

Ecoman Enviro Solutions Pvt. Ltd.

Ecoman Enviro Solutions Pvt. Ltd. in the field of Decentralized Solid Waste Management is manufacturing advanced composting machine – “FOODIE” and Battery operated road sweeping machines – “Esweeper”. Ecoman’s product line serves residential, commercial & institutional clients. Ecoman was established in 2009, having its head office at Talawade, Pune, India. Our organic waste composting machine / system has been appreciated by many Central Ministries, Municipal Corporations and other prestigious institutions.

Some of our prestigious clients include the Taj Group of Hotels, Hyatt, Lemon Tree, Raintree, Victor Hotels & Motels Ltd, Deltin Casino Royale, Hyundai Motors India Ltd, Welspun, BITS Pilani, K.Raheja, DSK, NTPC, L& T Infotech, Mindtree, Pune Municipal Corporation, PCMC, Coimbatore Municipal Corporation etc.

‘FOODIE’ processes any organic waste and converts into compost within 24hrs at source (in own ward, locality, vegetable market, township etc.)

Special Features of FOODIE:

1. Fully automatic & highly compact
2. Waste to compost in 24hrs - processes any organic waste like vegetable curry, roti, bread, egg-shells, chicken bones, fish, fruit peels, garden waste, etc and converts into high quality compost in 24 hours with 90% volume reduction.
3. Noiseless, odorless and low maintenance.
4. Satisfies 3R Principle: Reduces garbage at source, Recycles garbage into compost and Reuse compost for farming & gardening.
5. Helps in creating zero garbage cities

Various models:

Residential – 3, 5 & 10 kg/day (processing capacity)

Commercial – 25, 75, 125, 250, 500 kg/day (processing capacity)

Institutional Clients – 1000, 2500, 3000, 5000 kg/day (processing capacity)
