्री के नेतृत्व में सिटीज 2.0 के तहत शहरों को बेहतर बनाने के लिए प्रभावी और सफल मॉडल विकसित करने में मदद मिलेगी। साहू ने राजस्थान सरकार, जयपुर प्रशासन और सभी आयोजकों को धन्यवाद दिया और कहा कि इस फोरम से प्राप्त ज्ञान और प्रेरणा को सभी को अपने-अपने देश और समुदायों तक ले जाना होगा, ताकि आने वाली पीढ़ियों के लिए एक स्थायी और समृद्ध भविष्य सुनिश्चित किया जा सके।

एशिया और प्रशांत क्षेत्र में 12वां क्षेत्रीय 3 आर और सर्कुलर इकोनॉमी फोरम जयपुर घोषणा को अपनाने के साथ संपन्न

Jaipur meeting crucial for sustainability: Tokan Sahu

श्री आर वैश्विक गठबंधन का भारत का प्रस्ताव

श्री आर वैश्विक गठबंधन का भारत का प्रस्ताव

एशिया और प्रशांत क्षेत्र में 12वां क्षेत्रीय 3 आर और सर्कुलर इकोनॉमी फोरम

एशिया के 24 देशों और
200 अंतरराष्ट्रीय
प्रतिनिधियों ने लिया भाग

महानगर संवाददाता

जयपुर। भारत ने विश्व बित्तदरी को 3 आर यानी रिट्यूज, रिपूज और रिसाइकल के रूप में एक नए वैश्विक गठबंधन बनाने का प्रस्ताव को घोषणा की है। इसे जयपुर प्रस्ताव के रूप में माना जाएगा।

फोरम के सम्पन्न कार्यक्रम में वीडियो कॉन्फ्रेंसिंग के माध्यम से जुड़े कैदीय मंत्री मनोहर लाल खट्वा ने कहा कि आज अपनाया गया जयपुर घोषणा पत्र इस सप्ताह प्रतिबद्धता का प्रमाण है। मुझे खुशी है कि या दशकीय घोषणा पत्र 'जयपुर' के नाम के साथ जुड़ा होगा और भले ही यह बाध्यकारी नहीं है, लेकिन यह हमारे देश और

एशिया प्रशांत के सभी संयुक्त राष्ट्र सदस्य देशों को एक चक्रांत संक्रमण की ओर ले जाएगा। उन्होंने यह भी कहा कि एक पृथ्वी, एक परिवार, एक भविष्य के हमारे सिद्धांत के आधार पर, भारत सहित के गठबंधन (सी-3) के गठन में अपनी भूमिका निभाएगा और सभी संयुक्त राष्ट्र सदस्य देशों को इस गठबंधन में शामिल होने के लिए आमंत्रित किया है।

आवास एवं शहरी मामलों के मंत्रालय के राज्य मंत्री तोखन साहू

ने कहा कि एशिया और प्रशांत क्षेत्र के लिए 12वां क्षेत्रीय 3 आर और सर्कुलर इकोनॉमी फोरम में हमने बेहतर भविष्य के निर्माण के लिए पर्यावरण संरक्षण, संसाधनों के उपयोग और अपशिष्ट प्रबंधन पर महत्वपूर्ण चर्चा और विचार-विमर्श किया है। उन्होंने यह भी कहा कि आज के युग में 3आर (रिट्यूज, रिपूज, रिसाइकल) और सर्कुलर इकोनॉमी की अवधारणा केवल एक विकल्प नहीं बल्कि एक आवश्यकता है।

बेधड़क | जयपुर

एशिया और प्रशांत क्षेत्र में 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का बुधवार को सदस्य देशों द्वारा सर्वसम्मति से 'जयपुर घोषणा' को अपनाए जाने के साथ समापन हो गया। राष्ट्रीय नीतियों, परिस्थितियों और क्षमताओं के अनुसार देशों को सक्रिय रणनीति सुझाने के लिए एक मार्गदर्शन दस्तावेज तैयार किया गया है। वीडियो कॉन्फ्रेंसिंग के माध्यम से जुड़े अपने समापन भाषण में केंद्रीय मंत्री मनोहर लाल ने कहा कि बुधवार को अपनाया गया जयपुर घोषणापत्र इस साझा प्रतिबद्धता का प्रमाण है। मुझे खुशी है कि यह दशकीय घोषणापत्र 'जयपुर' के नाम के साथ जुड़ा

होगा और भले ही यह बाध्यकारी नहीं है, लेकिन यह हमारे देश और एशिया प्रशांत के सभी संयुक्त राष्ट्र सदस्य देशों को एक चक्रीय संक्रमण की ओर ले जाएगा। उन्होंने यह भी कहा कि 'एक पृथ्वी, एक परिवार, एक भविष्य' के हमारे सिद्धांत के आधार पर, भारत चक्रीयता के लिए शहरों के गठबंधन (सी-3) के गठन में अग्रणी भूमिका निभाएगा और सभी संयुक्त राष्ट्र सदस्य देशों को इस गठबंधन में शामिल होने के लिए आमंत्रित किया। आवास एवं शहरी मामलों के मंत्रालय के राज्य मंत्री तोखन साहू ने कहा कि एशिया और प्रशांत क्षेत्र के लिए 12वां क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम एक ऐतिहासिक क्षण रहा है।

जयपुर घोषणा पत्र करेगा एशिया प्रशांत क्षेत्र की नीतियां तय

24 देश और 200 प्रतिनिधियों ने बनाया मार्गदर्शन दस्तावेज, 'नाम जयपुर घोषणा'

एशिया और प्रशांत क्षेत्र के 3R और सर्कुलर इकोनॉमी फोरम का समापन

24 देश और 200 प्रतिनिधियों ने बनाया मार्गदर्शन दस्तावेज, 'नाम जयपुर घोषणा'

जयपुर | एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम में बुधवार को 'जयपुर घोषणा' पर सहमति हुई। फोरम के सभी सदस्य देशों ने अपनी सर्वसम्मति दी। इसी के साथ तीन दिवसीय यह फोरम आरआईसी में संपन्न हो गया। फोरम में एशिया प्रशांत क्षेत्र के 24 सदस्य देशों और लगभग 200 अंतरराष्ट्रीय प्रतिनिधियों ने भाग लिया।

इसमें राष्ट्रीय नीतियों, परिस्थितियों और क्षमताओं के अनुसार देशों को सांकेतिक रणनीति मुझाने के लिए एक मार्गदर्शन दस्तावेज तैयार किया है। 'जयपुर घोषणा' के हिस्से के रूप में, वैश्विक गठबंधन सी-3 (सर्कुलरिटी के लिए शहरों का गठबंधन) के रूप में एक सहयोगी ज्ञान मंच पर भी सहमति बनी है। जयपुर घोषणा में विभिन्न अपशिष्ट धाराओं और उनमें से प्रत्येक के लिए सर्कुलर अर्थव्यवस्था लक्ष्यों के बारे में जानकारी दी गई है। यह समापन दस्तावेज और टिकाऊ सामग्री उपभोग के बारे में बताता है। घोषणा में अनौपचारिक क्षेत्र, लैंगिक मुद्दे और श्रम मुद्दों को भी शामिल किया गया है।

वैश्विक गठबंधन सिटीज कोलिरान फॉर सर्कुलरिटी (सी-3) का प्रस्ताव भारत ने दिया

बीडियो कॉन्फ्रेंसिंग के जरिए केंद्रीय मंत्री मनोहर लाल ने कहा कि यह दशकीय घोषणा पत्र 'जयपुर' के नाम के साथ जुड़ा है जो खुरी की बात है। भले ही यह बाध्यकारी नहीं है, लेकिन यह हमारे देश और एशिया प्रशांत के सभी संयुक्त राष्ट्र सदस्य देशों को एक चक्रीय संक्रमण को ओर ले जाएगा। उन्होंने यह भी कहा कि 'एक पृथ्वी, एक परिवार, एक भविष्य' के हमारे सिद्धांत के आधार पर भारत चक्रीयता के लिए शहरों के गठबंधन (सी-3) के गठन में अपनी भूमिका निभाएगा।

आवास एवं शहरी मामलों के मंत्रालय के राज्य मंत्री तोखन साहू ने कहा, "पिछले दिनों में हमने बेहतर भविष्य के निर्माण के लिए पर्यावरण संरक्षण, संसाधनों के सतत उपयोग और अपशिष्ट प्रबंधन पर चर्चा हुई।" 3आर (रिड्यूस, रीयूज, रीसाइकिल) और सर्कुलर इकोनॉमी को अवधारणा एक आवश्यकता है।

Jaipur, Mar 5 (PTI) The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific concluded today with the unanimous adoption of the 'Jaipur Declaration' by member countries.

A guidance document has been prepared to suggest indicative strategies to countries as per national policies, conditions and capabilities.

As part of the Jaipur Declaration, a collaborative knowledge platform in the form of the Global Alliance C-3 (Coalition of Cities for Circularity) has also been agreed upon. The Jaipur Declaration talks about various waste streams and circular economy goals for each of them. It talks about resource efficiency and sustainable material consumption. The declaration also covers the informal sector, gender issues and labour issues.

12th Regional 3R and Circular Economy Forum concludes with Jaipur Declaration

PTI | Updated: March 05, 2025 22:10 IST

Jaipur, Mar 5 (PTI) The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific concluded today with the unanimous adoption of the 'Jaipur Declaration' by member countries.

A guidance document has been prepared to suggest indicative strategies to countries as per national policies, conditions and capabilities.

As part of the Jaipur Declaration, a collaborative knowledge platform in the form of the Global Alliance C-3 (Coalition of Cities for Circularity) has also been agreed upon. The Jaipur Declaration talks about various waste streams and circular economy goals for each of them. It talks about resource efficiency and sustainable material consumption. The declaration also covers the informal sector, gender issues and labour issues.

According to an official statement, it also provides for means of implementation, partnerships, technology transfer, funding mechanisms and research and development.

In his concluding remarks, Union Minister Manohar Lal said that the Jaipur Declaration adopted today is a testimony to this shared commitment.

"I am happy that this decadal declaration will be associated with the name of 'Jaipur' and even though it is not binding, it will lead our country and all UN Member States in Asia Pacific towards a circular transition," he said.

He also said that based on our principle of "One Earth, One Family,

One Future", India will play a leading role in the formation of the Coalition of Cities for Circularity (C-3) and invited all UN Member States to join this Coalition.

Tokhan Sahu, Minister of State, Ministry of Housing and Urban Affairs said that the 12th Regional 3R and Circular Economy Forum for Asia and Pacific has been a historic moment.

"In the past few days, we have had important discussions and deliberations on environmental protection, sustainable use of resources and waste management to build a better future," he said.

He also said that in today's era, the concept of 3R (Reduce, Reuse, Recycle) and Circular Economy is not just an option but a necessity.

Professor Amit Kapoor, Chair of Stanford University's Institute for Competitiveness, delivered a special address on implementing circularity of solid and liquid waste for the largest human gathering in the world, Maha Kumbh in Prayagraj, India.

He shared key preliminary findings of an in-depth study that explores sustainable waste management solutions for the event, focusing on innovative approaches, scalability and best practices to ensure environmental sustainability while managing millions of pilgrims.

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific was held from 3 to 5 March 2025 at Rajasthan International Centre, Jaipur. The theme of the forum was "Building circular societies towards achieving Sustainable Development Goals and carbon neutrality in the Asia-Pacific region."

Jaipur Declaration Unanimously Adopted At 12th Regional 3R And Circular Economy Forum

The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific concluded with the unanimous adoption of the 'Jaipur Declaration' by participating member countries. The declaration outlines key strategies to enhance resource efficiency, promote sustainable

material consumption, and strengthen waste management systems across the region.

A major highlight of the forum was India's proposal to establish the 'Cities Coalition for Circularity' (C-3), a multi-stakeholder global alliance aimed at facilitating knowledge sharing and city-to-city collaboration in circular economy practices. Union Minister Manohar Lal emphasized that the Jaipur Declaration is a testament to collective commitment towards sustainability, adding that while the declaration is non-binding, it will serve as a guiding framework for member nations in their transition towards a circular economy.

Minister of State for Housing and Urban Affairs, Tokhan Sahu, called the forum a historic moment, underscoring the necessity of adopting the 3R principles—Reduce, Reuse, Recycle—as a fundamental approach to resource conservation. The event featured discussions on waste management, environmental sustainability, gender inclusivity, and labor-related issues in the informal sector.

During the forum, key announcements aligned with India's sustainability vision were made. The Prime Minister's message, presented at the inaugural session, reinforced the country's 'Pro Planet People' (P-3) approach. India also formally announced its candidacy to host the World Circular Economy Forum (WCEF) 2026.

A major milestone was the rollout of CITIIS 2.0, an initiative under which agreements worth ₹1,800 crore were signed for integrated waste management and climate action projects across 18 cities in 14 states. The forum also saw the launch of the SBM Waste to Wealth PMS Portal, IFC Document Reference Guide, and India's 'Circular Sutra,' a compilation of 126 best practices compiled by the National Institute of Urban Affairs (NIUA).

International and Domestic Participation

The forum witnessed high-level participation, with 24 Asia-Pacific member countries and nearly 200 international delegates attending the event. Union Minister Manohar Lal inaugurated the event alongside ministers from Rajasthan, Madhya Pradesh, Uttarakhand, and Haryana.

International representation included ministers from Japan, Solomon Islands, Tuvalu, and Maldives. Over 800 delegates from India, representing 33 states and union territories, 15 line ministries, and private sector stakeholders, participated in discussions on sustainability and circular economy.

A key feature of the event was the 'India Pavilion' and the '3R Trade and Technology Exhibition,' where over 40 Indian and Japanese businesses and startups showcased innovative solutions in waste management and sustainability. The forum also hosted engaging sessions such as the 'Mayors' Dialogue' and 'Case Clinic,' fostering collaboration among urban leaders and stakeholders.

Prof. Amit Kapoor from the Institute for Competitiveness at Stanford University delivered a special address on implementing circularity at the Maha Kumbh in Prayagraj, sharing insights from a study on sustainable waste management for large congregations.

The forum concluded with technical field visits, allowing delegates to witness sustainable urban practices firsthand at waste management facilities and key heritage sites in Jaipur.

Rajasthan: Regional 3R and Circular Economy Forum in Asia and Pacific concludes

5 Mar, 2025 23:00 IST

Jaipur, March 5 (IANS) The 12th Regional 3R and Circular Economy Forum in Asia and the Pacific concluded with the unanimous adoption of the 'Jaipur Declaration' by Member States on Wednesday.

The forum, held from 3rd to 5th March 2025 at the Rajasthan International Centre in Jaipur, was attended by 24 Member States from the Asia-Pacific region and around 200 international delegates.

India has proposed the launch of a multi-stakeholder global coalition, the Cities Coalition for Circularity (C-3), as a collaborative platform for knowledge sharing.

The 'Jaipur Declaration' includes various waste stream targets, resource efficiency goals, and sustainable material consumption strategies. It also addresses issues related to the informal sector, gender equality, and labor conditions, while outlining implementation strategies, partnerships, technology transfer, funding mechanisms, and research and development initiatives.

In his concluding remarks via video conferencing, Union Minister Manohar Lal emphasised that the 'Jaipur Declaration' is a testament to the shared commitment of UN Member States toward a circular transition.

He stated that, though not legally binding, this decadal declaration will guide India and other Asia-Pacific nations towards sustainability.

He also highlighted India's leadership in forming the Coalition of Cities for Circularity (C-3) and invited all UN Member States to join. Tokhan Sahu, Minister of State, Ministry of Housing and Urban Affairs, described the forum as a historic event, underscoring the necessity of the 3R principles (Reduce, Reuse, Recycle) and the circular economy.

Professor Amit Kapur, Chair of the Institute for Competitiveness at Stanford University, delivered a special address on circular waste management solutions for the Maha Kumbh in Prayagraj, presenting preliminary findings on sustainable waste management practices.

The forum saw high-level participation, with Union Minister for Housing and Urban Affairs Manohar Lal inaugurating the event alongside

Ministers from Rajasthan, Madhya Pradesh, Uttarakhand, and Haryana. Ministers from Japan, the Solomon Islands, Tuvalu, and the Maldives attended in person.

The event welcomed 800 delegates from 33 Indian States and Union Territories, 15 ministries, the private sector, and technical institutions. Representation included 75 cities (9 international and 66 Indian cities). A total of 120 speakers contributed across 29 plenary sessions, 10 thematic sessions, six country breakout sessions, and seven side events.

A virtual platform was also created for broader participation. Key announcements at the opening session aligned with India's commitment to sustainability.

The Prime Minister's message emphasised India's Pro Planet People (P-3) approach. To further this initiative, the Coalition of Cities for Circularity (C-3) was introduced as a multi-stakeholder and multi-nation alliance, facilitating city-to-city collaboration and private sector participation via a digital platform.

Additionally, a significant milestone was achieved with the launch of CITIIS 2.0, a Union Cabinet-approved program. Agreements worth Rs 1,800 crore were signed under this initiative for integrated waste management and climate action in 18 cities across 14 states.

जयपुर डिक्लेरेशन के साथ सर्कुलर इकोनॉमी फोरम का समापन: 24 एशिया-प्रशांत देशों के सरकारी अधिकारी, विशेषज्ञ और निजी क्षेत्र के प्रतिनिधि हुए शामिल

जयपुर 16 घंटे पहले

जयपुर डिक्लेरेशन' की घोषणा के साथ तीन दिवसीय 12 वें रीजनल 3 आर और सर्कुलर इकोनॉमी फोरम इन एशिया एंड द पैसिफिक का समापन हुआ। केंद्रीय मंत्री मनोहर लाल खट्टर ने बुधवार को 12 वें रीजनल 3 आर और सर्कुलर इकोनॉमी फोरम इन एशिया एंड द पैसिफिक के समापन पर 'जयपुर डिक्लेरेशन' की घोषणा की। उन्होंने कहा कि यह डिक्लेरेशन सर्कुलर इकोनॉमी को बढ़ावा देने की दिशा में बड़ा कदम है। उन्होंने भारत की ओर से C-3 (Cities Coalition for Circularity) गठबंधन के प्रस्ताव को भी एक महत्वपूर्ण पहल बताया।

फोरम में 35 देशों के 1000 से ज्यादा प्रतिनिधियों ने हिस्सा लिया, जिसमें 24 एशिया-प्रशांत देशों के सरकारी अधिकारी, विशेषज्ञ और निजी क्षेत्र के प्रतिनिधि शामिल रहे।

भारत सरकार के आवास एवं शहरी मामलों के राज्य मंत्री तोखन साहू ने समापन के अवसर पर कहा कि एशिया और प्रशांत क्षेत्र के लिए यह क्षेत्रीय 3 आर और सर्कुलर इकोनॉमी फोरम एक ऐतिहासिक अवसर रहा है। उन्होंने बताया - पिछले तीन दिनों में हमने पर्यावरण संरक्षण, संसाधनों के सतत उपयोग और अपशिष्ट प्रबंधन के माध्यम से एक बेहतर भविष्य की दिशा में कई महत्वपूर्ण चर्चाएं और विचार-विमर्श किए हैं। आज के समय में रिड्यूस, रीयूज, रीसाइकिल और सर्कुलर इकोनॉमी की अवधारणा केवल एक विकल्प नहीं बल्कि एक आवश्यकता बन चुकी है।

हमारे प्रयासों से ही हम प्रकृति और मानवता के बीच संतुलन बना सकते हैं। इस फोरम के दौरान विशेषज्ञों से मिली जानकारी और विभिन्न प्रदर्शनियों में सर्कुलर इकोनॉमी के व्यावहारिक अनुप्रयोगों को देखने-समझने का अवसर मिला।

उन्होंने कहा कि प्रधानमंत्री के नेतृत्व में सिटीज 2.0 के तहत शहरों को बेहतर बनाने के लिए प्रभावी और सफल मॉडल विकसित करने में मदद मिलेगी। साहू ने राजस्थान सरकार, जयपुर प्रशासन और सभी आयोजकों को धन्यवाद दिया और कहा कि इस फोरम से प्राप्त ज्ञान और प्रेरणा को सभी को अपने-अपने देश और समुदायों तक ले जाना होगा, ताकि आने वाली पीढ़ियों के लिए एक स्थायी और समृद्ध भविष्य सुनिश्चित किया जा सके।

(समापन के अवसर पर आवास एवं शहरी मामलों के राज्य मंत्री तोखन साहू, राजस्थान सरकार के यूडीएच मिनिस्टर झाबर सिंह खन्ना मौजूद रहे।)

जयपुर डिक्लेरेशन: सर्कुलर इकोनॉमी को बढ़ावा देने की योजना

फोरम के आखिरी दिन सदस्य देशों ने सर्वसम्मति से 'जयपुर डिक्लेरेशन' को अपनाया। इसमें सर्कुलर इकोनॉमी को मजबूत करने और वेस्ट मैनेजमेंट को बेहतर बनाने के लिए 10 साल की रणनीति तय की गई है।

डिक्लेरेशन के प्रमुख बिंदु:

C-3 (Cities Coalition for Circularity): सर्कुलर इकोनॉमी को लेकर शहरों के बीच सहयोग बढ़ाने के लिए नया वैश्विक गठबंधन।

कचरा प्रबंधन और रिसाइकलिंग: अलग-अलग तरह के वेस्ट मैनेजमेंट के लिए सर्कुलर इकोनॉमी के लक्ष्य तय किए गए।

ग्रीन टेक्नोलॉजी और संसाधन दक्षता: सस्टेनेबल मटेरियल्स और ऊर्जा के बेहतर इस्तेमाल पर जोर।

सस्टेनेबल फाइनेंसिंग: पर्यावरण से जुड़ी योजनाओं के लिए फंडिंग और तकनीकी सहयोग बढ़ाने पर सहमति।

समावेशिता: अनौपचारिक क्षेत्र, लैंगिक समानता और श्रम अधिकारों को भी ध्यान में रखा गया।

उत्तर और सर्कुलर इकोनॉमी फोरम में 35 देशों के प्रतिनिधियों ने पार्टिसिपेट किया।

18 शहरों को सुपर क्लीन सिटी बनाने की योजना

फोरम के पहले दिन केंद्रीय मंत्री मनोहर लाल खट्टर की अध्यक्षता में CITIIS 2.0 की साइनिंग सेरेमनी हुई। इस योजना के तहत 1800 करोड़ रुपए की लागत से 18 शहरों को सुपर क्लीन सिटी बनाने का निर्णय लिया गया।

2050 तक 1 करोड़ नई नौकरियों की संभावना

कार्यक्रम के दूसरे दिन केंद्रीय वन एवं पर्यावरण मंत्री भूपेंद्र यादव ने बताया कि भारत में 2050 तक सर्कुलर इकोनॉमी से 1 करोड़ नई नौकरियां पैदा होने की संभावना है।

भारत ने C-3 गठबंधन में नेतृत्व करने की बात कही

मनोहर लाल खट्टर ने वीडियो कॉन्फ्रेंसिंग के जरिए बताया- जयपुर डिक्लेरेशन एशिया-प्रशांत क्षेत्र के देशों को सर्कुलर इकोनॉमी की दिशा में आगे बढ़ाने में मदद करेगा। भारत इस दिशा में लीडरशिप निभाएगा और C-3 गठबंधन के जरिए सभी देशों को इससे जोड़ने का प्रयास करेगा।'

आवास एवं शहरी मामलों के राज्य मंत्री तोखन साहू ने कहा कि यह फोरम पर्यावरण संरक्षण, संसाधनों के सतत उपयोग और वेस्ट मैनेजमेंट पर विचार-विमर्श का बड़ा मंच बना।

फोरम में बड़ी भागीदारी

इस फोरम में 24 एशिया-प्रशांत देशों के सरकारी अधिकारी, विशेषज्ञ और निजी क्षेत्र के प्रतिनिधि शामिल हुए।

75 शहरों (9 अंतरराष्ट्रीय और 66 भारतीय शहर) से प्रतिनिधित्व रहा।

120 वक्ताओं ने 29 मुख्य सत्र, 10 थीमेटिक सेशन, 6 कंट्री ब्रेकआउट सेशन और 7 साइड इवेंट में भाग लिया।

भारत के 33 राज्यों और केंद्र शासित प्रदेशों के 800 से ज्यादा प्रतिनिधि मौजूद रहे।

जयपुर में होगा 12वें क्षेत्रीय आर और सर्कुलर इकोनॉमी फोरम का आयोजन

एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय आर और सर्कुलर इकोनॉमी फोरम की मेजबानी के लिए जयपुर तैयार

एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी के लिए जयपुर तैयार

जयपुर (कांस)। एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी के लिए जयपुर पूरी तरह तैयार है।

यह फोरम 3 से 5 मार्च 2025 तक राजस्थान इंटरनेशनल सेंटर में आयोजित किया जाएगा। 'एशिया-प्रशांत क्षेत्र में सतत विकास के लक्ष्यों और कार्बन तटस्थता प्राप्त करने की दिशा में सर्कुलर सोसायटियों को आकार देना' संबंधी विषय पर केंद्रित यह कार्यक्रम सर्कुलर इकोनॉमी से जुड़े प्रयासों को आगे बढ़ाने पर चर्चा करने के लिए वैश्विक नेतृत्व और अंतरराष्ट्रीय विशेषज्ञों को एक साथ लाएगा।

केंद्रीय आवासन और शहरी कार्य राज्य मंत्री तोखन साहू ने आज जयपुर में आयोजित संवाददाता सम्मेलन को संबोधित करते हुए बताया कि गृहश्रम द्वारा 2009 में शुरू किए गए क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का उद्देश्य एशिया-प्रशांत क्षेत्र में सरकारी अधिकारियों को 3आर (रिड्यूस, रीयूज,

रीसाइकल करना) और परिणाम 'जयपुर डिक्लेरेशन' सर्कुलैरिटी को मुख्यधारा में लाने के लिए रणनीतिक नीतिगत इनपुट प्रदान करना है। साथ ही, यह फोरम 3आर में सर्वोत्तम प्रथाओं को प्रसारित करने और सभी के साथ साझा करने के लिए एक मंच के रूप में भी कार्य करेगा। पिछला फोरम 2023 में कंबोडिया द्वारा आयोजित किया गया था। भारत ने इससे पहले 2018 में फोरम की मेजबानी की थी, जब इसका 8वां संस्करण इंदौर में आयोजित किया गया था।

केंद्रीय आवासन एवं शहरी कार्य राज्य मंत्री तोखन साहू ने बताया कि 12वें क्षेत्रीय फोरम का एक महत्वपूर्ण सकारात्मक

परिणाम 'जयपुर डिक्लेरेशन' होगा, जिसे समापन के दिन अपनाया जाएगा। 2025-34 की अवधि के लिए इस दशकोष घोषणा का उद्देश्य, इस फोरम में शामिल होने वाले देशों को 3आर और सर्कुलर इकोनॉमी संबंधी नीतियों और ठससे जुड़े कार्यक्रमों को विकसित करने के लिए एक रूपरेखा प्रदान करना होगा। यह एक 'लॉनिंगर टेक-मेक-डिस्गोज इकोनॉमी से एक सर्कुलर इकोनॉमी' में परिवर्तन लाने में सभी को सक्षम बनाएगा। जयपुर डिक्लेरेशन, हनोई डिक्लेरेशन (2013-23) पर आधारित है और यह स्वीच्छक व कानूनी रूप से गैर-बाध्यकारी समझौता है।

Circular economy forum -in Jaipur from March 3 to

Circular economy forum in Jaipur from March 3 to 5

TIMES NEWS NETWORK

Jaipur: The Pink City is set to host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific from March 3-5.

The event, focused on the theme of "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific," will bring together global leaders and international experts to drive discussions on advancing circular economy practices.

Tokhan Sahu, Union MoS for Housing and Urban Affairs, and state minister for Urban Development and LSG Jhahbar Singh Kharya highlighted the role of the forum in strengthening the efforts of Rajasthan in the circular economy sector.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to govt authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle). The last forum was hosted by Cambodia in 2023.

Sahu said an important takeaway of the 12th Regional Forum will be the 'Jaipur Declaration', which will be adopted on the closing day. The decadal declaration, for the period of 2025-34, will aim to provide participating countries with a framework for developing 3R and circular economy policies and programs.

The Jaipur Declaration builds upon the Hanoi Declaration (2013-23) and is a voluntary and legally non-binding agreement. Sahu informed that another standout feature of the 12th Forum is the 'India Pavilion', which will showcase India's initiatives and achievements in the 3R and circular economy domain.

The pavilion will feature exhibitions from 15 key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development. It will also serve as a hub for interactive knowledge-sharing.

Agreements for 18 cities will be signed to activate the CITHS 2.0 program, which includes integrated waste management projects.

CITHS 2.0, a Union Cabinet-approved program in 2023, aims to promote a circular economy with focus on integrated waste management by providing financial and technical support to projects. These 18 Smart Cities were selected through a challenge process. Out of these 18 cities, 2 cities- Jaipur and Udaipur have been selected under CITHS 2.0.

Union minister Tokhan Sahu (left) and Rajasthan UDM minister Jhahbar Singh Kharya announce details of the event in Jaipur on Thursday

| एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी के लिए जयपुर तैयार

27 Feb 2025 18:01:31

जयपुर, 27 फरवरी (हि.स.): एशिया और प्रशांत क्षेत्र के 12वें क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम की मेजबानी के लिए जयपुर पूरी तरह तैयार है। यह फोरम 3 से 5 मार्च 2025 तक राजस्थान इंटरनेशनल सेंटर में आयोजित किया जाएगा। 'एशिया-प्रशांत क्षेत्र में सतत विकास के लक्ष्यों और कार्बन तटस्थता प्राप्त करने की दिशा में सर्कुलर सोसायटियों को आकार देना' संबंधी विषय पर केंद्रित यह कार्यक्रम सर्कुलर इकोनॉमी से जुड़े प्रयासों को आगे बढ़ाने पर चर्चा करने के लिए वैश्विक नेतृत्व और अंतरराष्ट्रीय विशेषज्ञों को एक साथ लाएगा। फोरम में संपूर्ण सत्रों के आयोजन सहित देशों पर आधारित विशिष्ट चर्चाएं, थीम-आधारित राउंडटेबल सम्मेलन, साथ ही अनुभव साझा करने के लिए नॉलेज-शेयरिंग और नेटवर्किंग के अवसर भी शामिल होंगे। प्रतिनिधियों को जयपुर में प्रमुख ठोस एवं तरल अपशिष्ट प्रबंधन सुविधाओं के साथ-साथ पुरातन स्थलों के दौरों का भी अवसर मिलेगा।

केंद्रीय आवासन और शहरी कार्य राज्य मंत्री तोखन साहू ने बताया कि यूएनसीआरडी द्वारा 2009 में शुरू किए गए क्षेत्रीय 3आर और सर्कुलर इकोनॉमी फोरम का उद्देश्य एशिया-प्रशांत क्षेत्र में सरकारी अधिकारियों को 3 आर (रिड्यूस, रीयूज, रीसाइकिल करना) और सर्कुलरिटी को मुख्यधारा में लाने के लिए रणनीतिक नीतिगत इनपुट प्रदान करना है। साथ ही, यह फोरम 3आर में सर्वोत्तम प्रयासों को प्रसारित करने और सभी के साथ साझा करने के लिए एक मंच के रूप में भी कार्य करेगा। पिछला फोरम 2023 में कंबोडिया द्वारा आयोजित किया गया था। भारत ने इससे पहले 2018 में फोरम की मेजबानी की थी, जब इसका 8वां संस्करण इंदौर में आयोजित किया गया था।

केंद्रीय आवासन एवं शहरी कार्य राज्य मंत्री तोखन साहू ने बताया कि 12वें क्षेत्रीय फोरम का एक महत्वपूर्ण सकारात्मक परिणाम 'जयपुर डिक्लेरेशन' होगा, जिसे समापन के दिन अपनाया जाएगा। 2025-34 की अवधि के लिए इस दशकीय घोषणा का उद्देश्य, इस फोरम में शामिल होने वाले देशों को 3आर और सर्कुलर इकोनॉमी संबंधी नीतियों और उससे जुड़े कार्यक्रमों को विकसित करने के लिए एक रूपरेखा प्रदान करना होगा। यह एक 'लीनिंगर टेक-मेक-डिस्पोज इकोनॉमी से एक सर्कुलर इकोनॉमी में परिवर्तन लाने में सभी को सक्षम बनाएगा। जयपुर डिक्लेरेशन, हनोई डिक्लेरेशन (2013-23) पर आधारित है और यह स्वेच्छिक व कानूनी रूप से गैर-बाध्यकारी समझौता है। सम्मेलन का कर्टेन रेजर 24 फरवरी 2025 को नई दिल्ली में केंद्रीय आवासन और शहरी कार्य मंत्री मनोहर लाल ने किया।

उन्होंने यह भी बताया कि 12वें फोरम की एक और खास विशेषता 'इंडिया पैवेलियन' है, जो 3आर और सर्कुलर इकोनॉमी क्षेत्र में भारत की उल्लेखनीय पहलों और उपलब्धियों को प्रदर्शित करेगा। इस पैवेलियन में 15 प्रमुख मंत्रालयों और राष्ट्रीय मिशनों की प्रदर्शिनियां होंगी, जो सतत विकास के लिए भारत के समग्र सरकारी दृष्टिकोण को दर्शाती हैं। यह 'मंत्री-स्तरीय संवाद', 'महापौर संवाद' और 'नीति संवाद' जैसे सत्रों के साथ इंटरैक्टिव नॉलेज-शेयरिंग के लिए एक केंद्र के रूप में भी काम करेगा।

राजस्थान सरकार में नगरीय विकास विभाग एवं स्वायत्त शासन विभाग के राज्य मंत्री (स्वतंत्र प्रभार) झाबर सिंह खर्रा ने बताया कि उनका विभाग फोरम की तैयारियों में सक्रिय रूप से सहयोग कर रहा है। विभाग तीन दिवसीय सम्मेलन के दौरान विभिन्न सत्रों में भी भाग लेगा। उन्होंने यह भी बताया कि जयपुर की 11 केस स्टडीज भी 3आर और सर्कुलर इकोनॉमी पर 100 सर्वश्रेष्ठ अभ्यास पुस्तिका के संग्रह का हिस्सा हैं। इस पुस्तिका का विमोचन फोरम के दौरान किया जाएगा।

12वें क्षेत्रीय फोरम का नेतृत्व आवासन एवं शहरी कार्य मंत्रालय के स्वच्छ भारत मिशन-शहरी द्वारा जापान के पर्यावरण मंत्रालय, यूएन एस्केप, यूएनसीआरडी, यूएनडीएसडीजी और यूएनडीईएसए के सहयोग से किया जा रहा है, जिसमें राजस्थान सरकार की सहयोगी भूमिका निभा रही है। राजधानी जयपुर में आयोजित होने वाले तीन दिवसीय सम्मेलन में 500 से अधिक अंतरराष्ट्रीय और घरेलू प्रतिभागियों के भाग लेने की उम्मीद है।

जयपुर के लोगों को इस अंतराष्ट्रीय फोरम में शामिल करने और सामुदायिक स्तर पर 3आर और सर्कुलर प्रयासों को प्रेरित करने के लिए, शहर के प्रमुख स्थानों पर इंटरैक्टिव गतिविधियों का आयोजन किया जाएगा। छात्रों सहित अन्य इच्छुक लोग भी ऑनलाइन फोरम में शामिल हो सकेंगे और तीनों दिनों में उच्च स्तरीय चर्चाओं से जानकारी प्राप्त कर सकेंगे।

Circular economy forum in Jaipur from March 3 to 5

TNN / Feb 28, 2025, 02:11 IST

Jaipur: The Pink City is set to host the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific from March 3-5.

The event, focused on the theme of "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific," will bring together global leaders and international experts to drive discussions on advancing circular economy practices.

Tokhan Sahu, Union MoS for Housing and Urban Affairs, and state minister for Urban Development and LSG Jhabhar Singh Kharra highlighted the role of the forum in strengthening the efforts of Rajasthan in the circular economy sector.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to govt authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle). The last forum was hosted by Cambodia in 2023.

Sahu said an important takeaway of the 12th Regional Forum will be the 'Jaipur Declaration', which will be adopted on the closing day. The decadal declaration, for the period of 2025-34, will aim to provide participating countries with a framework for developing 3R and circular economy policies and programs.

The Jaipur Declaration builds upon the Hanoi Declaration (2013-23) and is a voluntary and legally non-binding agreement.

Sahu informed that another standout feature of the 12th Forum is the 'India Pavilion', which will showcase India's initiatives and achievements in the 3R and circular economy domain.

The pavilion will feature exhibitions from 15 key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development. It will also serve as a hub for interactive knowledge-sharing.

Agreements for 18 cities will be signed to activate the CITIIS 2.0 program, which includes integrated waste management projects. CITIIS 2.0, a Union Cabinet-approved program in 2023, aims to promote a circular economy with focus on integrated waste management by providing financial and technical support to projects.

These 18 Smart Cities were selected through a challenge process. Out of these 18 cities, 2 cities- Jaipur and Udaipur have been selected under CITIIS 2.0.

More than 500 participants to attend 12th Regional 3R and Circular Economy Forum in Jaipur

PTI | Updated: February 27, 2025 20:32 IST

Jaipur, Feb 27 (PTI) More than 500 international and domestic participants are expected to attend the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific to be organised here at the Rajasthan International Centre from March 3-5.

The event will focus on the theme of 'Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific'. It will bring together global leaders and international experts to drive discussions on advancing circular economy practices, an official release said.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R. The last Forum was hosted by Cambodia in 2023. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

While addressing reporters here, Tokhan Sahu, Union Minister of State for Housing and Urban Affairs, said that an important takeaway of the 12th Regional Forum will be the 'Jaipur Declaration', which will be adopted on the closing day.

The decadal declaration, for the period of 2025-34, will aim to provide participating countries with a framework for developing 3R and circular economy policies and programs. This will enable a shift from a linear 'take-make-dispose' economy to a circular economy. The Jaipur Declaration builds upon the Hanoi Declaration (2013-23) and is a voluntary and legally non-binding agreement.

Sahu also informed that another feature of the 12th Forum is the 'India Pavilion', which will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from 15 key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

The 12th Regional Forum is being spearheaded by the Swachh Bharat Mission-Urban of the Ministry of Housing and Urban Affairs, in collaboration with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSGD, and UNDESA, with support from the Government of Rajasthan. More than 500 international and domestic participants are expected to attend the three-day conference in the capital city.

Jhabhar Singh Kharra, State Minister (Independent Charge) of Urban Development and Local Self Government, Rajasthan informed that his department has been actively supporting the preparations of Forum. The Department will also engage in various sessions during the 3-day conference.

He also informed that 11 case studies from Jaipur are also a part of a compendium of 100 best practices booklet on 3R & Circular Economy. This booklet will be released during the Forum.

12th Regional 3R & Circular Economy Forum in Jaipur

By Rediff Money Desk, Jaipur Feb 27, 2025 20:17

Over 500 participants from across the globe will attend the 12th Regional 3R and Circular Economy Forum in Jaipur, focusing on realizing circular societies and achieving SDGs.

Jaipur, Feb 27 (PTI) More than 500 international and domestic participants are expected to attend the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific to be organised here at the Rajasthan International Centre from March 3-5.

The event will focus on the theme of 'Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific'. It will bring together global leaders and international experts to drive discussions on advancing circular economy practices, an official release said.

Launched by UNCRD in 2009, the Regional 3R and Circular Economy Forum aims to provide strategic policy inputs to government authorities in the Asia-Pacific region for mainstreaming 3R (reduce, reuse, recycle) and circularity and serve as a platform for disseminating and sharing best practices in 3R. The last Forum was hosted by Cambodia in 2023. India has previously hosted the Forum in 2018, when the 8th edition was held in Indore.

While addressing reporters here, Tokhan Sahu, Union Minister of State for Housing and Urban Affairs, said that an important takeaway of the 12th Regional Forum will be the 'Jaipur Declaration', which will be adopted on the closing day.

The decadal declaration, for the period of 2025-34, will aim to provide participating countries with a framework for developing 3R and circular economy policies and programs. This will enable a shift from a linear 'take-make-dispose' economy to a circular economy. The Jaipur Declaration builds upon the Hanoi Declaration (2013-23) and is a voluntary and legally non-binding agreement.

Sahu also informed that another feature of the 12th Forum is the 'India Pavilion', which will showcase India's remarkable initiatives and achievements in the 3R and circular economy domain. This Pavilion will feature exhibitions from 15 key line ministries and national missions, reflecting India's whole-of-government approach to sustainable development.

The 12th Regional Forum is being spearheaded by the Swachh Bharat Mission-Urban of the Ministry of Housing and Urban Affairs, in collaboration with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSOG, and UNDESA, with support from the Government of Rajasthan. More than 500 international and domestic participants are expected to attend the three-day conference in the capital city.

Jhabhar Singh Kharra, State Minister (Independent Charge) of Urban Development and Local Self Government, Rajasthan informed that his department has been actively supporting the preparations of Forum. The Department will also engage in various sessions during the 3-day conference.

He also informed that 11 case studies from Jaipur are also a part of a compendium of 100 best practices booklet on 3R & Circular Economy. This booklet will be released during the Forum.

Over 500 Participants Expected at the 12th Regional 3R and Circular Economy Forum in Jaipur

By Swati Nair | Updated: Thursday, February 27, 2025, 20:33 [IST]

More than 500 participants from around the world and within India are anticipated at the 12th Regional 3R and Circular Economy Forum in Asia and the Pacific. Scheduled from March 3-5, the event will take place at the Rajasthan International Centre. The forum will focus on "Realizing Circular Societies Towards Achieving SDGs and Carbon Neutrality in Asia-Pacific," aiming to foster discussions on advancing circular economy practices.

The Swachh Bharat Mission-Urban, under the Ministry of Housing and Urban Affairs, is leading the organisation of this forum. Collaborating with Japan's Ministry of the Environment, UN ESCAP, UNCRD, UNDSOG, and UNDESA, they have support from the Government of Rajasthan. The event promises to be a significant gathering for sharing insights and strategies.

Focus on Circular Economy

The Regional 3R and Circular Economy Forum, initiated by UNCRD in 2009, aims to guide government authorities in Asia-Pacific on integrating 3R principles—reduce, reuse, recycle—and circularity into policies. It serves as a platform for exchanging best practices. The previous forum was held in Cambodia in 2023, while India last hosted it in Indore in 2018.

Union Minister of State for Housing and Urban Affairs, Tokhan Sahu, highlighted that a key outcome of this year's forum will be the Jaipur Declaration. This declaration will be adopted on the final day and will provide a framework for developing 3R and circular economy policies from 2025 to 2034. It builds upon the Hanoi Declaration (2013-23) and is voluntary and non-binding.

India's Initiatives Showcased

An India Pavilion will be featured at the forum, showcasing India's significant achievements in the 3R and circular economy sectors. This pavilion will include exhibitions from 15 key line ministries and national missions, demonstrating India's comprehensive approach to sustainable development.

Jhabhar Singh Kharra, State Minister Independent Charge of Urban Development and Local Self Government in Rajasthan, stated that his department is actively supporting the forum's preparations. They will participate in various sessions during the three-day conference.

Case Studies and Best Practices

A compendium featuring 100 best practices on 3R & Circular Economy will be released during the forum. This booklet includes 11 case studies from Jaipur, highlighting successful implementations of these principles.

The event aims to transition economies from a linear take-make-dispose model to a more sustainable circular economy. By bringing together global leaders and experts, it seeks to drive meaningful discussions on achieving carbon neutrality through circular societies.

<p>As stated by PM Narendra Modi, "The mantra of '3R' is at the heart of any vision towards the sustainable development of mankind."</p>	<p>https://x.com/MIB_India/status/1894281441078611968</p> <p>https://www.facebook.com/inbministry/posts/pfbid0ugnCFMBnSEzuaELY3GSNFbvAsJX766Ca5w4cYPB5FSDTFcsbrJy44aUajEfNRG9HI</p> <p>https://www.instagram.com/p/DGfJ0cPOwOo/</p> <p>https://whatsapp.com/channel/0029Va4wg1uLNSa6sTF0zk3f/6578</p>

The correct answer is (B)
Reduce, Reuse, Recycle

The 2030 Agenda for Sustainable Development provides a shared blueprint for peace & prosperity for people & the planet, now and into the future. At its heart are the Sustainable Development Goals (SDGs).

Retweets of Other Handles

Screenshots	Handles
 <p>The screenshot shows a tweet from the handle @PIBHindi, posted 3 hours ago. The tweet is in Hindi and mentions that India will host the 12th Asia-Pacific Regional Circular Economy Forum in Jaipur. It highlights that over 500 international and domestic participants are expected, and a dedicated 'India Pavilion' will be set up at the forum's theme park. Below the text are two side-by-side photographs: the left one shows a panel discussion with three men on a stage, and the right one shows three men standing together, each holding a certificate or award.</p>	<p>@PIBHindi</p>
